**Training Module
Introduction**

This is an Introduction to the Training Modules.

Training Modules

- ▶ **Presenter**
 - The Texas Education Agency Division of Federal Fiscal Compliance and Reporting
- ▶ **Purpose**
 - Provide specific subject matter regarding the fulfillment of the Title I, Part A Comparability Requirement
- ▶ **Goal**
 - Provide a resource for LEAs to quickly reference in completing the Comparability Documentation

The presenter of the Title I, Part A – Comparability of Services Training Modules is the Compliance Unit in the Division of Federal Program Compliance. The Compliance Unit oversees the Comparability Requirement for the state, the review of the Comparability documentation submitted by the LEAs, and provides technical support to the LEAs during this process.

The purpose of the training modules is to provide specific subject matter directly to the LEAs, on an as needed bases, as the LEAs complete the comparability documentation.

The goal is to provide LEAs simple, on demand, resources which answer common comparability questions and address common comparability mistakes.

Training Modules

- ▶ **Format**
 - A series of narrative presentations addressing specific subjects
- ▶ **Topics**

The format is a series of “subject specific” training modules, consisting of a narrative PowerPoint presentation (just as we are doing at this moment). The modules allow the LEAs to just click on a subject and view, in most cases, a very brief “training” presentation on the specific subject matter.

The topics range from explaining what comparability is, to completing the assurance document. The list is still growing. Check back for revisions and additions as the Compliance unit will update, or add to, the resources to address common issues and questions.

Please keep in mind the modules are very specific to the subject being discussed. They will not deviate to explain another subject being referenced. For example, in the module regarding the comparability computation form, the module states to “select the proper grade span group”. The module will not explain grade span groups as the module is specific to the comparability computation form. LEAs should view the training module on grade span groupings for the information.

After viewing a module, if LEAs still have questions or concerns regarding the subject matter, please email the Division of Federal Program Compliance at the email indicated here on the slide.
