Award Description*

Ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youth. ARRA EHCY funds were distributed in two ways: first, as supplemental funding to school districts with existing Homeless Education grants; and second, through formula grants to new school district grantees to serve those with the greatest number of identified homeless students. Emphasis is placed on assisting homeless students to achieve successful outcomes in school. No ARRA funds were used for state wide activities already supported by regular McKinney Vento funding and no ARRA funds were used for administrative activities.

Quarterly Activities/Project Description*
Ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youth. ARRA EHCY funds were distributed in two ways: first, as supplemental funding to school districts with existing Homeless Education grants to compensate for a reduction in regular McKinney Vento funding; and second, through formula grants to new school district grantees to serve those with the greatest number of identified homeless students. Emphasis is placed on assisting homeless students to achieve successful outcomes in school. No ARRA funds were used for state wide activities already supported by regular McKinney Vento funding and no ARRA funds were used for administrative activities. Quarterly activities conducted by grantees to support homeless students include after school tutoring, transportation to school and school related activities, provision of school supplies, and counseling, Progress toward successful outcomes is defined by the number of homeless students identified and served, as well as the success of homeless students as measured by improvement in their scores on standardized tests compared to other non homeless students. During the last school year, increases in the number of homeless students identified and served was noted statewide. Also, school district grantees reported progress in raising achievement test scores for their homeless students. These performance measures will be re-examined at the end of the current school year.
