Changes to TREX Version 3.9

Section 1 – Overview

References to the TEA Secure Access Portal TEASE have been changed to reference the new secure access portal TEAL.
Added appropriate references to STAAR end-of-course assessments for transcript requirements.

Section 2 - Data Elements

New Data Elements

Changes to Existing Data Elements

Page 2.8 Special Instructions updated to include the STAAR EOC date format distinction.

Common Name	XML Name	Complex Type
ASSESSMENT-DATE	TestDate	AssessmentType
Definition		
ASSESSMENT-DATE is the date (month and year) on which an assessment instrument or test was taken by the student. (This is also known as the Administration Date.)		
Special Instructions		
If the assessment date is included, then a test name and either a score or score code should be present. Exit-level TAKS data are required for the high school transcript. For STAAR EOC, mm value 13 indicates Fall, 14 indicates Winter, 15 indicates Spring and 16 indicates Summer testing windows.

Page 2.9 Added Domain of Values information to exclude codes 41-52 and 71-76.

Common Name	XML Name	Complex Type
ASSESSMENT-NAME	TestName	AssessmentType
Definition		
ASSESSMENT-NAME is the name of the assessment instrument or test taken by the student.		
Special Instructions		
If an assessment date and score are present, then the test name is required to be entered as well. If assessment name is provided, then the test date and test score or test code are required. May be repeated for each assessment. If assessment name is provided, then AdditionalTestName must be blank within each assessment. Exit-level TAKS data appears on the student record, and will be transmitted electronically to colleges and universities through SPEEDE if provided.

New XML elements

Page 4.14 Add STAAR-PERFORMANCE-LEVEL

STAAR Performance Level	PerformanceLevel	String	• Optional Element • May be repeated for each assessment. • If provided, then TestName or AdditionalTestName and TestDate are required. • Maximum length of a single character. • The only acceptable values are listed in Code Table TC31.

Changes to existing XML elements

Page 4.13 The definition has changed to include the STAAR EOC date format distinction.

Assessment Date	TestDate	Date	• Optional element. • May be repeated for each assessment. • If provided, then TestName and TestScore or Test Code are required. • Maximum length of seven characters. • The date type implements an ISO data type in the form of yyyy-mm. • The only acceptable value is a valid date with a minimum value greater than or equal to 1957-01 and less than 2040-01. • For STAAR EOC, mm value 14 indicates Winter, 15 indicates Spring and 16 indicates Summer testing windows.
