Career and Technical Education Coherent Sequences of Courses – Transportation, Distribution and Logistics

Principles of Transportation, Distribution and Logistics is the first course in all of the coherent sequences of courses in the Transportation, Distribution and Logistics cluster. Energy, Power and Transportation Systems is the second course in each coherent sequence.

- Principles of Transportation, Distribution and Logistics
  - o Energy, Power and Transportation Systems
    - Aircraft Technology
      - Advanced Aircraft Technology
    - Automotive Technology
      - Advanced Automotive Technology
    - Collision Repair and Refinishing
      - Advanced Collision Repair and Refinishing
    - Engine Technology
      - Advanced Engine Technology
    - Transportation Systems Management
      - Practicum in Transportation, Distribution and Logistics
    - Logistics, Planning and Management Systems
      - Practicum in Transportation, Distribution and Logistics
