Item 20:

2011-2014 Rule Review Plan for State Board for Educator Certification Rules

INFORMATION ONLY

SUMMARY: This item outlines the rule review plan for State Board for Educator Certification (SBEC) rules during the period of 2011 through 2014. Texas Government Code, §2001.039, requires a rule review of existing state agency rules, including SBEC rules. The rule review requirement is designed to ensure that the reasons for initially adopting a rule continue to exist.

BACKGROUND INFORMATION AND SIGNIFICANT ISSUES: Senate Bill (SB) 178, 76th Texas Legislature, 1999, amended the Texas Government Code by adding §2001.039, which requires the review of existing state agency rules. The rule review requirement in Texas Government Code, §2001.039, is designed to ensure that "the reasons for adopting or readopting the rule continue to exist."

The 2011-2014 Rule Review Plan for SBEC Rules reflected in Attachment I is organized into four clusters. Rules concerning investigations and educator certification will be reviewed in 2011. In 2012, rules relating to educator preparation programs, including the accountability system for educator preparation programs, and principal and superintendent certification will be reviewed. Rules relating to student services certificates, training for appraisers, and certification of educators from other countries will be reviewed in 2013, while rules concerning educators' code of ethics and general administration will be reviewed in 2014, the final year of this rule review cycle. Unless affected by future legislation, the SBEC rule review process will continue every four years.

The 2011-2014 Rule Review Plan for SBEC Rules was approved at the October 2010 SBEC meeting and appears on an ongoing basis in the information pages of each SBEC agenda.

Rule Review Procedures. *Texas Register* rules specify the following two-step review process to implement the rule review requirement found in the Texas Government Code, §2001.039:

1. a Notice of Proposed Review (Intention to Review) requesting comments on whether the reasons for adopting or readopting the rules continue to exist is published in the *Texas Register* (see example in Attachment II); and

2. a Notice of Adopted Review (Readoption) summarizing the public comments received in response to the notice of proposed review and providing an agency response to each comment and an assessment of whether the reasons for initially adopting the rules continue to exist is published in the *Texas Register* (see examples in Attachment II).

The rule review process for SBEC rules is illustrated in this item using three examples. These examples illustrate the following points: (1) If no amendments are proposed to a rule under review, there will be no proposal presented to the SBEC for amending the rule; and (2) If amendments are proposed, only those sections with amendments will be brought back for adoption subject to State Board of Education (SBOE) review (see SBEC rulemaking process in

Attachment III). Additional amendments to sections that were not filed as proposed will require a separate amendment process for those sections. Repealed rules are not subject to rule review.

Example 1. Rule Review with No Changes

June SBEC Meeting	Full Board (discussion)	Discussion item that briefly describes the rule, outlines issues to be considered, and specifies that no changes are being recommended.
	Texas Register	After the SBEC meeting, staff files Notice of Proposed Review (see Attachment II).
August SBEC Meeting	Full Board (adopt review)	Action item that presents comments received from Notice of Proposed Review and provides the SBEC the opportunity to propose any amendments to the rule. The SBEC authorizes filing of a Notice of Adopted Review, noting that no changes are being proposed to the rule as a result of the review.
	Texas Register	After the SBEC meeting, staff files Notice of Adopted Review that states the rule will continue to exist and no changes are being proposed (see Attachment II).
END OF REVIEW PROCESS (no item at October SBEC Meeting)
