Statutory Citations Relating to Revisions to 19 TAC Chapter 101, Assessment, Subchapter DD, Commissioner's Rules Concerning Alternative Exit-Level Assessments

Texas Education Code, §39.023, Adoption and Administration of Instruments (excerpt):

- (c) The agency shall also adopt end-of-course assessment instruments for secondary-level courses in Algebra I, Algebra II, geometry, biology, chemistry, physics, English I, English II, English III, world geography, world history, and United States history. The Algebra I, Algebra II, and geometry end-of-course assessment instruments must be administered with the aid of technology. A school district shall comply with State Board of Education rules regarding administration of the assessment instruments listed in this subsection and shall adopt a policy that requires a student's performance on an end-of-course assessment instrument for a course listed in this subsection in which the student is enrolled to account for 15 percent of the student's final grade for the course. If a student retakes an end-of-course assessment instrument for a course listed in this subsection, as provided by Section 39.025, a school district is not required to use the student's performance on the subsequent administration or administrations of the assessment instrument to determine the student's final grade for the course. If a student is in a special education program under Subchapter A, Chapter 29, the student's admission, review, and dismissal committee shall determine whether any allowable modification is necessary in administering to the student an assessment instrument required under this subsection. The State Board of Education shall administer the assessment instruments. The State Board of Education shall adopt a schedule for the administration of end-of-course assessment instruments that complies with the requirements of Subsection (c-3).

Texas Education Code, §39.025, Secondary-Level Performance Required (excerpts):

- (a) The commissioner shall adopt rules requiring a student participating in the recommended or advanced high school program to be administered each end-of-course assessment instrument listed in Section 39.023(c) and requiring a student participating in the minimum high school program to be administered an end-of-course assessment instrument listed in Section 39.023(c) only for a course in which the student is enrolled and for which an end-of-course assessment instrument is administered. A student is required to achieve, in each subject in the foundation curriculum under Section 28.002(a)(1), a cumulative score that is at least equal to the product of the number of end-of-course assessment instruments administered to the student in that subject and a scale score that indicates satisfactory performance, as determined by the commissioner under Section 39.0241(a). A student must achieve a minimum score as determined by the commissioner to be within a reasonable range of the scale score under Section 39.0241(a) on an end-of-course assessment instrument for the score to count towards the student's cumulative score. For purposes of this subsection, a student's cumulative score is determined using the student's highest score on each end-of-course assessment instrument administered to the student. A student may not receive a high school diploma until the student has performed satisfactorily on the end-of-course assessment instruments in the manner provided under this subsection. This subsection does not require a student to demonstrate readiness to enroll in an institution of higher education.
- (a-1) The commissioner by rule shall determine a method by which a student's satisfactory performance on an advanced placement test, international baccalaureate examination, an SAT Subject Test, or another assessment instrument determined by the commissioner to

- be at least as rigorous as an end-of-course assessment instrument adopted under Section 39.023(c) may be used as a factor in determining whether the student satisfies the requirements of Subsection (a), including the cumulative score requirement of that subsection. The commissioner by rule may determine a method by which a student's satisfactory performance on a Preliminary Scholastic Assessment Test (PSAT) assessment or a preliminary American College Test (ACT) assessment may be used as a factor in determining whether the student satisfies the requirements of Subsection (a).
- (d) Notwithstanding Subsection (a), the commissioner by rule shall adopt one or more alternative nationally recognized norm referenced assessment instruments under this section to administer to a student to qualify for a high school diploma if the student enrolls after January 1 of the school year in which the student is otherwise eligible to graduate:
- (1) for the first time in a public school in this state; or
 - (2) after an absence of at least four years from any public school in this state.
- (f) The commissioner shall by rule adopt a transition plan to implement the amendments made by Chapter 1312 (S.B. No. 1031), Acts of the 80th Legislature, Regular Session, 2007, replacing general subject assessment instruments administered at the high school level with end-of-course assessment instruments. The rules must provide for the end-of-course assessment instruments adopted under Section 39.023(c) to be administered beginning with students entering the ninth grade during the 2011-2012 school year. During the period under which the transition to end-of-course assessment instruments is made:
- (1) for students entering a grade above the ninth grade during the 2011-2012 school year, the commissioner shall retain, administer, and use for purposes of accreditation and other campus and district accountability measures under this chapter the assessment instruments required by Section 39.023(a) or (c), as that section existed before amendment by Chapter 1312 (S.B. No. 1031), Acts of the 80th Legislature, Regular Session, 2007;
 - (2) a student subject to Subdivision (1) may not receive a high school diploma unless the student has performed satisfactorily on each required assessment instrument administered under Section 39.023(c) as that section existed before amendment by Chapter 1312 (S.B. No. 1031), Acts of the 80th Legislature, Regular Session, 2007; and
 - (3) the agency may defer releasing assessment instrument questions and answer keys as required by Section 39.023(e) to the extent necessary to develop additional assessment instruments.
