Amendment No.

Texas Title I Priority Schools Grant

Schedule #4—Program Summary and Application Requirements

Part 1: Grant Program Information;

Summary of Program: Purpose and Goals

School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.

Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").

In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

Allowable Activities

Tier I and Tier II Grantees

- Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

Tier III Grantees

- Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model.
- If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements.

The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.

For TEA Use Only Adjustments and/or annotations made **TEXAS EDUCATION AGENCY** 015-915 on this page have been confirmed with Standard Application System (SAS) County-District No. by telephone/e-mail/FAX on School Years 2010-2013 Amendment No. of TEA. by ___ Texas Title I Priority Schools Grant Schedule #4—Program Requirements Part 2: Statutory Requirements Primary Component Where Requirement Description - Federal Statutory Requirements Described Comprehensive Needs The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each school and selected an intervention for Assessment 1 each school. Project Management—Capacity The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in Project Management—LEA the LEA's application in order to implement, fully and effectively, the required Support activities of the school intervention model it has selected. Project Management—Lack of If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve Capacity each Tier I school. Program Abstract The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the Intervention Model services the campus will receive or the activities the campus will implement. The LEA must describe actions it has taken, or will take, to recruit, screen, and Project Management-External Providers select external providers, if applicable, to ensure their quality. Project Management—Resource The LEA must describe actions it has taken, or will take, to align other resources Management with the interventions. 6 Program Budget Summary Project Management— The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully Management of Grant 7 Activities and effectively. The LEA must describe actions it has taken, or will take, to sustain the reforms Project Management—Program Continuation and after the funding period ends. Sustainability Project Management—Activity The LEA must include a timeline delineating the steps it will take to implement Timeline the selected intervention in each campus. The LEA must describe the annual goals for student achievement on the State's Performance Assessment and assessments in both reading/language arts and mathematics that it has Evaluation—Annual Performance Goals established in order to monitor its Tier I and Tier II schools that receive school improvement funds. As appropriate, the LEA must consult with relevant stakeholders regarding the Comprehensive Needs Assessment—Groups of LEA's application and implementation of school improvement models on its **Participants** campus Project Management— 11

For TEA Use Only Adjustments and/or annotations made TEXAS EDUCATION AGENCY 015-915 on this page have been confirmed with Standard Application System (SAS) County-District No. School Years 2010-2013 by telephone/e-mail/FAX on Amendment No. of TEA. Texas Title I Priority Schools Grant Schedule #4—Program Requirements Part 2: Statutory Requirements Primary Component Where Requirement Description - Federal Statutory Requirements Described If the LEA/campus selects to implement the turnaround model, the campus Program Assurances may implement the following federal requirements. a. Any of the required and permissible activities under the transformation 18 A new school model (e.g., themed, dual language academy). If the LEA/campus selects to implement the school closure model, the campus Program Assurances must implement the following requirement. a. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new 19 schools for which achievement data are not yet available. b. A grant for school closure is a one-year grant without the possibility of continued funding. If the LEA/campus selects to implement the restart model, the campus must Program Assurances implement the following federal requirements. a. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain 20 functions and resources among schools. An EMO is a for-profit or nonprofit organization that provides "whole-school operation" services to an LEA. b. Enroll, within the grades it serves, any former student who wishes to attend the school. If the LEA/campus selects to implement the transformation model, the campus Program Assurances must implement the following federal requirements. 1. Develop and increase teacher and school leader effectiveness. (A) Replace the principal who led the school prior to commencement of the transformation model; (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and Are designed and developed with teacher and principal 21 involvement; (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so; (D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and

For TEA Use Only Adjustments and/or annotations made **TEXAS EDUCATION AGENCY** 015-915 on this page have been confirmed with Standard Application System (SAS) County-District No. School Years 2010-2013 by telephone/e-mail/FAX on Amendment No. of TEA. Texas Title I Priority Schools Grant Schedule #4-Program Requirements Part 2: Statutory Requirements Primary Component Where Requirement Description - Federal Statutory Requirements Described **Program Assurances** designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and (E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school. Comprehensive instructional reform strategies. (A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students. 21 3. Increasing learning time and creating community-oriented schools. (A) Establish schedules and strategies that provide increased learning time; and (B) Provide ongoing mechanisms for family and community engagement. 4. Providing operational flexibility and sustained support. (A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and (B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO). An LEA may also implement other strategies to develop teachers' and school Program Assurances leaders' effectiveness, such as--(A) Provide additional compensation to attract and retain staff with the skills

necessary to meet the needs of the students in a transformation school;

mutual consent of the teacher and principal, regardless of the teacher's

(B) Institute a system for measuring changes in instructional practices

(C) Ensure that the school is not required to accept a teacher without the

resulting from professional development; or

seniority.

For TEA Use Only Adjustments and/or annotations made **TEXAS EDUCATION AGENCY** 015-915 on this page have been confirmed with Standard Application System (SAS) County-District No. School Years 2010-2013 by telephone/e-mail/FAX on Amendment No. of TEA. Texas Title I Priority Schools Grant Schedule #4—Program Requirements Part 4: TEA Program Assurances **TEA Assurance Description** The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant. The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices. For the LEAs selecting the TEA Designed Models the applicant provide assurances that it will participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors. 4 The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students. The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models. The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors. The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers. The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity. If the LEA/Tier III campus selects to implement the transformation model, the campus assures That it will it implement the following federal requirements. 1. Develop and increase teacher and school leader effectiveness. A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching B. Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so: C. Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subjectspecific pedagogy, instruction that reflects a deeper understanding of the community served by the 10 school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and D. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals: 1. Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and 2. Are designed and developed and with teacher and principal involvement

TEXAS EDUCATION AGENCY Standard Application System (SAS)

015-915	
County-District	N

School Years 2010-2013

Amendment No.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Part 1: Comprehensive Needs Assessment Cont.

of TEA.

Section C: Process Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the

Multiple groups were consulted to effectively identify the campus needs. The principal at Rayburn MS is responsible for the overall operation of the school. School committees established through district policy served in an advisory role. It is the intent of the NISD Board that principals support the active participation of parents, teachers, and others through a collaborative process and the district's plan for school based decision making.

In school- based decision making, the primary unit of change is the campus. To facilitate that change, a School Advisory Team (SAT) is established on each campus with many responsibilities to include, (1) Collaborate with the principal in formulating and reviewing campus improvement plans, goals, performance objectives and major classroom instructional programs, (2) Collaborate with the principal in the decision making process in the areas of planning, budgeting, curriculum, staffing patterns, staff development, and school organization, (3) Submit a written recommendation to the Superintendent on all campus requests for waivers of District administrative regulations, District policy, state rule, or state law.

At the campus level, a multi-disciplinary team composed of campus administrators and core department coordinators, first disaggregated multiple data sources. The review compared 2009 data from the campus and feeder schools with the state and district means to identify significant gaps. This process was completed for all students by grade level and content areas and between sub-populations within each content area tested. The gap data was presented to the entire campus for review. Teachers were given specific subsets of student data including Benchmarks, TAKS, TELPAS, and LAT to determine critical student groups that required immediate intervention. Each grade level team was divided into small groups by content area to analyze their specific content deficiencies based on multi-year data sets from Benchmark and TAKS data. This process was replicated on smaller scales throughout the school year. Counselors, non-core teaching staff, and junior administrators also reviewed discipline data to identify disciplinary patterns and In School Suspension (ISS) days that could be contributing to low student achievement. This team also developed strategies to help teaching pedagogy and to reduce office referrals. The Campus and Area Special Education Coordinators reviewed IEPs to determine alignment with academic goals and implementation process.

All staff have been advised on the grant and directly or indirectly contributed to the preparation of the application, by engaging in meaningful dialog regarding Rayburn MS' needs and how best to transform and re-establish the campus as a community focal point and destination school. The principal has encouraged and provided meaningful opportunities for the active participation of students, parents, teachers, and other stakeholders through a collaborative process and the district's plan for school-based decision making. To facilitate change, the School Advisory Team (SAT) collaborated with the principal in reviewing campus and feeder school data to develop School Improvement Plans (SIP), goals, performance objectives and major classroom instructional programs, collaborates with the principal in the decision making process in the areas of planning, budgeting, curriculum, staffing patterns, staff development, and school organization. The SAT formally convened on May 13, 2010 to discuss the CNA, review the grant application, select a model and make recommendations regarding strategies that address the Critical Success Factors and transform the school by improving school climate, student performance, and parental involvement.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no

smaller than 9 point (Arial or Verdana).

Capacity -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model.

The strength of the Northside Independent School District (NISD) TTIPS Decision-Making Team (TDMT) lies in the combined instructional expertise of the team members. NISD, as a district, has a history of over 20 years of prudent fiscal management, professional services, and program implementation strategies while implementing effective federal, state, and local initiatives totaling over \$50 million dollars. NISD's mission is to encourage each student to strive for personal excellence and to ensure all students learn to function, contribute, and compete as responsible individuals in an ever-changing world. The program at Rayburn MS supports the NISD mission and will have the support of central office staff that will include (1) providing a vision for campus and staff whose role is to provide support (2) support in the implementation of purposeful instructional arrangements at school (3) making necessary budget and practice adjustments to address campus needs(4) providing a priority in recruiting, selecting, hiring, supporting, and retaining principals, administrative staff, and staff, and teachers at school.

Research supports that effective professional development must be results-driven, standards-based, and job-embedded. Using the National Staff Development Council's (NSDC) Standards for Staff Development (Revised 2001), the NISD TTIPS Decision-Making Team focused on relevant standards. The key standards within each of the NSDC's Standards follow: Context Standards (Learning Communities Standard), Process Standards (Data-Driven, Evaluation, Research-Based, Design, and Collaboration Standards), and Content Standards (Quality Teaching Standard). Staff development that improves the learning of all learners incorporates these standards. The most powerful forms of staff development occur in ongoing teams that meet on a regular basis for the purposes of learning, joint lesson planning, and problem solving. NISD has used Professional Learning Communities (PLC) to encourage collective responsibility for learning of all students represented by the team members. NISD plans to incorporate (PLC) throughout this grant in order to ensure that the project participants have on-going reflective conversation that advance their practice. This will be the TTIP Learning Community. This will tie the grant learning to the on-going professional development for all NISD teachers. In the proposed design, the NISD Professional Learning Communities will include TTIP participating teachers and their teaching counterparts to incorporate the professional development topics across all NISD teachers at varying levels of training.

The NISD Grants and Recognitions Department has a history of prudent fiscal management, professional services, and program implementation strategies while effectively managing federal, state, foundation and local initiatives. Partnerships and agreements are in place district-wide which allows a seamless integration of supplemental services to students and campuses. The district business office is fully involved in the grant administration process, maintaining fiduciary and financial responsibility for all grant activities, processing and maintaining grant accounting data, requesting funds through the automated payment request systems, preparing and submitting expenditure reports in coordination with key grant personnel, and reporting accounting transactions properly. Reporting lines are established for effective grant monitoring.

The District is average in local tax commitment, above average in percent of budget devoted to instruction, below average in wealth-perstudent, and among the lowest in administrative cost-per student. The District has one the lowest tax rates in the City. Northside is the last district in San Antonio to access the additional 4 cents in the tax rate allowed by state law. For the seventh consecutive year, the District earned a "Superior Achievement" rating from the Texas Education Agency. This is the highest possible rating under the Schools FIRST accountability system.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Part 2: Project Management Cont.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no

Partnership/Involvement of Others - Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.

A broad consortium of stakeholders, including educators, parents, and community members from NISD were consulted in the development and proposed implementation of this program.

THE NISD TTIPS DECISION-MAKING TEAM (TDMT): During the grant planning phase a full site-based team, the TTIPS Decision-Making Team (TDMT) was formed. This committee of vital stakeholders was involved in the analysis of Rayburn MS as a participant in the TTIPS grant. It was charged with making recommendations regarding selection of the Transformation model. Prior to serving, the TDMT was trained on grant guidelines, models and purpose. It also collaborated with the principal and teacher leaders to analyze and discuss the Comprehensive Needs Assessment (CNA) as related to selecting a model and plan for implementation. The TDMT is comprised of representatives that are involved in the program planning and application process and include the school board (via presentations to the School Board's Academic's Committee), the Deputy Superintendent for Administration, the Assistant Superintendents for Elementary and Secondary Administration, the Executive Directors of Elementary and Secondary Administration and Instruction, the Director of School Improvement Initiatives, Rayburn MS administrators, teachers, parent groups (School Advisory Team and PTA Leadership Council), administrative officials, Grants & Recognitions Department staff, the Coordinator of the Safe and Drug Free Schools program, human resources staff, testing and evaluation staff and the Director of the Organizational and Staff Development Office. Community members with an interest in the welfare of the school are also invited to participate via the Rayburn MS SAT. NISD's Superintendent, Dr. John Folks, also reviewed plans and consulted with the District Shepherd and the principal throughout the planning process. The Grants Project Manager and Site Coordinator will also be added to the team upon grant award.

SCHOOL ADVISORY TEAM (SAT): In school- based decision making, the primary unit of change is the campus. To facilitate that change, a SAT was established on each campus, required membership includes parents, staff, and community and business representatives. Their many responsibilities consist of (1) Collaborate with the principal in formulating and reviewing campus improvement plans, goals, performance objectives and major classroom instructional programs,(2) Collaborate with the principal in the decision making process in the areas of planning, budgeting, curriculum, staffing patterns, staff development, and school organization, (3) Submit a written recommendation to the Superintendent on all campus requests for waivers of District administrative regulations, District policy, state rule, or state law.

PARENT TEACHER ASSOCIATION (PTA): NISD Parent Teacher Associations (PTA) benefits children and gives parents and families a voice and tools to help their children be successful students. NISD PTA's work in cooperation with many national education, health, safety, and child advocacy groups and federal agencies, to collaborate on projects that benefit children and that bring valuable resources to its members.

DISTRICT LEVEL PLANNING: The Northside Education Improvement Council (NEIC) is the decision-making committee for the district. It is comprised of elementary and secondary teachers, campus staff, parents, student services representatives, community members, district administration and instructional staff. During the grant planning phase, a NISD TDMT was formed and was charged with drafting plans and reporting progress to the NEIC.

INVOLVEMENT OF TEACHERS AND STAFF: The NISD TDMT held a meeting with the principal and campus leadership to present information and provide tools to use during their grant completion process. Rayburn MS held a public forum with their SAT to address questions and/or concerns regarding the school improvement efforts.

PUBLIC VIEWING: Upon submittal of the complete proposal, the application will be posted on the district's website (www.nisd.net) under the Required Postings heading. Hard copies will also be available at participating campus libraries and at the NISD Central Office.

School Years 2010-2013

Amendment No.

of TEA. **Texas Title I Priority Schools Grant** Schedule #4B—Program Description

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no

Management of Grant Activities - Describe how the LEA and campus will modify its practices and/or policies, as

necessary, to ensure its implementation of the intervention(s) fully and effectively. Although Rayburn MS is not currently designated as a campus under the Needs of Improvement section under Title 1, Section 1116 (School Improvement), if the declining trend continues, it will likely become sanctioned due to low student achievement. In the absence of

aggressive reform, Rayburn MS could fail to meet Adequate Yearly Progress in the 2010-2011school year. For this reason, Northside ISD is committed to successful implementation of TTIPS goals, objectives, and activities to dramatically transform Rayburn MS, and will embrace modifications to traditional practice to further reform. To accomplish transformation, the district will employ a collaborative model for program management that will include the Central Office, the School Advisory Team (SAT), the Division of School Improvement Initiatives (the Division), TTIPS Decision Making Team (TDMT) and the School Improvement Resource Center (SIRC). This elaborated approach differs from the district's traditional method of grant and program management, as NISD typically employs site-based decision making, which allows flexibility in implementing daily operations. However, Rayburn MS as a TTIPS campus will be held accountable to Central Office and SIRC for the full implementation of campus transformation by increased oversight, reporting responsibilities and more stringent accountability measures than traditional grant-funded programs. The District Shepherd, the TTIPS Grant Project Manager (GPM), the TDMT and the Academic Coaches/Site Coordinators will also provide Rayburn MS with greater operational flexibility than non-TTIPS campuses. Precedence will be given to Rayburn MS in HR practices of recruiting selecting, hiring, supporting, and retaining staff.

Dedicated personnel empowered with decision-making capabilities will make the difference in reform efforts. Currently, neither the campus nor the district has the capacity to effectively manage reform in every classroom every day. The Academic Coaches/Site Coordinators, supervised by TTIPS GPM, will perform this function by serving as a curriculum manager who will collaborate with Rayburn MS' Administration, Grade Level Leaders and Department Coordinators. They will also increase capacity within and between departments by developing Teacher Leaders. The District Shepherd and the TTIPS GPM will be primarily responsible for oversight of the Transformation process, ensuring responsiveness of the Central Office to the Transformation efforts, providing a direct line of communication to the superintendent and other critical district leadership, assisting in eliminating any district barriers that may hinder the transformation process, and serving as a resource and mentor to the administrator and campus. Additionally, these staff will collaborate with the School Improvement Resource Center (SIRC) Technical Assistance Provider (TAP) regarding implementation and evaluation of the model created by TEA/SIRC and adopted by Rayburn MS. Together, they will review program activities and performance measures to track progress. Internal communication, coordination and reporting will be conducted via e-mail, telephone and in staff meetings and occur more regularly than non-TTIPS campuses. The principal will have immediate access to the TDMT. The TDMT will provide updates on the implementation of the plan progress to the Northside Education Improvement Council (NEIC) semi-annually. The TTIPS GPM will ensure feedback and continuous improvement in the operation of the proposed project through continuous monitoring. Monitoring is designed to allow participants to interact and provide feedback to determine if results are being achieved based on established performance indicators.

The success Rayburn MS' transformation will be the result of broad-based project management and participation. During the project period, the TTIPS GPM, in collaboration with the District Shepherd, the Division, the Academic Coaches/Site Coordinators, District Instructional Specialists, campus administration, and other district departments and personnel, will continuously review the stipulated goals and objectives quarterly. In addition, the TTIPS GPM will review timelines and status of activity implementation according to the grant application and relevant state guidelines.

Amendment No.

Texas Title I Priority Schools Grant Schedule #4B-Program Description

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Resource Management - Describe how the LEA/campus will align other resources (federal, state, local, and

The school improvement intervention will use other resources as a foundation for program activities, expanding and increasing these services without supplanting existing funds. The foundation for alignment with other resources is currently in place across the district inclusive of coordination with district grants officials, human resources officials, business office officials, community outreach programs, and individual campus administration. Partnerships and agreements are in place with programs district-wide and community-wide which allows a seamless integration of supplemental services to students at additional campuses.

Rayburn MS will coordinate funding to ensure resources are maximized and sustained through job-embedded professional development and building internal capacity. The foundation for alignment with other resources is currently in place across the district inclusive of coordination with district grants officials, human resources officials, business office officials, community outreach programs, and individual campus administration. Partnerships and agreements are in place with programs district-wide and community-wide which allows a seamless integration of supplemental services to students at additional campuses. Some of these existing partnerships and agreements are with the following entities: No Child Left Behind, Title I - Compensatory Programs, NISD Food Service. The activities of this NISD initiative reflect cost-effectiveness and ensure the most effective use of public resources and avoid duplication of services, with the district business office being fully integrated in the grant administration process. The activities of the NISD initiative, through the district business office (which is fully integrated in the grant administration process), will: 1) reflect cost-effectiveness, 2) maintain fiduciary and financial responsibility for all grant activities, 3) process and maintain grant accounting data, 4) request funds through the automated payment request systems, 5) prepare and submit expenditure reports in collaboration with key grant personnel, and 6) report accounting transactions properly.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no

Grant Project Manager Qualifications - Describe the qualifications of the person selected to be the project manager

The TTIP Grant Project Manager will supervise all components of the NISD program on a full-time basis. The Grant Project Manager 's primary duties include, but are not limited to, working closely with district staff, fostering collaboration with community partners, day-to-day oversight of the program, and program operation requirements. The Grant Project Manager will be assisted by a secretary/bookkeeper, who will assume the administrative duties including maintaining the database, program records, and overall program accounting and bookkeeping. The Grant Project Manager will ensure feedback and the continuous improvement of providing high quality opportunities for academic enrichment through continuous monitoring. Monitoring is designed to allow participants to interact and provide feedback to determine if results are being achieved based on established performance indicators and evaluated for effectiveness. Each campus will be staffed with one Site Coordinator who will be responsible for implementing all program components at the campus in accordance with the stated goals and objectives. The Grant Project Manager will train and supervise campus staff, communicate regularly with school day staff to integrate program planning, develop program materials, and lead selected program activities.

The NISD Grants and Recognitions Department will work with the TTIP Grant Project Manager and campus administration to ensure grant requirements are being met, the project plan is adhered to, and the project remains in compliance throughout the grant funded

period.

The TTIP grant facilitator, under the supervision of the Deputy Superintendent of Curriculum and Instruction, is responsible for providing administrative coordination and implementation of projects and activities funded through the grant.

EDUCATION AND CERTIFICATION REQUIREMENTS:

Bachelor's Degree in Education

Experience in administrative functions such as: budget, bookkeeping, purchase orders, payroll, grant reporting and travel

Experience in developing and delivering presentations for various target audiences at campus or district levels

Proficiency in utilizing a variety of computer applications (Word, Publisher, Excel, Power Point, Access, Dreamweaver and other related software applications)

Possess proven leadership, collaboration and communication skills

External Candidates must have satisfactory outcome of Fingerprinting check. Non-Refundable fee (approximately \$50) paid by employee

DUTIES AND RESPONSIBILITIES:

Under the direction of the Deputy Superintendent of Curriculum and Instruction:

- Coordinates, manages and implements grant activities including, but not limited to, assessment, staff development, budget, purchase orders, payroll, travel and reporting
- Communicates and collaborates with district departments, administrators, teachers and other staff
- Gathers and responds to information regarding the grant's professional development, objectives and performance measures

Develops and submits grant reports and data to appropriate individuals and agencies

Promotes and creates awareness of the program with parents, teachers, administrators, and other district staff.

In-district and out of town travel will be required

Performs other duties assigned within the scope of responsibility and requirements of the job

The hiring and continuation of this position is contingent upon the award and availability of the TTIP grant.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Part 2: Project Management Cont.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

LEA Support - Describe how the LEA will structure and implement an individual or office with responsibility for supporting the campus' school improvement efforts.

NISD's role in supporting the transformation process is a crucial element for success. To that end, the transformation design process includes an expectation of, and opportunity for, Central Office participation throughout the entire endeavor.

Dr. Linda Mora, the Deputy Superintendent of Curriculum and Instruction, will serve as the District Shepherd for the TTIPS program. The District Shepherd will lead the TTIPS Decision Making Team (TDMT) to ensure campuses have operational flexibility to effectively implement all components of the transformation process. Dr. Mora received a Bachelor's and Master's degree from Texas A&I University in Kingsville, now under the Texas A&M system and has a Ph.D. from the University of Texas at Austin. Dr. Mora is responsible for the district's complete educational curriculum and reports directly to the Superintendent. Dr. Mora also oversees the Northside Educational Improvement Council (NEIC) which serves as the district decision-making committee established to involve professional staff, parents, and community members in establishing and reviewing the district's and campuses' educational plans, goals, performance objectives, and major classroom instructional programs. Additionally, Dr. Mora directs the following Departments: School Improvement, Grants & Recognitions, Organizational Staff Development, Elementary& Secondary C&I, and Student, Family and Community Services. In her 39 years in education, Dr. Mora has been a teacher, curriculum director, assistant principal, principal, and assistant superintendent for instruction at United ISD in Laredo. Prior to the current position, Dr. Mora served as Associate Commissioner of Accountability and Accreditation at the Texas Education Agency and Director of Statewide Initiatives at Region XIII Education Service Center in Austin. At the Central office level, a TTIPS Grant Project Manager (GPM) will be hired to offer additional support to the campus school improvement efforts while overseeing and supporting the Academic Coaches/Site Coordinators at the campus level. Additionally, the District Shepherd, along with the Division of School Improvement Initiatives and the TDMT and the TTIPS GPM will monitor grant progress and the 90-day action plans by maintaining ongoing communication with the Academic Coaches/Site Coordinators and Principal, attending meetings related to campus progress (including campus leadership meetings), taking an active role in problem solving with the principal and teaching staff, providing support and feedback, attending required trainings with campus staff and by collaborating with the campus to remove barriers that could hinder the transformation process, to include: assisting in the replacement and recruitment of qualified staff, assisting in efforts to increase community and parental involvement, support the placement of social service resources at the campus, and cultivating partnerships to generate a positive school culture.

As part of the Curriculum and Instruction Department, the Division of School Improvement (DSI) will be primarily responsible for supporting and overseeing Rayburn's TTIPS program. DSI was established five years ago and works under the direction of the Director of School Improvement Initiatives. The DSI has a variety of responsibilities including maintaining the District Improvement Plan. The complementary School Improvement Plan (SIP) database is also developed and maintained in the DSI. It also shares processes for data examination, identifying areas of need, developing improvement efforts, and identifying monitoring mechanisms shared with campus administration and teacher leadership. Tools for monitoring initiatives and student performance are also part of the DSI responsibilities. It manages district level benchmarking and student data programs for storage and use of the resulting data and state assessment data. The student data system in Northside is known as Curriculum Management System (CMS) and also houses the district's curriculum. DSI's organizational structure promotes an effective connection between the initial needs assessment, planning, implementation, and conclusion and evaluation of improvement activities. While managing tools and sharing processes for school improvement are part of the DSI's responsibilities, staff directly supports campus-designed activities and broader district initiatives. Work is typically done with campus principals and instructional administrators, both individually and in vertical feeder teams. Of the six schools applying for this grant, five have been meeting in vertical teams to design vertical improvement efforts for two to four years. As a result, an initiative for improving special education student performance begun by these groups has become a district initiative. Additionally, special education staff to support the initiative has been added to the DSI. Other principals groups have formed to address areas of common need. Still, other principals are identified and worked with individually over time. While special education performance is targeted for improvement, LEP performance is also a concern. To this end, a secondary billingual position was added to the DSI to improve instruction for these students in the context of the content classrooms and to manage the LEP SSI grant.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no

Program Continuation and Sustainability - Describe how the LEA will sustain the campus reforms after the funding

Upon completion of award funding, NISD is committed to continuing the activities of this grant program beyond the initial funding period. NISD will continue to implement and enrich existing programs and professional development activities geared toward campus improvement.

Rayburn Middle School (MS) opted to participate in the TTIPS grant to receive assistance with transforming the campus to 1, transform the traditional teaching mindset of current staff towards a differentiated instruction approach to support student learning 2. increase student achievement to meet standards and promote college readiness 3. build capacity within faculty to create Teacher Leaders which will result in improved teacher effectiveness 4. retain teachers committed to supporting transformation efforts and the change in student demographics by increasing overall standards. Staff who fail to meet these new standards will be provided ample opportunity for improvement through intense professional development. 5. aggressively solicit parent involvement to support student learning and transformation 6. reduce the dropout rate by preparing students for more rigorous coursework in high school. Establishment of long-term goals and capacity building will improve Rayburn staff's ability to continue transformation efforts when funds expire. Once staff is immersed in job-embedded professional development, the practices that result from the training will become part of the cultural campus norms. Job-embedded professional development will facilitate teachers' deeper understanding of the community served by the school and the differentiated instruction aligned with the comprehensive needs analysis. Furthermore, these strategies will lead to increased opportunities for promotion, career growth and flexible work conditions that will help recruit, place and retain staff with skills necessary to meet the needs of students in the 21st century.

Upon completion of award funding, NISD will continue to implement and enrich existing programs and professional development activities geared toward campus improvement. NISD is committed to continuing the activities of this grant program beyond the initial funding period. Collaboration between NISD Secondary and Elementary Instructional Support, campus administration and the Grants and Recognitions Department will result in identifying and pursuing additional funding to support the sustainability of this initiative. Further, professional development received by staff will impact classroom instruction beyond the grant period, it will provide teachers with necessary skills for the rigorous academic standards so students can succeed on the new End of Course (EOC) and the State of Texas Assessment of Academic Readiness (STAAR) assessments. The district plans to sustain the system created to evaluate student and teacher performance if financially feasible. The system will increase district capacity to collect, manage and evaluate student performance data as related to individual teachers. Teachers who do not meet performance criteria will continue to receive professional development and guidance to improve their students' academic achievement. Professional development activities will continue with local and external funds. Program continuation will be a programming focus throughout the grant term. The NISD program will focus their efforts on establishing strong partnerships with community partners. These partners will continue to provide for the program and expand their services to help sustain the program.

Amendment No.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no

External Providers -- Describe how the LEA will recruit, screen, and select external providers to ensure their quality. NISD participates in a competitive bidding process. The purpose and intent of competitive bidding is to help public schools secure the best goods and services at the lowest practical prices by stimulating competition. If the District advertises purchasing needs relating to large expenditures, purchasing in large quantities typically results in lower costs either per unit item or in the aggregate through economies of scale. Under Texas Education Code 44.031 (b), in determining to whom to award a contract, the district shall consider:

- 1. The purchase price.
- 2. The reputation of the vendor and of the vendor's goods or services.

of TEA.

- 3. The quality of the vendor's goods or services.
- 4. The extent to which the goods or services meet the district's needs.
- 5. The vendor's past relationship with the district. 6. The impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses.
- 7. The total long-term cost to the district to acquire the vendor's goods or services.
- 8. Any other relevant factor specifically listed in the request for bids or proposals.

Competitive proposal procedures provide for full competition among proposals. This process allows for negotiation with the proposer or proposers to obtain the best products or services at the best value. During the evaluation process prior to award of a contract, the negotiation process allows modification and alteration of both the content and price of the proposals.

The process in selecting vendors and ensuring vendor quality is as follows:

- 1. Evaluate Purchasing Needs & Confirm Availability of Approved Budgeted Funds.
- 2. Prepare Bid/Proposal Specifications
- 3. Review Bid/Proposal Specifications
- 4. Advertise
- Pre-Bid/Proposal Conference
- Open Bid/Proposal 6.
- Evaluate 7.
- Bid/Proposal 8.
- Prepare Written Recommendation
- 10. Obtain Board of Trustees Approval
- 11. Award Bid/Proposal
- 12. Monitor Performance

New vendors can start doing business with the District through the competitive procurement process which begins with the vendor application or through a school/department submitting a requisition to a new vendor. Purchases from new vendors for goods or services that have already gone through the bid process will not be approved, unless those goods or services are not available through any of the approved vendors. In addition, purchases to new vendors in excess of \$5,000 will not be approved unless a) at least 3 quotes are obtained from other vendors or b) a sole source affidavit is submitted and approved by the Director of Purchasing (if the vendor is a sole source provider and the purchase price exceeds \$50,000, Board of Trustees approval is required before a purchase order can be issued to the vendor). A W-9 is required for all new vendors.

Individuals providing contracted services to the District must have a Criminal History Authorization Form on file with the Human Resources Department before the services can be provided. All purchase orders and SAF check requests that are for services will be forwarded to the Human Resources Department for criminal history clearance. A vendor who has or will have (or subcontracts with an individual(s) who has or will have) direct contact with students are required to provide criminal background checks for all such individuals. Vendors are required to provide certification that a criminal background check has been performed for those employees, and are

For TEA Use Only 015-915 TEXAS EDUCATION AGENCY Adjustments and/or annotations made County-District No. Standard Application System (SAS) on this page have been confirmed with School Years 2010-2013 Amendment No. by telephone/e-mall/FAX on of TEA. Texas Title I Priority Schools Grant Schedule #4B—Program Description Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no Site Visits - If the intervention program includes site visits to other campuses successfully implementing the intervention model, describe the process for selecting the locations and the expected outcomes of the site visit. Multiple site visits to other campuses will ensure that Rayburn Middle School (MS) implements proven best practices and consistently improves their intervention program throughout the grant period. All site visits will be coordinated through the TTIPS Grant Program The TTIPS Grant Program Manager will monitor all TTIPS grants awarded to campuses in San Antonio and surrounding communities that are implementing the Transformation intervention model. The Program Manager will create and manage an on-line community to enable sustained communication and sharing of effective practices between these campuses. Through this on-line community, the Program Manager will identify and periodically visit sites that share similar program elements with Rayburn MS. When possible, the Program Manager will use technology, such as Flip Videos, to effectively communicate the practices of the selected site to the campus Site warrager will use technology, such as trip videos, to enecuvery communicate the practices of the selected site to the campus one Coordinator. The Site Coordinator and campus teadership will then determine if select campus staff could benefit from in-person visits to observe the chosen site. The Program Manager will also establish and maintain contact with successful Transformation campuses This process will expose Rayburn MS leadership to a wide variety of approaches that can be used to increase the effectiveness of its intervention program. Site visits will be used in conjunction with multiple assessment tools measuring student performance to adjust the program within the parameters of the guideline.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Part 3: Intervention Model

Section B: Model Selection Process - Describe in detail:

- 1. The process the LEA and campus followed/will follow to select a school intervention model that aligns to the identified needs of the campus.
- 2. The timeline delineating the steps the campus will take to implement the selected intervention.

Responses are limited to five pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

During the grant planning phase a full site-based team, the TTIPS Decision-Making Team (TDMT) was formed to select a school intervention model that aligns with the identified needs of Rayburn Middle School (MS). This committee of vital stakeholders was charged with making recommendations regarding selection of the Transformation model. Prior to serving, the TDMT was trained on grant guidelines, models and purpose. It also collaborated with the principal and teacher leaders to analyze and discuss the Comprehensive Needs Assessment (CNA) as related to selecting a model and plan for implementation. In determining the needs for the Northside Independent School District (NISD) project, multiple data sources were analyzed including: (1) locally developed teacher and NISD Title I Parent Involvement surveys (2) standardized student achievement data; (3) informal interviews conducted by the district Curriculum Specialists with teachers; and (4) the potential for sustainability and capacity building among all teachers. At the campus level, a multidisciplinary team, composed of campus administrators and core department coordinators, disaggregated multiple data sources for all students by grade level and content areas and between sub-populations within each content area tested. The gap data was presented to the entire campus and to the School Advisory Team (SAT) for review.

As a result of these meetings, Rayburn MS has created a comprehensive plan to implement rapid, dramatic reforms that address all

Critical Success Factors and federal statutory requirements for the Transformation model.

1. Improve Academic Performance, including (but not limited to) Reading/ELA and Math (Federal Statutory Requirements 2A and B)

Rayburn MS needs improvement in Reading, Math, and Science instruction. In 2009-20010, 80% of participating Rayburn MS students passed the Math TAKS test, a rate that is below both the district and State average, and is a 5 point drop from the previous year. Only 63% of Rayburn students showed the necessary level of proficiency to pass the Science TAKS, a rate that is 20 points below the district average. While improvement in Math and Science is needed across all levels, certain sub-populations have particularly low achievement in this subject. At Risk and Special Education students' passing rate for all grades was between 5-10 points lower than their peers on the Science and Math TAKS, reflecting the reality that many of the students in these groups have not been able to develop academic and social skills necessary for success at their grade level.

To address these vast differences in student ability and learning methods, Rayburn MS uses strategies to differentiate instruction amongst students, requiring teachers to adapt lessons and questions to varying levels of individual need. This strategy has been shown to be effective in multiple studies: "A single instructional response to a group of diverse learners often means that the teaching technique will help some while it ignores others. Flexible grouping acknowledges that all grouping patterns—large groups, small groups, teams, partners, and individuals-have value because they all offer the reader slightly different experiences with different outcomes" (Optiz, "Flexible Grouping in Reading"). In order to differentiate instruction successfully amongst two populations with the highest needs, Special Education and Limited English Proficiency (LEP) students, Rayburn MS has instituted a co-teach model, in which a general teacher and a special education teacher instruct a group of students in a single classroom. This increases the hours that these special needs students spend with the general population while continuing a high level of individualized attention.

Many students at Rayburn MS simply do not have the academic foundation for mastering grade-level appropriate concepts, and approximately 10% have Limited Proficiency in English. For these reasons, Rayburn MS will expand the campus use of the Academic Vocabulary method for all subjects. Academic Vocabulary covers terms critical to understanding the concepts of the content taught in schools. Teachers in all subjects are provided with a list of academic vocabulary words that students are expected to understand and use at each grade level. Rather than require students to copy dictionary definitions, Academic Vocabulary concentrates on making words personal for students. The lessons are presented in an engaging way, and activities include making graphic representations of the word and connecting the word to examples that they have in their own lives. According to Marzano in "Building Academic Vocabulary," (2005) the strongest action a teacher can take to ensure that students have the academic background knowledge to understand the content they will encounter is providing them with direct instruction in these terms. When students understand these terms, it is easier for them to understand the information they will read and hear in class. All campus teachers will receive training in this technique within the next three years, with Academic Vocabulary included in all classes on at least a bi-weekly basis.

On standardized tests, Rayburn MS students struggle most with questions that require higher-order thinking skills. These skills are necessary in order to understand complex concepts in high school and college. To address this need, teachers will undergo yearly training in Questioning and Understanding to Improve Learning and Thinking (QUILT). This program is a staff development program designed to increase students' true thinking time by helping teachers improve their classroom questioning techniques. Asking more effective classroom questions can encourage all students to think at higher cognitive levels and ask questions of their own that will

Amendment No.

Schedule #4B—Program Description

Section B: Model Selection Process Cont. Responses are limited to five pages, front side only, with a font size no

smaller than 9 point (Arial or Verdana). ultimately lead to improved learning. From the analysis of these test data, the QUILT program can show an increase in teacher understanding of effective classroom questioning and a corresponding use of effective questioning practices along with an increase in student thinking. The QUILT training will be used to strengthen questioning and higher-order thinking across all subjects and all grades.

On standardized tests, Rayburn MS students struggle most with questions that require higher-order thinking skills. These skills are Staff development specific to math will be provided by Math Solutions. This program provides specialized plans for improving math outcomes, with a problem-solving approach consisting of assessing unique school and district needs and resources; developing a collaborative, customized improvement plan; growing teacher, school, and district capacity; and providing data-driven analysis for accountability reporting and sustainable results. This training will be held twice per year throughout the grant period, with one session in the Fall assisting math teachers with developing effective strategies and one in the Spring aimed at evaluating the past year.

While professional development is essential to offering quality, differentiated instruction in Science and Math, it is equally important that learned instructional strategies be applied effectively in the classroom. Currently, Rayburn MS lacks the resources required to monitor and ensure that the chosen Science and Math strategies are being consistently and correctly implemented into the curriculum. To address this need, the campus will recruit a Science Coach/Site Coordinator and a Math Coach/Site Coordinator to serve as "teacher leaders" for Science and Math. These two Academic Coaches will organize Science and Math professional development, and also serve as a liaisons to the Central Office for grant purposes. They will provide instructional leadership and support to teachers via walkthroughs and observations, monitoring Science and Math instruction to ensure that professional development is ongoing and job-embedded. These individuals will mentor individual teachers as needed in order to model instructional techniques. The Academic Coaches will collaborate with campus leadership to develop a long-range and cohesive professional development plan for staff, and will collect data to measure the success of program initiatives.

In order to more effectively differentiate instruction and address each student's individual social and emotional needs, Rayburn MS will reduce class sizes by hiring three additional Math and three additional Science instructors. The current student/teacher ratio in these classes in 26:1, which will be decreased to 20:1 with the additional teachers. Research has confirmed that smaller class sizes increase student achievement; In "School Class Size: Research and Policy," the results of several studies are analyzed and show that small classes are associated with higher achievement at all grade levels, with the major benefits of reducing class size occurred where the number of students in the class was fewer than 20. Small classes are superior in terms of students' reactions, teacher morale, and the quality of the instructional environment (Smith). One additional teacher will be recruited for each grade level (6th-8th) in both Science and

In addition to the job-embedded professional development in Math and Science instruction facilitated by Site Coordinators, Rayburn Math. MS will integrate several technology-based supports and interventions into the curriculum to improve campus Reading/ELA, Math, and Science outcomes. Technological literacy is becoming an increasingly important skill, needed to participate in the modern workforce. However, most Rayburn MS students do not have access to current technology at home, making school the main resource for skill development in this area. Interactive technology has been proven to increase student engagement, which is a critical challenge amongst economically disadvantaged student populations. General technology supports to be used with all subjects will include electronic readers, document cameras, laptops, and recording technology. The campus will also purchase licenses for the software intervention First in Math in order to develop math automaticity. This program will provide teachers with almost instantaneous feedback concerning student progress, allowing them to adjust their instruction to student needs. The Campus Instructional Technologist (CIT) will provide all teachers with training on effectively incorporating the new technology into their lessons. After each year, the effectiveness of each technological support will be assessed by the CIT and administrators, and will be revised/upgraded accordingly to meet student needs. 2. Increase the Use of Quality Data to Drive Instruction (Federal Statutory Requirements 1B and 2B)

Northside ISD utilizes data-driven decision making at all levels, from the entire district to each individual campus. Data is used to identify research-based instructional programs that are vertically aligned from one grade to the next and are in compliance with State academic standards. At the beginning of each year, State assessment data is disaggregated and reviewed by administrators and teachers with Central Office guidance. This data is then used as the basis for identifying campus needs and forming yearly, measurable goals. Throughout the Transformation program, campus leaders and staff will continue to analyze TAKS scores by grade level for the past three years and analyze TAKS scores by student cohort group over time from sixth to eighth grade. The administrative team will meet with the school leadership to further analyze data from NISD Curriculum Benchmark Tests in the areas of reading, mathematics, science, and writing.

In order to expand the use of quality data to transform Rayburn MS, the campus will increase the amount of monitoring and data collection through a variety of methods. The Campus Snapshot is a data-driven process conducted by Region 13 which will provide the campus with a comprehensive, objective analysis of the current state of the school and its ability to meet the needs of the students it

For TEA Use Only 015-915 Adjustments and/or annotations made **TEXAS EDUCATION AGENCY** on this page have been confirmed with Standard Application System (SAS) County-District No. School Years 2010-2013 by telephone/e-mail/FAX on Amendment No. of TEA. **Texas Title I Priority Schools Grant** Schedule #4B—Program Description

Part 3: Intervention Model

Section B: Model Selection Process Cont. Responses are limited to five pages, front side only, with a font size no

smaller than 9 point (Arial or Verdana). serves. Analysis is provided through the observation of teaching practices, evidence-based examination of school programs and processes, and the inclusion of stakeholder input, including students, parents, teachers and administrators through pre-visit surveys and on-site interviews. The Campus Snapshot will be used to drive campus planning in key areas, including professional development,

Positive Behavior Support, and recruiting and retaining quality staff.

In addition to these measurements, the two TTIPS Academic Coaches/Site Coordinators for Science and Math will provide essential on-going monitoring of campus instruction in these subject areas. These individuals will collect data through classroom observations, student surveys, and other assessments, allowing them to effectively identify and coordinate appropriate professional

development for teachers. 3. Increase Leadership Effectiveness (Federal Statutory Requirements 1B and D, 4A and B)

Northside Independent School District (NISD) is committed to the successful implementation of the project goals, objectives, and activities to dramatically transform Rayburn MS. To accomplish the transformation of this campus, the district will dedicate personnel to support the project and provide Rayburn MS with sufficient operational flexibility to implement a fully comprehensive approach. For example, precedence will be given to the project in Human Resources practices of recruiting, selecting, hiring, supporting, and retaining staff. Central Office staff will provide continuing support to the campus, with responsibilities that include: oversight of the Transformation process, ensuring responsiveness of the Central Office to the Transformation efforts, providing a direct line of communication to the superintendent and other critical district leadership, assisting in eliminating any district barriers that may hinder the Transformation process, and serving as mentors to the administrative team and campus.

Northside ISD currently uses a rigorous and comprehensive evaluation system to evaluate the effectiveness of campus principals and other administrators. The District-developed instrument Campus Academic Record (CAR) measures student achievement on TAKS against four other measures: State performance, campus performance from the prior year, the regression line for economically disadvantaged student performance, and the State standards for Recognized rating. Comparison of campus performance to these dynamic measures instills the expectation of growth for each campus. The resulting numeric score from this instrument accounts for onethird of the principal's overall evaluation rating. The additional two-thirds of the evaluation is based on job performance in a variety of other areas, including decision making, personnel, school management, student support, technology, school-community support, schoolorganizational climate, professional growth, and resilience and personal behavior. To continue to measure growth, the Comparable Improvement Report will be added to those tools used to measure effectiveness, with the expectation that the campus be in the first or second quartile in the group.

To enhance leadership effectiveness, equip the principals with necessary skills and knowledge to improve instruction, and add even greater dimension to the current system, Northside will involve the principal in the School Leaders Network (SLN). The Network is a professional community, and creates a forum for participants to share and reflect on key issues and challenges in their respective school. The sharing of knowledge and experience empowers members to translate problems into effective action. As part of this experience, school leaders create a shared vision, set goals, take a school-based assessment to analyze both quantitative and qualitative data for their campus, identify areas of growth and strength, and engage in an eight-step inquiry process using Instructional Rounds in Education to focus on his or her individual school's problem of practice. Through this community of practice, SLN reports that 86% of SLN principals see an increase in their school's achievement scores.

Leadership effectiveness, along with school climate and teacher quality, will also be measured through the Organizational Health Instrument (OHI). Organizational health is defined as an organization's ability to function effectively, to cope adequately, to change appropriately and grow from within. The OHI is a diagnostic tool that measures key organizational variables that are known to impact organizational productivity. The OHI questionnaire measures ten dimensions -- goal focus, communication, power equalization, resource utilization, cohesiveness, morale, innovation, autonomy, adaptation, and problem solving adequacy. Quarterly review meetings will be established to monitor the status of the principal's professional development plan, review results of interim assessments, monitor use of instructional rounds and data gathered, discuss experiences with School Leaders Network and their impact on principal's practice, and review progress toward goals set as a result of the administration of the OHI questionnaire.

Part 3: Intervention Model Section B: Model Selection Process Cont. Responses are limited to five pages, front side only, with a font size no smaller than 9 point (Arial or Verdana). Responses are limited to five pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

The campus administrative team will receive additional support from the School Improvement Resource Center (SIRC). A Transformation Specialist from SIRC will serve as a hands-on consultant, working with campus administration to guide the school through the Transformation process. Utilizing the Campus Snapshot data, the Specialist will collaborate with campus administration to develop a series of "action plans" to improve the campus. These plans will address areas such as professional development, Positive Behavior Support, and recruiting and retaining quality staff. SIRC will also provide Summer Training Seminars to provide the leadership team with further guidance in assessing campus data and developing action plans. The Transformation Specialist will meet with campus administration periodically throughout the three-year grant period in order to monitor goal progress and provide additional support. 4. Increase Learning Time (Federal Statutory Requirement 3A)

In order to address the high level of needs in the student population, Rayburn MS will implement several strategies to increase student learning time. Currently, Rayburn MS offers Saturday classes to students that are struggling academically. These classes are TAKS-based interventions in the areas of math, reading, science, and writing for students that are struggling on one or more area. These groups are teacher-facilitated and designed to engage students with high-challenge, low-threat activities. These Saturday classes occur once per month in the Fall and twice per month in the Spring.

In order to provide students with a more instructionally-focused calendar, Rayburn MS will convert in 2010-2011 from a schoolwide block schedule (four two- hour classes per day) to a regular eight period schedule. Observation data has shown that teachers were unable to efficiently utilize the two-hour blocks of time, and that many students were unable to maintain attention for the entire period. Shorter classes will result in greater instructional effectiveness, more class participation, and fewer behavioral issues.

Rayburn MS currently offers after-school tutoring for students in reading, math, and science. This program will be expanded to include the half-hour period in the mornings, between the arrival of the buses and the beginning of the first class. Not only will this offer students additional time to receive individualized attention from teachers, but will also provide students with a structured environment, decreasing the amount of discipline issues in the morning. Costs for this program will include teacher extra-duty pay.

Many students at Rayburn MS do not have the technology skills expected of students at their grade level. To address this, a Technology Camp will be created in the June 2011. Rayburn currently has two Summer Camps for Reading and Math, and both draw between 60-80 students per year. The Technology Camp will provide students with essential computer and technology skills, providing them with experience in using programs such as Excel, Publisher, and Photoshop as they create student-led projects. The Camp will last for two weeks, with costs including snacks, supplies, and extra-duty pay for instructors.

5.Increase Parent/Community Involvement (Federal Statutory Requirement 3B)

Engaging parents in their children's education is a key factor in improving student success. Several case studies have shown that increased parental involvement improves academic achievement and decreases behavioral problems. Unfortunately, many parents of students at Rayburn MS are unable to provide this type of support for their children due to a variety of social, economic, and language barriers.

Rayburn MS will implement several activities to increase family involvement and provide services to the community. The community surrounding the campus is impoverished, with over 19% of families below the poverty level, a rate more than double the U.S average. For this reason, many families have limited access to literature and technology. To address this need in the community, Rayburn MS will expand the school library's hours to 7 pm on Tuesdays and Thursdays. In addition to providing access to school resources, Rayburn MS will partner with the NISD Adult and Community Education Department in order to provide both English and Spanish Adult Education classes to parents and community members. Family Involvement Classes will be offered, with topics including: Understanding Your Role as a Parent, Developing Trust within Families, Communicating within the Family, and Building Self-Esteem within the Family. Technology courses will also be offered, providing individuals with marketable job skills. Free on-site childcare will be provided for the children of the adults attending the classes with children under the age of thirteen years old, and dinner will be provided for both adults and children. Rayburn MS will also contract with the non-profit organization Communities in Schools to offer struggling families much-needed social services, including providing food, clothing, and holiday gifts, making home visits, and providing mentoring services to students. 6. Improve School Climate (Federal Statutory Requirements 3C (optional))

Campus climate has a significant effect on student learning; several studies have found that a positive school environment is associated with higher grades, increased student engagement, and fewer discipline referrals. Rayburn MS currently faces several challenges regarding school climate, most significantly in regards to student discipline.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

by

Section B: Model Selection Process Cont. Responses are limited to five pages, front side only, with a font size no

Many students at Rayburn MS have not had backgrounds where they were able to develop social and emotional coping skills smaller than 9 point (Arial or Verdana). appropriate for their ages. Many students are in unstable family situations. In addition, there is a large amount of gang activity at the campus, with at least 200 students participating. These external conflicts often disrupt instructional time. For this reason, Rayburn MS instituted a uniform dress system several years ago, which has reduced disciplinary issues. In order to provide these students with an environment that addresses their high needs, Rayburn MS will continue implementing a Positive Behavior Support (PBS) plan with technical assistance from Region 20. Positive Behavior Support is a campus-wide, data-driven approach that has proven effective in reducing the need for intrusive discipline interventions. In order to enforce PBS and reduce discipline issues on the campus, Rayburn MS will increase the hours that a Assistant Principal is on campus from part-time to full time. The Assistant Principal patrols the campus throughout the day, maintaining a level of visibility that has been observed to significantly reduce behavioral infractions.

Teachers at Rayburn MS need special training in order to build relationships with these high needs students. To provide teachers with additional strategies for building an environment of trust and respect with students, the campus will contract with the Flippen Group to present research-based professional development in this area. These trainings will provide teachers and administrators with an ongoing, layered approach for students and active mentoring and reinforcement. In Summer 2011, the entire campus will participate in a 3-day retreat-model training in the Capturing Kids' Hearts curriculum, that provides tools for administrators, faculty and staff to build positive, productive, trusting relationships among themselves and with their students (STIPEND). These processes, when applied, will transform the classroom and campus environment, paving the way for higher student academic performance.

7. Increase Teacher Quality (Federal Statutory Requirements 1B,C,D, and E)

As mentioned above, professional development will be provided for teachers in the areas of Reading/ELA, Math, Science, and relationship-building. In order to ensure that this training is both ongoing and job-embedded, Rayburn MS will recruit two Academic Coaches/Site Coordinators to provide instructional leadership in Math and Science (see "Improve Academic Performance" section for

In addition to focused, job-embedded staff development, Rayburn MS will provide teachers with a financial incentive system that details). is designed to recruit and retain staff with the skills necessary to meet the students' academic needs. The incentive system will be based on the district-designed District Awards for Teacher Excellence (DATE) model, which has been successfully implemented at 33 campuses that serve high populations of economically disadvantaged students. Awards will be feam-based; according to grade level and content area, to encourage collaboration amongst teachers. Performance measures for earning awards will be based on the most recent campus TAKS results, and will be re-examined on a yearly basis. Award amounts will range from \$1,200 to \$3,600 per year, with classroom teachers in TAKS tested grade levels and content areas being eligible for the largest award amounts.

The effective use of Instructional Rounds as a tool for monitoring teacher quality of instruction will be expanded. This data, along with both formative and summative student achievement data available through the District's Curriculum Management System, will be utilized to identify and address teacher needs through the Teacher Self Report and professional development. This data will be aggregated and disaggregated by teacher for principal use. The District's current system for completion of the Teacher Self Report allows the collection of teacher responses and will also be utilized as a source of teacher input in the design of professional development

(Pre-Work) (2009-2010) - CNA with SIRC Model Alignment, Identify Community Partners, Created TTIPS Decision Making Team (TDMT), Develop job-embedded profess. dev., identified teacher leaders.

Summer (Pre-Work) (2009-2010) - Attend summer seminar and National Staff Development Conference, complete 1st 90 day action

Year 1 (2010-1011) -Conduct campus data reviews; District and Campus Snapshot; implement Positive Behavior Support (PBS); Teacher Leaders, Academic Coach, administrators & consultants begin collecting observation data to guide profess. dev. & student interventions; review 90 day action plans; review incentive plan with eligible staff; implement expanded after-school learning program; participate in staff development; identify site visit locations; begin parent meetings and community activities; complete teacher/parent surveys; TDMT meetings; distribute incentive pay; Attend summer seminar; attend NSDC conference; attend SIRC district institute. Year 2 (2011-2012) - Implement/revise profess. dev. plan & classroom interventions; develop new 90 day action plans; review incentive

plan with eligible staff; participate in staff development, identify site visit locations; complete teacher/ parent surveys; TDMT mtgs; distribute incentive pay; attend summer seminar; attend profess. dev.; review/revise Profess. dev. plans; review/revise CNA; conduct intense data review and intense data eval; attend NSDC conference; attend SIRC district institute

Year 3 (2012-2013) – Re-administer Campus snapshot; develop new 90 day action plans; review incentive plan with eligible staff; finalize action research projects, collect data for PBS evaluation; cont. completed profess. dev. & monitor thru classroom observations & student data review; complete teacher/parent surveys; TDMT Meetings; campus leadership and teacher evaluations.

TEXAS EDUCATION AGENCY Standard Application System (SAS)

015-915 County-District No.

School Years 2010-2013

Amendment No.

Texas Title I Priority Schools Grant

Schedule #4C—Performance Assessment and Evaluation

Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section A: Ongoing Monitoring/Continuous Improvement - Describe the LEA/campus' process for providing on-

going monitoring of grant activities to ensure continuous improvement

of TEA.

Rayburn's TTIPS transformation will be managed daily by the TTIPS Grant Program Manager (GPM) under the supervision of the Director of School Improvement Initiatives and the District Shepherd. The TTIPS GPM is responsible for providing administrative coordination and implementation of Rayburn's TTIPS transformation. Dr. Linda Mora, Deputy Superintendent for Curriculum and Instruction will serve as the program's District Shepherd. She, along with the TTIPS GPM, will convene TTIPS Decision Making Team (TDMT) meetings and communicate directly with the superintendent, the Northside Education Improvement Council (NEIC), the School Improvement Resource Center, and evaluators to maintain ongoing feedback regarding program implementation and areas of needed improvement. The TDMT will meet at least quarterly during the program years to share implementation progress, report on program status, e.g., what is working and what is not working, program modifications/changes that need to be made. The evaluators will report project status and ongoing feedback to ensure continuous improvement and fidelity to the model. They will also monitor the grant activity timeline to ensure implementation aligns with the proposed schedule. The TTIPS GPM, the Academic Coaches/Site Coordinators, together with the Division of School Improvement Initiatives and the Grants & Recognitions department will have the primary responsibility for overseeing and managing the overall grant. The TDMT in collaboration with the Grants & Recognitions and Testing and Evaluation departments will report project progress. Ongoing monitoring will include: review of program records and documents (attendance logs, activity sign-in sheets, lesson plans, enrollment forms, pre/post-testing results, and other relevant documents); survey results; and observation through site visits and unstructured interaction with staff, community partners, and participants. NISD will comply with and provide activity, financial, grant performance reports, and final evaluation reports to the Texas Education Agency, as required.

The TTIPS GPM will supervise all components of the NISD program on a full-time basis. The TTIPS GPM's primary duties include, but are not limited to, working closely with district staff, fostering collaboration with community partners, day-to-day oversight of the program, and program operation requirements. The TTIPS GPM will be assisted by a secretary/bookkeeper, who will assume the administrative duties including maintaining the database, program records, and overall program accounting and bookkeeping. This position will ensure feedback and the continuous improvement of providing high quality opportunities for academic enrichment through continuous monitoring. Monitoring is designed to allow participants to interact and provide feedback to determine if results are being achieved based on established performance indicators and evaluated for effectiveness. Rayburn MS will also be staffed with two Academic Coaches/Site Coordinators (one for math and one for science) who will be responsible for implementing all program components at the campus in accordance with the stated goals and objectives. Academic Coaches/Site Coordinators will also train and supervise campus staff, communicate regularly with teachers to integrate program planning, develop program materials, and lead selected program activities.

Although the Academic Coaches/Site Coordinators will be housed at Rayburn MS, this position will directly report to the TTIPS GPM. The Academic Coaches/Site Coordinators will be primarily responsible for mentoring and coaching teachers and, along with the Principal, and will be responsible for implementing Rayburn MS' transformation. The Rayburn leadership team will convene monthly to review the implementation plan and the supporting data such as benchmarks, grade reports, attendance, and other data identified in the Comprehensive Needs assessment, as it becomes available to do correlation studies for growth from 2009/10 to 2010/11 data sets. The content department coordinators will meet with the coaches weekly during the guided grade level planning meetings to review staff progress and student achievement. The academic dean will attend all core content grade level meetings and report back to the principal weekly during the administration meetings. The administration team will support the academic dean and content area teachers on an asneeds basis to support transformational reform. The administration team will support the Academic Coaches/Site Coordinators and department coordinators by conducting systematic walk -through observations and engage in meaningful conversations with teachers on a weekly basis. The campus retreat will serve as the first official training and will focus on establishing the campus goals and launch the transformation process. The special education coordinator will work closely with the academic dean and core content teachers to ensure all students receiving special education services specific IEP goals are met and continually reviewed with staff. The vice-principal and assistant principal will ensure that alternate consequences for behavior will be used in place of in school or out of school suspension to support when appropriate to reduce time out of the classroom. The campus Principal, in coordination with the Academic Coaches/Site Coordinators, TTIPS GPM and TTIPS TDMT will coordinate of all program staff, school staff and outside agencies to ensure all programs are implemented with fidelity to achieve maximum success.

Schedule #4C—Performance Assessment and Evaluation

Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section B: Formative Evaluation- Describe the LEA/campus' process for formative evaluation, including how the results of the evaluation will be used to improve the grant program

The campus will have a designated Evaluation Team, to ensure that the project successfully attains its stated goals. The Evaluation Team will inform, monitor, guide and adjust project planning and implementation. The team includes personnel from the Northside Independent School District (NISD) Central Office, Testing and Evaluation Department, Grants and Recognitions Department, the TTIP Grant Program Manager, as well as Rayburn MS administrators and staff. The Evaluation Team will conduct on-going and frequent formative assessments of the project to provide critical information to the TTIP Decision-Making Team (TDMT) to allow them to make key adjustments to the project plan. The Evaluation Team will meet quarterly to document their formative assessments of the project's current state of progress and to provide specific feedback to all stakeholders.

The Evaluation Team will consider the specific project goals and performance measures for Rayburn MS and anticipated outcomes for the grant. The Evaluation Team will monitor progress in student academic performance through reviews of TAKS pass rate data in reading/ELA, mathematics, and science as well as attendance rates, utilization and effectiveness of tutoring, discipline reports, failure reports and teacher, student and parent surveys. The Evaluation Team will monitor Rayburn MS administrator and teacher progress through reviews of Campus Snapshot assessments, walkthrough class observations, principal CAR reports, staff development enrollment records and log sheets, and teacher retention. The Evaluation Team will monitor improvements in the climate at Rayburn MS through reviews of parental surveys and active participation data, discipline referrals, amount and utilization of tutoring and student surveys. These evaluations will adhere to the ethical standards of the American Educational Research Association and the Program Evaluation Standards established by the Joint Committee on Standards for Educational Evaluation. The purpose of these evaluations is to shape the development of the program, with clear benchmarks to monitor progress towards stated goals and objectives guided by the established key-performance indicators and Critical Success Factors.

The strength of these formative evaluation assessments lies in the consideration of data from multiple sources rather than a reliance on data from only one source or a singular data collection method. Each information source is selected based on its ability to inform the Evaluation Team members as to the state and health of the project. The evaluation plan will incorporate both quantitative and qualitative data to provide a comprehensive and balanced record of project implementation and of the impact of the program, including both student and staff target populations. Data collection and analysis will occur in these areas: (1) process evaluation, (2) product evaluation, (3) ongoing monitoring to provide technical assistance and guidance for adjustments or revisions of project components, and (4) reporting, to make detailed recommendations for adjustments to the campus project plan.

School Years 2010-2013

Amendment No.

Texas Title I Priority Schools Grant

Schedule #4C—Performance Assessment and Evaluation
Part 1: Component Description. By submitting this application, the applicant agrees to comply with any reporting and evaluation requirements that TEA may establish and to submit the reports in the format TEA requests. (Response limited to one page each, font size no smaller than 9 pt, Arial or Verdana)

Section C: Qualitative and Quantitative Data Collection Methods- Describe the LEA/campus' process for data collection methods to be implemented and 1) how the data will be disaggregated; 2) used to improve instruction; and 3) obtain continuous improvement results

Since the grant requires data from multiple campuses, source data will be compiled by District Central Office evaluation staff. Some the source data will come from Rayburn MS, and some the source data will come from Central Office, Region 20 data repositories and state data repositories. As needed, Central Office personnel will integrate data from various authoritative data sources and render it in a form suitable to the goals of the grant Evaluation Team.

Student data will be disaggregated by subpopulations determined for each campus and relevant to that campus. Initially, this data may be longitudinal, historical data about student academic performance, attendance, and disciplinary actions at the grant campuses, at campuses in district with similar populations or at all district campuses. As the grant progresses and as it becomes available, additional student data will be gathered, analyzed and reported in and on-going manner to highlight the degree of progress in achieving the campus' stated goals.

Teacher data will also be collected and analyzed including but not limited to HR data, classroom walkthrough evaluations, staff development log sheets, survey assessments and evaluations. This data will be disaggregated by grade, class and subject as meaningful. This data will also be correlated where appropriate with student populations serviced by the personnel.

The overall goal of this data collection and disaggregation is to pinpoint specific areas in curriculum and instruction where student achievement and mastery of subject matter can be improved and to measure how much improvement is attributable to specific implemented improvements. The objective of the data analysis is to assess as precisely as possible the nature of the impact of any change in how students are taught and managed at the campus and whether the specified targets of the change are materializing. Such an approach will allow an objective and meaningful assessment of the worthiness of the change, allowing the Evaluation Team to determine the appropriate further actions to take, be that continuing along the same path, modifying the path, or discontinuing the path.

Amendment No.

Texas Title I Priority Schools Grant

Schedule # 4C—Performance Assessment and Evaluation

Part 2: Process for Development of Performance Goals

Describe the process to be implemented to develop the campus' performance goals. Include the groups participating in the development of the goals.

Responses are limited to two pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

The goal development process began when Rayburn reviewed data obtained through the Comprehensive Needs Assessment (CNA). At the campus level, a multi-disciplinary team composed of campus administrators and core department coordinators disaggregated multiple data sources. The review compared 2009 data from the campus and feeder schools with the state and district means to identify gaps that differed by 5 points or more. This process was completed for all students by grade level and content areas and between subpopulations within each content area tested. The gap data was presented to the entire campus for review and started the transformation process. Teachers were given specific subsets of student data to determine the most critical student groups that required immediate intervention. Each grade level team was then divided into small groups by content area to analyze their specific content deficiencies based on multi-year data sets from Benchmark and TAKS data. Campus administrators next determined the appropriate use of the data collected and the manner in which it will be disseminated across grade level and content area teams. This required administrators to look beyond the confines of traditional campus data and explore how the data should be used with regard to staff, teachers, students, parents and program needs. To address this need, they consulted with district administrators, teachers, staff, parents, community members, and students to identify how to meet student and teacher needs necessary to increase student achievement. By improving Rayburn's data driven decision-making process, staff will be better equipped in identifying student achievement gaps, best practices, and make more informed decisions. Math, Reading, and Science are content areas that show the greatest gaps in student achievement. To communicate the need the principal met with the science, reading and math teachers to solicit further input towards grant development. This led to establishing goals of improving student achievement in specific areas: reading/ELA, math, science, and special education students' performance on the TAKS-M, creating common assessments, action plans to drive instruction, increasing the frequency of grade level team meetings, increasing student learning time and implementing various researched-based interventions to improve student achievement. Some of the challenges students face when they move between levels are: 1. an insufficient alignment of mathematics instruction and curriculum across grades; 2. issues with the initial mathematics content; and 3.the psychological and social factors influencing students' beliefs and perceptions about their ability to learn difficult material. These challenges present opportunities for teachers to help students bridge this transition (Schielack & Seeley, 2010). To assist students, teachers were consulted to determine how best to support them in improving student achievement, and organizational climate. A staff development plan will be created for teachers according to their students' performance and their requests, however, administrators and the TTIPS Decision Making Team wanted to ensure that practices learned are being implemented into classroom instruction. To ensure transformation is integrated into the campus culture, an Academic Coach/Site Coordinator will be hired to collaborate with the TDMT to oversee campus reform. This individual will also model lessons and ensure teachers receive meaningful job-embedded professional development. Having an individual dedicated to campus reform who directly reports to the Director of School Improvement Initiatives will further transformation efforts and campus accountability.

Paramount to this individual's responsibilities will be to conduct 3 minute walk through observations (along with the campus principal and administrators). This practice is critical to ensuring staff development is meaningful, long-term and sustained. Teachers will be more motivated to transfer reform to their respective classrooms. Furthering this motivation is the addition of the incentive plan for teachers whose students attain high achievement on the TAKS test. Through this component, teachers will be incentivized by receiving monetary awards for high student performance. Next, campus staff along with the TDMT reviewed student discipline survey data from parents, students and teachers.

Texas Title I Priority Schools Grant

Schedule # 4C—Performance Assessment and Evaluation

Part 2: Process for Development of Performance Goals

Describe the process to be implemented to develop the campus' performance goals. Include the groups participating in the development of the goals.

Responses are limited to two pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

The Safe and Drug Free Schools Coordinator also reviewed the Biennial Texas Survey of Substance Abuse results, results from the School Safety Audit, and the PEIMS 425 record to determine student needs. Counselors, non-core teaching staff and the junior administrators also reviewed discipline data and Positive Behavior Support (PBS) surveys (100% of teachers are invited to participate in the survey) to identify disciplinary patterns and In School Suspension (ISS) days that could be contributing to low student achievement. Discipline referrals reduce the number of hours students are in class thereby directly impacting student achievement. Student interventions such as peer mediation and a strong mentoring program would provide appropriate role models and conflict resolution to reduce these referrals thereby increasing instruction time. Another subset of this data is the peer-to-teacher interaction in the classroom that initiated the office referral. Administrators also realized that teachers required assistance in developing a deeper understanding their students' diverse multi-cultural backgrounds. Currently, over 82% of students are now considered economically disadvantaged and enter school with limited academic background knowledge and vocabulary than their non-economically disadvantaged peers. Despite these changes, not all teachers have received training on how to differentiate their instruction to meet the needs of these diverse learners. To remedy these issues, the campus established goals to reduce the number of annual discipline incidents each year, train staff in conducting action research to address needs, utilize the Occupational Health Instrument to evaluate school climate and create 90-day action plans.

All staff have been advised on the grant and directly or indirectly contributed to the preparation of the application, by engaging in meaningful dialog regarding Rayburn's needs and how best to transform and re-establish the campus as a community focal point and destination school. Performance goals, an evaluation plan and critical success factors were initially created at the campus level with input and collaboration from parents and community members (via the PTA and School Advisory Team), faculty and staff (during staff meetings and discussions at grade level meetings), campus administrators (during leadership meetings and informal discussions), and students. The grant was also presented to central office administrators who serve on the TTIPS Decision Making Team (TDMT) where they vetted and refined the transformation model. It was also presented and reviewed by the NISD Academics Committee, comprised of members from the district's Board of Trustees. Finally, the plan was reviewed and approved by the district Superintendent.

SCHEDULE #6A

GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

Statement of provisions and assurances for the program(s) in this application:

- A. Terms defined: As used in these Provisions and Assurances.
 - Contract means the entire document, and all of TEA's attachments, appendices, schedules (including but not limited to the General Provisions and the Special Provisions), amendments and extensions of or to the Standard Contract;
 - Agency or TEA means the Texas Education Agency;
 - Contractor means the party or parties to this contract other than Agency; including its or their officers, directors, employees, agents, representatives, consultants and subcontractors, and subcontractors' officers, directors, employees, agents, representatives and consultants;
 - Project Administrator means the person representing Agency or Contractor, as indicated by the contract, for the purposes of administering the contract project;
 - Contract Project means the purpose intended to be achieved through the contract of which these Provisions and Assurances are a part;
 - Applicant means the same as Contractor:
 - SAS means the Standard Application System of which the application document is a part;
 - "Application" means the entire package submitted by the Applicant including the schedules contained in the application and so indicated on the General Information page of the application package;
 - Amendment means an application that is revised in budget categories and/or in program activities. It includes both the
 original application and any subsequent amendments; or extensions thereto;
 - Works means all tangible or intangible material, products, ideas, documents or works of authorship prepared or created by Contractor for or on behalf of TEA at any time after the beginning date of the Contract (Works includes but is not limited to computer software, data, information, images, illustrations, designs, graphics, drawings, educational materials, assessment forms, testing materials, logos, trademarks, patentable materials, etc.); and,
 - Intellectual Property Rights means the worldwide intangible legal rights or interests evidenced by or embodied in: (a) any idea, design, concept, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (b) any work of authorship, including any copyrights, moral rights or neighboring rights; (c) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (d) domain name registrations; and (e) any other similar rights. The Intellectual Property Rights of a party include all worldwide intangible legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
 - Grant means the same as Contract;
 - Grantee means the same as Contractor;
 - Grantor means the same as Agency; and
 - DCC means the Document Control Center of Agency.
- **B.** Contingency: This contract is executed by Agency subject to the availability of funds appropriated by legislative act for the purposes stated. All amendments and/or extensions or subsequent contracts entered into for the same or continued purposes are executed contingent upon the availability of appropriated funds. Notwithstanding any other provision in this contract or any other document, this contract is void upon appropriated funds becoming unavailable. In addition, this contract may be terminated by Agency at any time for any reason upon notice to Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency. This contract may be extended or otherwise amended only by formal written amendment properly executed by both Agency and Contractor. No other agreement, written or oral, purporting to alter or amend this contract shall be valid.
- C. Contractor's Application: Furnished to Agency in response to a request for application, is incorporated in this contract by reference for all necessary purposes. It is specifically provided, however, that the provisions of this contract shall prevail in all cases of conflict arising from the terms of Contractor's application whether such application is a written part of this contract or is attached as a separate document.
- D. Requirements, Terms, Conditions, and Assurances: Which are stated in the Request for Application, in response to which Applicant is submitting this application, are incorporated herein by reference for all purposes although the current General Provisions shall prevail in the event of conflict. The instructions to the Standard Application System, as well as the General and Fiscal Guidelines and Program Guidelines, are incorporated herein by reference.

SCHEDULE #6A - cont. GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

- E. Signature Authority; Final Expression; Superseding Document: Applicant certifies that the person signing this application has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- F. State of Texas Laws: In the conduct of the contract project, Contractor shall be subject to Texas State Board of Education and Commissioner rules pertaining to this contract and the contract project and to the laws of the State of Texas governing this contract and the contract project. This contract constitutes the entire agreement between Agency and Contractor for the accomplishment of the contract project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.
- **G.** Monitoring: Desk reviews or on-site monitoring reviews may be conducted by Agency to determine compliance with the approved application and the applicable statute(s), law(s), regulations, and guidelines.
- H. Sanctions for Failure to Perform or for Noncompliance: If Contractor, in Agency's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this contract, Agency may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Any cancellation, termination, or suspension of this contract, if imposed, shall become effective at the close of business on the day of Contractor's receipt of written notice thereof from Agency.
- I. Contract Cancellation, etc.: If this contract is canceled, terminated, or suspended by Agency prior to its expiration date, the reasonable monetary value of services properly performed by Contractor pursuant to this contract prior to such cancellation, termination or suspension shall be determined by Agency and paid to Contractor as soon as reasonably possible.
- J. Indemnification:
 - For local educational agencies (LEAs), regional education service centers (ESCs), and institutions of higher education (IHEs) and state agencies: Contractor, to the extent permitted by law, shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
 - For all other grantees, subgrantees, contractors, and subcontractors, including nonprofit organizations and forprofit businesses: Contractor shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
- K. Encumbrances/Obligations and Liquidations: All encumbrances/obligations shall occur on or between the beginning and ending dates of the contract. All goods must be received and all services rendered between the beginning and ending dates of the contract. The contractor must liquidate (record as an expenditure) all obligations (encumbrances) incurred under the contract no later than 30 days after the ending date of the contract, to coincide with the submission of the final expenditure report, due 30 days after the ending date of the contract. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures, and an encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. This applies to all grant programs, including state and federal, discretionary and formula.

GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

- L. Financial Management and Accounting: Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the Financial Accountability System Resource Guide, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA Financial Accountability System Resource Guide).
- M. Expenditure Reports: Contractor shall submit expenditure reports in the time and manner requested by Agency as specified in the instructions to the Standard Application System (SAS) which are incorporated by reference. Unless otherwise specified, interim reports are due to TEA within 15 days after the end of each reporting period. Unless otherwise specified, the final expenditure report is due within 30 days after the ending date of the grant. Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA: If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention: Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
 - Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.
- P. Time and Effort Recordkeeping: For those personnel whose salaries are prorated between or among different funding sources, time and effort records will be maintained by Applicant that will confirm the services provided within each funding source. Applicant must adjust payroll records and expenditures based on this documentation. This requirement applies to all projects, regardless of funding source, unless otherwise specified. For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- Q. Forms, Assurances, and Reports: Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- R. Intellectual Property Ownership: Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

For School Districts and Nonprofit Organizations: The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Education Service Centers (ESCs): The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Colleges and Universities: The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, non-transferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

- S. Unfair Business Practices: Unfair Business Practices: By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.
 - Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be guilty of unfair business practices within 12 months from the determination of guilt.
- T. **Subcontracting:** Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- Use of Consultants: Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay: If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

- W. Agency Property (terms): In the event of loss, damage or destruction of any property owned by or loaned by Agency while in the custody or control of Contractor, its employees, agents, consultants or subcontractors, Contractor shall indemnify Agency and pay to Agency the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of Agency's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.
- X. Travel Costs: Amounts authorized for maximum recovery for travel and per diem costs against any state or federal funding source are restricted to those amounts which are approved in the State of Texas Appropriations Bill in effect for the particular funding period. Any amount over this limit must come from local funding sources. Applicant must recover funds at a lesser rate if local policy amounts are less than the maximum allowed by the state. Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.
- Y. Funds for Religious Worship, Instruction: No funds will be used to pay for religious worship, instruction, or proselytization, or for any equipment or supplies for such, or for any construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization (34 CFR 76.532 and P. L. 107-110, section 9505).
- **Z. Disclosure of Gifts and Campaign Contributions:** The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for canceling the grant.
- AA. Submission of Audit Reports to TEA: Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

Grantees which are **nonprofit organizations** (other than charter schools) and universities/colleges that expend \$500,000 or more total in federal awards in any fiscal year and are thus required to conduct a Single Audit or program-specific audit in accordance with the requirements in OMB Circular A-133, agree to submit a copy of such audit to TEA when the schedule of findings and questioned costs disclosed audit findings relating to any federal awards provided by TEA. A copy of such audit shall also be submitted to TEA if the summary schedule of prior audit findings reported the status of any audit findings relating to any federal awards provided by TEA.

A nonprofit organization or university/college grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA. Nonprofit organizations (other than charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Failure to submit a copy of the audit to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.

- **BB. Federal Rules, Laws, and Regulations That Apply to all Federal Programs:** Contractor shall be subject to and shall abide by all federal laws, rules and regulations pertaining to the contract project, including but not limited to:
 - 1. Americans With Disabilities Act, P. L. 101-336, 42 U.S.C. sec. 12101, and the regulations effectuating its provisions contained in 28 CFR Parts 35 and 36, 29 CFR Part 1630, and 47 CFR Parts 0 and 64;
 - 2. Title VI of the Civil Rights Act of 1964, as amended (prohibition of discrimination by race, color, or national origin), and the regulations effectuating its provisions contained in 34 CFR Part 100;
 - 3. **Title IX of the Education Amendments of 1972**, as amended (prohibition of sex discrimination in educational institutions) and the regulations effectuating its provisions contained in 34 CFR Part 106, if Contractor is an educational institution;
 - Section 504 of the Rehabilitation Act of 1973, as amended (nondiscrimination on the basis of handicapping condition), and the regulations effectuating its provisions contained in 34 CFR Part 104 and 105;

Texas Title I Priority Schools Grant

- the Age Discrimination Act of 1975, as amended (prohibition of discrimination on basis of age), and any regulations issued thereunder, including the provisions contained in 34 CFR Part 110;
- the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended (ensures access to educational records for students and parents while protecting the privacy of such records), and any regulations issued thereunder, including Privacy Rights of Parents and Students (34 CFR Part 99), if Contractor is an educational institution (20 USC 1232g);
- 7. Section 509 of H.R. 5233 as incorporated by reference in P. L. 99-500 and P. L. 99-591 (prohibition against the use of federal grant funds to influence legislation pending before Congress);
- 8. **Pro-Children Act of 2001**, which states that no person shall permit smoking within any indoor facility owned or leased or contracted and utilized for the provision of routine or regular kindergarten, elementary, or secondary education or library services to children [P. L. 107-110, Section 4303(a)]. In addition, no person shall permit smoking within any indoor facility (or portion of such a facility) owned or leased or contracted and utilized for the provision of regular or routine health care or day care or early childhood development (Head Start) services [P. L. 107-110, Section 4303(b)(1)]. Any failure to comply with a prohibition in this Act shall be considered to be a violation of this Act and any person subject to such prohibition who commits such violation may be liable to the United States for a civil penalty, as determined by the Secretary of Education (P. L. 107-110, Section 4303(e)(1)].
- 9. Fair Labor Standards Act (29 USC 207), Davis Bacon Act (40 USC 276(a), and Contract Work Hours and Safety Standards Act (40 USC 327 et seq.), as applicable, and their implementing regulations in 29 CFR 500-899, 29 CFR Parts 1,3,5, and 7, and 29 CFR Parts 5 and 1926, respectively.
- 10. **Buy America Act:** Contractor certifies that it is in compliance with the Buy America Act in that each end product purchased under any federally funded supply contract exceeding \$2,500 is considered to have been substantially produced or manufactured in the United States. End products exempt from this requirement are those for which the cost would be unreasonable, products manufactured in the U. S. that are not of satisfactory quality, or products for which the agency head determines that domestic preference would be inconsistent with the public interest. Contractor also certifies that documentation will be maintained that documents compliance with this requirement (FAR 25.1-.2).
- 11. P.L. 103-227, Title X, Miscellaneous Provisions of the GOALS 2000: Educate America Act; P.L. 103-382, Title XIV, General Provisions of the Elementary and Secondary Education Act, as amended; and General Education Provisions Act, as amended.
- 12. Prohibition of Text Messaging and E-mailing while Driving during Official Federal Grant Business:

 Personnel funded from federal grants and their subcontractors and subgrantees are prohibited from text messaging while driving an organization-owned vehicle, or while driving their own privately owned vehicle during official grant business, or from using organization-supplied electronic equipment to text message or e-mail while driving. Recipients must comply with these conditions under Executive Order 13513, "Federal Leadership On Reducing Text Messaging While Driving," October 1, 2009 (pursuant to provisions attached to federal grants funded by the U.S. Department of Education).

CC. Federal Regulations Applicable to All Federal Programs:

- 1. For Local Educational Agencies (LEAs): 28 CFR 35 Subparts A-E, 28 CFR 36 Subparts C & D, Appendix A, 29 CFR 1630, 34 CFR 75 or 76 as applicable, 77, 79, 80, 81, 82, 85, 97, 98, 99, 104, 47 CFR 0 and 64, and OMB Circulars A-87 (Cost Principles), A-133 (Audits), and A-102 (Uniform Administrative Requirements);
- 2. For Education Service Centers (ESCs): 28 CFR 35 Subparts A-E, 28 CFR 36 Subparts C & D, Appendix A, 29 CFR 1630, 34 CFR 75 or 76 as applicable, 77, 79, 80, 81, 82, 85, 97, 98, 99, 104, 47 CFR 0 and 64, and OMB Circulars A-87 (Cost Principles), A-133 (Audits), and A-102 (Uniform Administrative Requirements);
- 3. For Institutions of Higher Education (IHEs): 28 CFR 35 Subparts A-E, 28 CFR 36 Subparts C & D, Appendix A, 29 CFR 1630, 34 CFR 74, 77, 79, 81, 82, 85, 86, 97, 98, 99, 104, 47 CFR 0 and 64, and OMB Circulars A-21 (Cost Principles), A-133 (Audits), and A-110 (Uniform Administrative Requirements);
- 4. For Nonprofit Organizations: 28 CFR 35 Subparts A-E, 28 CFR 36 Subparts C & D, Appendix A, 29 CFR 1630, 34 CFR 74, 77, 79, 81, 82, 85, 97, 98, 99, 104, 47 CFR 0 and 64, and OMB Circulars A-122 (Cost Principles), A-133 (Audits), and A-110 (Uniform Administrative Requirements);
- 5. For State Agencies: 28 CFR 35 Subparts A-E, 28 CFR 36 Subparts C & D, Appendix A, 29 CFR 1630, 34 CFR 76, 80, 81, 82, 85, 97, 98, 99, 104, 47 CFR 0 and 64, OMB Circulars A-87 (Cost Principles), A-133 (Audits), and A-102 (Uniform Administrative Requirements); and
- 6. For Commercial (for-profit) Organizations: 29 CFR 1630 and 48 CFR Part 31.

DD. General Education Provisions Act (GEPA), as Amended, <u>Applicable to All Federal Programs Funded or Administered Through or By the U. S. Department of Education</u>:

1. Participation in Planning: Applicant will provide reasonable opportunities for the participation by teachers, parents, and other interested parties, organizations, and individuals in the planning for and operation of each program described in this application (20 USC 1232(e)).

SCHEDULE #6A - cont. GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

- Availability of Information: Any application, evaluation, periodic program plan, or report relating to each program
 described in this application will be made readily available to parents and other members of the general public (20 USC
 1232(e)).
- 3. **Sharing of Information:** Contractor certifies that it has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program described in this application significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects (20 USC 1232(e)).
- 4. **Prohibition of Funds for Busing**: The applicant certifies that no federal funds (except for funds appropriated specifically for this purpose) will be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system (20 USC 1228).
- 5. **Direct Financial Benefit:** Contractor certifies that funds expended under any federal program will not be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization [20 USC 1232(b)(8)].
- **EE.** Payment for Services: Payment for service(s) described in this Contract is contingent upon satisfactory completion of the service(s). Satisfaction will be determined by TEA's Project Administrator, in his sole discretion but in accordance with reasonable standards and upon advice of his superiors in TEA, If necessary.
- FF. Family Code Applicability: By signing this Contract, Contractor, if other than a state agency, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive payment under this Contract and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the Contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the Contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- **GG. Interpretation:** In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, the TEA Contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this contract.
- HH. Registered Lobbyists: No state or federal funds transferred to a contractor/grantee may be used to hire a registered lobbyist.
- II. Test Administration and Security: This contract is executed by Agency subject to assurance by Contractor that it has at all times been and shall remain in full compliance with Title 19, Texas Administrative Code Chapter 101, and all requirements and procedures for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Notwithstanding any other provision in this contract or any other document, this contract is void upon notice by Agency, in its sole discretion, that Contractor or any school, campus, or program operated by Contractor has at any time committed a material violation of Title 19, Texas Administrative Code Chapter 101, or any requirement or procedure for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency.
- **JJ. Social Security Numbers:** Social Security numbers will not be provided by TEA as a part of this agreement. TEA is not requiring or requesting school districts or other grantees to provide Social Security numbers as a part of this agreement.
- KK. Student-identifying Information: Contractor agrees that in executing tasks on behalf of TEA, Contractor will not use any student-identifying information in any way that violates the provisions of FERPA and will destroy or return all student-identifying information to TEA within thirty (30) days of project completion.

SCHEDULE #6A - cont. GENERAL PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915 County-District No.

Texas Title I Priority Schools Grant

LL. High-Risk Status, Special Conditions, and Enforcement Actions: Pursuant to the provisions in 34 CFR 80.12 and 74.14, a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA's Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including payment on a reimbursement basis; withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period; requiring additional, more detailed financial reports; additional project monitoring; requiring the grantee to obtain technical or management assistance; establishing additional prior approvals; or other conditions that may be legally available. A grantee identified as high-risk will be notified in writing by TEA of the special conditions imposed and the process for removing the high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43 and 74.62, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances: temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action; disallow all or part of the cost of an activity or action not in compliance; wholly or partly suspend or terminate the current award; withhold further awards for the program; or take other remedies that may be legally available. If an enforcement action is imposed, the grantee will be notified in writing by TEA of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right to not award a discretionary grant to a high-risk grantee or to a grantee that is materially non-compliant with the terms and conditions of another award.

Rev. 03/2010

The signing of Schedule #1 - General Information by applicant indicates acceptance of and compliance with all requirements described on this schedule.

SCHEDULE #6 B

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.11.

Terms defined: As used in these Provisions and Assurances

- "Covered Transaction"— A transaction under Federal non-procurement programs, which can be either a primary covered transaction or a lower tier covered transaction.
- "Lower Tier Covered Transaction"— (1) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction; (2) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold of \$25,000; (3) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount.
- "Participant" Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction, including an agent or representative of another participant.
- "Principal"— An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or a consultant or other person, whether or not employed by the participant or paid with Federal funds, who (1) is in a position to handle Federal funds; (2) is in a position to influence or control the use of those funds; or (3) occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
- "Excluded Parties List System (EPLS)"— The list maintained and disseminated by the General Services Administration (GSA) containing names and other information about persons who are ineligible.
- "Debarment"— Action taken by a debarring official (Federal agency) to exclude a person (recipient) from participating in covered transactions.
- "Suspension"— An action taken that immediately prohibits a person from participating in covered transactions for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensure
- "Ineligible" generally refers to a person who is either excluded or disqualified.
- "Person"— Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
- "Proposal"—A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.
- "Voluntarily Excluded"—A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.
- 1. By signing SAS Schedule #1 and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- 3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

TEXAS EDUCATION AGENCY

Standard Application System School Years 2010-2013

Required for all federal grants regardless of the dollar amount

015-915

County-District No.

Texas Title I Priority Schools Grant

- 5. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Non-procurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

- (1) The prospective lower tier participant certifies, by signature on SAS Schedule #1 and by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

ED 80-0014, 9/90 (Replaces GCS-009 (REV.12/88), which is obsolete)

68 FR 66544, 66611, 66612, 66613, 66614, November 26, 2003

As amended by the Texas Education Agency (04/02)

The signing of Schedule #1--General Information by applicant indicates acceptance of all requirements described on this schedule.

SCHEDULE #6C.

Lobbying Certification

TEXAS EDUCATION AGENCY

Standard Application System School Years 2010-2013

Required for all federally funded grants greater than \$100,000.

015-915

County-District No.

Texas Title I Priority Schools Grant

Submission of this certification covers all federal programs in this application, is required by the U. S. Department of Education and Section 1352, Title 31, of the United States Code, and is a prerequisite for making or entering into a subgrant or subcontract over \$100,000 with any organization. (Read instructions for this schedule for further information.)

The applicant certifies by signature on Schedule #1 - General Information, to the best of his or her knowledge and belief, that:

- (1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.
- (2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (See Schedule #6D - Disclosure of Lobbying Activities.)
- (3) The applicant shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact on which the U. S. Department of Education and the Texas Education Agency relied when they made or entered into this grant or contract. Any organization that fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Dept. of Education form #ED 80-0008 As amended by the Texas Education Agency 11/89 03/90

The signing of Schedule #1--General Information by applicant indicates acceptance of all requirements described on this schedule.

Texas Title I Priority Schools Grant

The following special provisions apply to all programs funded under the Elementary and Secondary Education Act, as amended by P. L. 107-110, No Child Left Behind (NCLB) Act of 2001. By signing Schedule #1 of this SAS, the applicant is assuring it is in compliance with the following provisions:

- A. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
- B. The control of funds provided under each such program and title to property acquired with program funds will be in a public agency or in a nonprofit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to such entities.
- C. The public agency, nonprofit private agency, institution, or organization, or Indian tribe will administer such funds and property to the extent required by the authorizing statutes.
- D. The applicant will adopt and use proper methods of administering each such program, including the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program and the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
- E. The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the Texas Education Agency, the Secretary of Education or other federal officials.
- F. The applicant will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, federal funds paid to such applicant under each such program.
- **G.** The applicant will submit such reports to the Texas Education Agency (which shall make the reports available to the Governor) and the Secretary of Education, as the Texas Education Agency and the Secretary of Education may require to enable the Texas Education Agency and the Secretary of Education to perform their duties under each such program.
- H. The applicant will maintain such records, provide such information, and afford access to the records as the Agency (after consultation with the Governor) or the Secretary may find necessary to carry out the Agency's or the Secretary's duties.
- I. Before the application was submitted, the applicant afforded a reasonable opportunity for public comment on the application and has considered such comment.
- J. Gun-Free Schools Act: The local education agency assures that it is in compliance with Section 37.007(e) of the Texas Education Code, which requires expulsion of a student who brings to school or possesses at school a firearm as defined by 18 U.S.C. Section 2891 [pursuant to the requirements in P. L. 107-110, Section 4141(d)(1)]. In addition, the local educational agency certifies that it has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school [P. L. 107-110, Section 4141(h)(1)].
- K. Student Records Transfer: The local educational agency shall ensure that a student's records and, if applicable, a student's individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to the charter school, and to another public school upon the transfer of the student from a charter school to another public school, in accordance with applicable state law (P. L. 107-110, section 5208).
- L. Consolidation of Administrative Funds: A local educational agency, with the approval of TEA, may consolidate and use for the administration of one or more programs under the No Child Left Behind Act not more than the percentage, established in each program, of the total available for the local educational agency under those programs. A local educational agency that consolidates administrative funds shall not use any other funds under the programs included in the consolidation for administration for that fiscal year. Consolidated administrative funds shall be used for the administration of the programs covered and may be used for coordination of these programs with other federal and non-federal programs and for dissemination of information regarding model programs and practices.
- M. Privacy of Assessment Results: Any results from an individual assessment referred to in the No Child Left Behind Act of a student that become part of the education records of the student shall have the protections provided in section 444 of the General Education Provisions Act [P. L. 107-110, section 9523 and the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended].

School Years 2010-2013

015-915

County-District No.

- N. School Prayer: The local educational agency certifies that it is in compliance with Section 25.901 of the Texas Education Code. In addition, as a condition of receiving funds under the No Child Left Behind Act, the local educational agency certifies that no policy of the local educational agency prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the guidance provided by the U. S. Secretary of Education pertaining to such. The state educational agency shall report to the Secretary of Education each year a list of those local educational agencies that have not filed this assurance or against which complaints have been made to the State educational agency that the local educational agencies are not in compliance with this requirement (P. L. 107-110, section 9524(b).
- O. Equal Access to Public Schools Facilities Boy Scouts of America Equal Access Act: No public elementary school, public secondary school or local educational agency that has a designated open forum or a limited public forum and that receives funds made available from the U.S. Department of Education shall deny equal access or a fair opportunity to meet, or to discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society), that wishes to conduct a meeting within that designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the youth group listed in Title 36 of the United States Code (as a patriotic society). For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory. Nothing in this section shall be construed to require any school, agency, or a school served by an agency to sponsor any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society). Compliance with this provision will be enforced through rules and orders issued by the Office for Civil Rights. If the public school or agency does not comply with the rules or orders, no funds made available through the Department of Education shall be provided by a school that fails to comply with such rules or orders or to any agency or school served by an agency that falls to comply with such rules or orders (P. L. 107-110, section 9525).
- P. General Prohibitions: None of the funds authorized under the No Child Left Behind Act shall be used to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; to provide sex education or HIV-prevention education in schools that instruction is age appropriate and includes the health benefits of abstinence; or to operate a program of contraceptive distribution in schools (P. L. 107-110, section 9526).
- Q. Armed Forces Recruiter Access to Students and Student Recruiting Information: In accordance with guidance issued by the U. S. Department of Education, each local educational agency receiving assistance under the No Child Left Behind Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, address, and telephone listings, upon prior written consent of a student or the parent of a student. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational or private nonprofit school shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving assistance under the No Child Left Behind Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students (P. L. 107-110, section 9528).
- R. Unsafe School Choice Option: The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school (P. L. 107-110, section 9532).
- S. Civil Rights: Nothing in the No Child Left Behind Act shall be construed to permit discrimination on the basis of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, or disability in any program funded under the No Child Left Behind Act (P. L. 107-110, section 9534).

015-915

County-District No.

- T. Student Privacy, Parental Access to Information, and Administration of Certain Physical Examinations to Minors: The local educational agency assures that it is in compliance with Chapter 26 of the Texas Education Code concerning parental rights and responsibilities. In addition, the local educational agency receiving funds under the No Child Left Behind Act certifies that it shall develop and adopt policies, in consultation with parents, regarding certain rights of a parent to access and inspect information; student privacy; the administration of physical examinations or screenings (except for examinations or screenings required by state law); and the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. The local educational agency also assures that it is in compliance with the requirements for annually notifying parents of such policies and specific events (P. L. 107-110, Title X, Part F, section 1061).
- U. Assurances related to the education of homeless children and youths:
 - (1) The LEA assures that each child of a homeless individual and each homeless youth shall have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth.
 - (2) The LEA assures that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
 - (3) The LEA assures that it will review and undertake steps to revise any laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.
 - (4) The LEA assures that it will not separate students from the mainstream school environment on the basis of homelessness alone.
 - (5) The LEA assures that homeless children and youth have access to the education and other services that they need to in order to meet the same challenging State student academic achievement standards to which all students are held.
- V. Definitions: The following terms shall be defined as follows for programs authorized and carried out under the No Child Left Behind Act of 2001:
 - 1. Charter School: An open enrollment charter school receiving federal funds of any type must meet the federal definition of a charter school as provided in P. L. 107-110, Section 5210(1). The term "charter school" means a school that:
 - (A) is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and control;
 - (B) operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency [i.e., the State Board of Education (SBOE)];
 - (C) provides a program of elementary or secondary education, or both;
 - (D) is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious instruction;
 - (E) does not charge tuition;
 - (F) complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act;
 - (G) is a school to which parents choose to send their children, and that admits students on the basis of a lottery, if more students apply for admission than can be accommodated;
 - (H) agrees to comply with the same Federal and State audit requirements as do other elementary schools and secondary schools in the State, unless such requirements are specifically waived for the purpose of this program;
 - (I) meets all applicable Federal, State, and local health and safety requirements;
 - (J) operates in accordance with State law; and
 - (K) has a written performance contract with the authorized public chartering agency in the State (i.e., SBOE) that includes a description of how student performance will be measured pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the SBOE.
 - 2. Community-Based Organization: A public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segment of a community and that provides educational or related services to individuals in the community.
 - 3. Core Academic Subjects: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, art, history, and geography.

Texas Title I Priority Schools Grant

4. Highly Qualified:

- (A) when used with respect to any public elementary school or secondary school teacher teaching in a State, means that—
 - (i) the teacher has obtained full State certification as a teacher (including certification obtained through alternative routes to certification) or passed the State teacher licensing examination, and holds a license to teach in such State, except that when used with respect to any teacher teaching in a public charter school, the term means that the teacher meets the requirements set forth in the State's public charter school law; and
 - (ii) the teacher has not had certification or licensure requirements waived on an emergency, temporary, or provisional basis;
- (B) when used with respect to-
 - (i) an elementary school teacher who is new to the profession, means that the teacher-
 - (I) holds at least a bachelor's degree; and
 - (II) has demonstrated, by passing a rigorous State test, subject knowledge and teaching skills in reading, writing, mathematics, and other areas of the basic elementary school curriculum (which may consist of passing a State-required certification or licensing test or tests in reading, writing, mathematics, and other areas of the basic elementary school curriculum); or
 - (ii) a middle or secondary school teacher who is new to the profession, means that the teacher holds at least a bachelor's degree and has demonstrated a high level of competency in each of the academic subjects in which the teacher teaches by-
 - passing a rigorous State academic subject test in each of the academic subjects in which the teacher teaches (which may consist of a passing level of performance on a State-required certification or licensing test or tests in each of the academic subjects in which the teacher teaches); or
 - (II) successful completion, in each of the academic subjects in which the teacher teaches, of an academic major, a graduate degree, coursework equivalent to an undergraduate academic major, or advanced certification or credentialing; and
- (C) when used with respect to an elementary, middle, or secondary school teacher who is not new to the profession, means that the teacher holds at least a bachelor's degree and—
 - (i) has met the applicable standard in clause (i) or (ii) of subparagraph (B), which includes an option for a test; or
 - (ii) demonstrates competence in all the academic subjects in which the teacher teaches based on a high objective uniform State standard of evaluation that—
 - (I) is set by the State for both grade appropriate academic subject matter knowledge and teaching skills;
 - (II) is aligned with challenging State academic content and student academic achievement standards and developed in consultation with core content specialists, teachers, principals, and school administrators;
 - (III) provides objective, coherent information about the teacher's attainment of core content knowledge in the academic subjects in which a teacher teaches;
 - (IV) is applied uniformly to all teachers in the same academic subject and the same grade level throughout the State;
 - takes into consideration, but not be based primarily on, the time the teacher has been teaching in the academic subject;
 - (VI) is made available to the public upon request; and
 - (VII) may involve multiple, objective measures of teacher competency.
- 5. Parental Involvement: The participation of parents in regular, two-way and meaningful communication involving student academic learning and other school activities, including ensuring:
 - (A) that parents play an integral role in assisting their child's learning;
 - (B) that parents are encouraged to be actively involved in their child's education at school;
 - (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and
 - (D) the carrying out of other activities, such as those described in section 1118 of P. L. 107-110.

i. Professional Development includes activities that:

- (A) improve and increase teachers' knowledge of the academic subjects the teachers teach, and enable teachers to become highly qualified;
- (B) are an integral part of broad schoolwide and districtwide educational improvement plans;
- (C) give teachers, principals, and administrators the knowledge and skills to provide the students with the opportunity to meet challenging State academic content standards and student academic achievement standards;
- (D) improve classroom management skills;
- (E) are high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom and are not one-day or short-term workshops or conferences;
- (F) support the recruiting, hiring, and training of highly qualified teachers, including teachers who became highly qualified through State and local alternative routes to certification;
- (G) advance teacher understanding of effective instructional strategies that are:
- (H) based on scientifically based research (except for programs under Title II, Part D, Enhancing Education Through Technology of this Act); and
- strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers; and
- (J) are aligned with and directly related to State academic content standards, student academic achievement standards, and assessments and the curricula and programs tied to the standards;
- (K) are developed with extensive participation of teachers, principals, parents, and administrators of schools to be served under this Act;
- (L) are designed to give teachers of limited English proficient children, and other teachers and instructional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula an assessments;
- (M) to the extent appropriate, provide training for teachers and principals in the use of technology so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and core academic subjects in which the teachers teach;
- (N) as a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement with the findings of the evaluations used to improve the quality of professional development;
- (O) provide instruction in methods of teaching children with special needs;
- (P) include instruction in the use of data and assessments to inform and instruct classroom practice;
- (Q) include instruction in ways that teachers, principals, pupil services personnel, and school administrators may work more effectively with parents; and
- (R) may include activities that:
 - (i) involve the forming of partnerships with institutions of higher education to establish school-based teacher training programs that provide prospective teachers and beginning teachers with an opportunity to work under the guidance of experienced teachers and college faculty;
 - (ii) create programs to enable paraprofessionals (assisting teachers employed by an LEA receiving assistance under Title I Part A) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers; and
 - (iii) provide follow-up training to teachers who have participated in activities described previously in this definition that are designed to ensure that the knowledge and skills learned by the teachers are implemented in the classroom.

7. Scientifically Based Research:

- (A) means research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs; and
- (B) includes research that:
 - (i) employs systematic, empirical methods that draw on observation or experiment;
 - (ii) involves rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions drawn;
 - (iii) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;

Texas Title I Priority Schools Grant

- (iv) relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;
- (v) is evaluated using experimental or quasi-experimental designs in which individuals, entities, programs, or activities are assigned to different conditions and with appropriate controls to evaluate the effects of the condition of interest, with a preference for random-assignment experiments, or other designs to the extent that those designs contain within-condition or across-condition controls;
- (vi) ensures that experimental studies are presented in sufficient detail and clarity to allow for replication or, at a minimum, offer the opportunity to build systematically on their findings; and
- (vii)has been accepted by a peer-reviewed journal or approved by a panel of independent experts through a comparably rigorous, objective, and scientific review.
- 8. Teacher Mentoring: Activities that-
 - (A) consist of structured guidance and regular and ongoing support for teachers, especially beginning teachers, that-
 - (i) are designed to help the teachers continue to improve their practice of teaching and to develop their instructional skills; and part of an ongoing developmental induction process that—
 - (I) involves the assistance of an exemplary teacher and other appropriate individuals from a school, local educational agency, or institution of higher education; and
 - (II) may include coaching, classroom observation, team teaching, and reduced teaching loads; and
 - (III) may include the establishment of a partnership by a local educational agency with an institution of higher education.
- 9. Technology: State-of-the-art technology products and services.
- W. ESEA Performance Goals, Indicators, and Performance Reporting: The LEA assures it has adopted the five performance goals and the related performance indicators established by the U. S. Department of Education and as submitted in the Texas Consolidated State Application for Funds Under the No Child Left Behind Act. The LEA also assures that it will develop and implement procedures for collecting data related to the performance indicators where such data is not already collected through the Academic Excellence Indicator System (AEIS) or PEIMS and that it will report such data to the Agency in the time and manner requested.
- X. Transfer of School Disciplinary Records: The LEA assures it has a procedure in place to transfer disciplinary records, with respect to a suspension or expulsion, to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll, on a full- or part-time basis, in the school. This requirement shall not apply to any disciplinary records with respect to a suspension or expulsion that are transferred from a private, parochial or other nonpublic school, person, institution, or other entity, that provides education below the college level (P. L. 107-110, section 4155).

Revised 03/03

The signing of Schedule #1 - General Information by applicant indicates acceptance of and compliance with all requirements described on this schedule.

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

Federal Statutory Requirements

- 1) The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each school.
- 2) The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in the LEA's application in order to implement, fully and effectively, the required activities of the school intervention model it has selected.
- If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve each Tier I school.
- 4) The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the services the campus will receive or the activities the campus will implement.
- The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality.
- 6) The LEA must describe actions it has taken, or will take, to align other resources with the interventions.
- 7) The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively.
- 8) The LEA must describe actions it has taken, or will take, to sustain the reforms after the funding period ends.
- 9) The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each campus.
- 10) The LEA must describe the annual goals for student achievement on the State's assessments in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school improvement funds.
- 11) As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of school improvement models on its campus.
- 12) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- 13) Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal requirements.
- Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive grant funds.
- 15) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization (CMO), or education management organization (EMO) accountable for complying with the final federal requirements.
- 16) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 17) If the LEA/campus selects to implement the <u>turnaround model</u>, the campus **must** implement the following federal requirements.
 - a. Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve student achievement outcomes and increase high school graduation rates;
 - b. Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround environment to meet the needs of students;
 - 1. Screen all existing staff and rehire no more than 50 percent; and
 - 2. Select new staff.
 - c. Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in the turnaround school;
 - d. Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies;
 - e. Adopt a new governance structure, which may include, but is not limited to, requiring the school to report to a

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

new "turnaround office" in the LEA or SEA, hire a "turnaround leader" who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability;

- f. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;
- g. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;
- h. Establish schedules and implement strategies that provide increased learning time (as defined in this notice); and
- . Provide appropriate social-emotional and community-oriented services and supports for students.
- 18) If the LEA/campus selects to implement the <u>turnaround model</u>, the campus **may** implement the following federal requirements.
 - 1. Any of the required and permissible activities under the transformation model; or
 - 2. A new school model (e.g., themed, dual language academy).
- 19) If the LEA/campus selects to implement the school <u>closure model</u>, the campus <u>must</u> implement the following requirement.
 - a. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available.
 - A grant for school closure is a one-year grant without the possibility of continued funding.
- 20) If the LEA/campus selects to implement the <u>restart model</u>, the campus <u>must</u> implement the following federal requirements.
 - a. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.
 - Enroll, within the grades it serves, any former student who wishes to attend the school.
- 21) If the LEA/campus selects to implement the <u>transformation model</u>, the campus **must** implement the following federal requirements.
 - 1. Develop and increase teacher and school leader effectiveness.
 - (A) Replace the principal who led the school prior to commencement of the transformation model;
 - (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--
 - (1) Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
 - (2) Are designed and developed with teacher and principal involvement;
 - (C) Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
 - D) Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
 - (E) Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school.
 - 2. Comprehensive instructional reform strategies.
 - (A) Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
 - (B) Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of

individual students.

- 3. Increasing learning time and creating community-oriented schools.
 - (A) Establish schedules and strategies that provide increased learning time; and
 - (B) Provide ongoing mechanisms for family and community engagement.
- 4. Providing operational flexibility and sustained support.
 - (A) Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
 - (B) Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- 22) An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-
 - (A) Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
 - (B) Institute a system for measuring changes in instructional practices resulting from professional development; or
 - (C) Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.
- 23) An LEA may also implement comprehensive instructional reform strategies, such as-
 - (A) Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective;
 - (B) Implement a schoolwide "response-to-intervention" model;
 - (C) Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive environment and to ensure that limited English proficient students acquire language skills to master academic content;
 - (D) Use and integrate technology-based supports and interventions as part of the instructional program; and
 - (E) In secondary schools--
 - (1) Increase rigor by offering opportunities for students to enroll in advanced coursework (such as Advanced Placement; International Baccalaureate; or science, technology, engineering, and mathematics courses, especially those that incorporate rigorous and relevant project-, inquiry-, or design-based contextual learning opportunities), earlycollege high schools, dual enrollment programs, or thematic learning academies that prepare students for college and careers, including by providing appropriate supports designed to ensure that low-achieving students can take advantage of these programs and coursework;
 - (2) Improve student transition from middle to high school through summer transition programs or freshman academies;
 - (3) Increase graduation rates through, for example, credit-recovery programs, reengagement strategies, smaller learning communities, competency-based instruction and performance-based assessments, and acceleration of basic reading and mathematics skills; or
 - (4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 24) An LEA may also implement other strategies that extend learning time and create community-oriented schools, such as--

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

County-District No.

Texas Title I Priority Schools Grant

- (A) Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs;
- (B) Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
- (C) Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or
- (D) Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 25) The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-
 - (A) Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
 - (B) Implement a per-pupil school-based budget formula that is weighted based on student needs.

Statutory Program Assurances

- 1) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an
 intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal
 requirements.
- 3) Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive school improvement funds.
- 4) Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final federal requirements.
- 5) Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final federal requirements.
- 6) Applicant provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.

TEA Program Assurances

- Before full implementation funds are made available, the grantee must demonstrate that all early implementation activities have been completed. Successful completion of the early implementation will be measured in the Quarterly Implementation Reports, the Model Selection and Description Report, and through participation in TEA technical assistance. Copies of the above named reports can be found on the TTIPS website at the following link: http://www.tea.state.tx.us/index4.aspx?id=7354&menu_id=798
 - a. The Model Selection and Description Report must be submitted to TEA no later than <u>February 1, 2011</u>. This report may be submitted at any time prior to the deadline. Grantees must demonstrate successful completion of the following activities:
 - i. Comprehensive Needs Assessment process.
 - ii. Establish the grant budget by the required categories.
 - iii. Identification and Selection of the intervention model.
 - iv. Development of activities to implement selected intervention model.
 - v. Development of Timeline of Grant Activities.
- 2) The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant.
- 3) The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

School Year 2010-2013

015-915

County-District No.

- 4) For LEAs selecting the TEA Designed Model, the applicant must participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.
- 5) The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
- 6) The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant intervention models.
- 7) The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.
- 8) The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
- 9) The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership capacity.
- 10) If the LEA/Tier III campus selects to implement the <u>transformation model</u>, the campus assures that it will it implement the following federal requirements.
 - 1. Develop and increase teacher and school leader effectiveness.
 - A. Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training.
 - B.Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
 - C.Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
 - D.Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals:
 - 1.Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
 - 2. Are designed and developed and with teacher and principal involvement
 - 2. Comprehensive instructional reform strategies.
 - Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
 - B. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.
 - 3. Increasing learning time and creating community-oriented schools.
 - A. Establish schedules and strategies that provide increased learning time; and
 - B. Provide ongoing mechanisms for family and community engagement.
 - 4. Providing operational flexibility and sustained support.
 - A. Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student achievement outcomes and increase high school graduation rates; and
 - B. Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- 11) An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-
 - A. Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
 - B. Institute a system for measuring changes in instructional practices resulting from professional development; or
 - C. Ensure that the school is not required to accept a teacher without the mutual consent of the teacher and principal, regardless of the teacher's seniority.

 - 4) Establish early-warning systems to identify students who may be at risk of failing to achieve to high standards or graduate.
- 13) An LEA may also implement other strategies that extend learning time and create community-oriented schools, such as--
 - A. Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that meet students' social, emotional, and health needs:
 - B. Extend or restructure the school day so as to add time for such strategies as advisory periods that build relationships between students, faculty, and other school staff;
 - C. Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student harassment; or
 - D. Expand the school program to offer full-day kindergarten or pre-kindergarten.
- 14) The LEA may also implement other strategies for providing operational flexibility and intensive support, such as—
 - A. Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
 - B. Implement a per-pupil school-based budget formula that is weighted based on student needs.
- 15) The LEA/campus assures TEA that data to meet the following federal requirements will be available and reported as requested.
 - a. Number of minutes within the school year.
 - b. Average scale scores on State assessments in reading/language arts and in mathematics, by grade, for the "all students" group, for each achievement quartile, and for each subgroup.
 - Number and percentage of students completing advanced coursework (e.g., AP/IB), early-college high schools, or dual enrollment classes. (High Schools Only)
 - d. College enrollment rates. (High Schools Only)
 - e. Teacher Attendance Rate
 - f. Student Completion Rate
 - q. Student Drop-Out Rate
 - h. Locally developed competencies created to identify teacher strengths/weaknesses
 - Types of support offered to teachers
 - j. Types of on-going, job-embedded professional development for teachers
 - k. Types of on-going, job-embedded professional development for administrators
 - I. Strategies to increase parent/community involvement
 - m. Strategies which increase student learning time

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

By submitting the application for American Recovery and Reinvestment Act (ARRA) funds (P.L. 111-5), the applicant agrees to comply with the following provisions and assurances for all programs authorized in Division A of the ARRA, Title I School Improvement Grant (SIG). The applicant understands that failure to comply with one or more of these provisions and assurances may result in the Texas Education Agency (TEA) taking one or more enforcement actions authorized in Title 34 of the Code of Federal Regulations (CFR) §§ 74.62 and 80.43.

In addition to the standard terms of award, all funding provided under the Recovery Act will be subject to the provisions, assurances and conditions for American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

Terms defined:

RECIPIENT – The term "recipient" means a State and includes the Texas Education Agency (TEA). It also includes any entity that applies for and receives a grant directly from the federal government.

RECOVERY FUNDS —The term "recovery funds" means any funds that are made available from appropriations made under the Recovery Act.

RECOVERY ACT - the American Recovery and Reinvestment Act (ARRA) of 2009 (P.L. 111-5)

STIMULUS FUNDS – The term "stimulus funds" means any funds that are made available from appropriations under the Recovery Act; the term may be used interchangeably with "recovery funds."

GRANTEE - the subrecipient of TEA and applicant of funds.

A. One-Time Funding: Unless otherwise specified, ARRA funding is considered one-time funding that is expected to be temporary. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA's reporting and accountability requirements, and promptly begin spending funds to help drive the nation's economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.

B. Period of Availability and Encumbrances/Obligations: Unless otherwise specified in the Notice of Grant Award (NOGA), all funds are effective from the beginning date specified on the Notice of Grant Award (NOGA) through June 30, 2013. Carryover of funds will not be available beyond that date. Unobligated/unexpended funds will be returned to the Department of Treasury. The paragraph in the General Provisions pertaining to Encumbrances and Obligations applies as follows:

All encumbrances shall occur on or between the beginning and ending dates of the contract. All goods must be received and services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. When an obligation is made is defined in 34 CFR 76.707.

County-District No.

Texas Title I Priority Schools Grant

- C. Compliance with Other Provisions and Assurances: All provisions and assurances stated in the General Provisions, Certification Regarding Debarment and Suspension, Lobbying Certification and Disclosure of Lobbying, No Child Left Behind Act (NCLB) Special Provisions and Assurances, and all other program-specific provisions and assurances apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. This includes compliance with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; and all other nondiscrimination provisions. It also includes Title VII of the Civil Rights Act of 1964 (prohibiting race, color, national origin, religion, and sex discrimination in employment; the Americans with Disabilities Act (prohibiting disability discrimination in employment and in services provided by entities receiving federal funds); as well as any other applicable civil rights laws. By submitting this application, the applicant agrees to comply with all such provisions and assurances.
- **D. Compliance with Other Program Statutes:** The applicant agrees to comply with the authorizing program statutes, regulations, non-regulatory guidelines, and other guidance in the implementation of the programs receiving funding under ARRA. This includes compliance with comparability; supplement, not supplant; maintenance of effort (MOE); equitable participation for private nonprofit school students and teachers; and all other program-specific provisions and requirements. All such are hereby incorporated by reference.
- **E. DUNS Number:** All entities receiving any federal funds, including ARRA funds, are required to have a DUNS (Dunn & Bradstreet) number. The DUNS number serves as the grantee organization's unique identifier for reporting federal funds received and expended. TEA must use this same DUNS number to report grant awards and expenditures for subrecipients under ARRA to the website specifically provided for in ARRA http://www.FederalReporting.gov/. The assignment of a DUNS number is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds. (Section 1512[c][4] of ARRA and the federal Office of Management and Budget (OMB) to comply with the Federal Funding Accountability and Transparency Act [FFATA], P.L. 109-282. OMB adopted the DUNS number as the "unique identifier" required for reporting under FFATA).
- **F. Central Contractor Registration (CCR):** All grantees receiving ARRA funds, as well as any other federal funds, are required to register and maintain current registration with the Central Contractor Registration (CCR) database at http://www.ccr.gov. Registration in CCR is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds.
- **G. ARRA Reporting Requirements:** The federal Office of Management and Budget (OMB) has issued guidance related to reporting the use of ARRA funds to the various websites. The definition of terms and data elements, as well as any specific instructions for reporting, including required formats, are provided in separate guidance issued by the TEA.

The Texas Education Agency as a direct recipient of funds is required to report certain information at certain intervals throughout the grant period as required in Section 1512 of ARRA. In order to meet the reporting requirements, grantees will be required to provide certain information to TEA. By submitting this application, the grantee agrees to provide information in the form, time, and manner requested so that TEA can meet its reporting requirements and deadlines.

Separate Tracking and Monitoring of ARRA Funds: ARRA funds must be separately tracked and monitored
independently of any non-Recovery Act funding. Grantees must submit certain information to TEA in order for TEA to
comply with quarterly reporting requirements established in Section 1512 of the Recovery Act. Recovery Act-related
reporting requirements are incorporated as a special condition of this award.

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

- 3. Quarterly Reporting for ARRA: Not later than 10 calendar days after the end of each calendar quarter, TEA and any other direct recipient of ARRA funds must report to the U.S. Department of Education with regard to recovery funds received in accordance with number 4 below (Section 1512[c]). (A "direct recipient" is a state agency or any entity that applies for and receives funds directly from a federal government agency.) TEA must obtain certain information from grantees in order to comply with this reporting requirement. By submitting this application, the grantee agrees to submit information to TEA in the time, form, and manner requested.
- 4. Data Elements for Quarterly Reporting for ARRA: In accordance with Section 1512(c) of ARRA and the <u>Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282)</u>, TEA is required to provide quarterly reports to the U.S. Department of Education or through a central government-wide portal (http://www.FederalReporting.gov). The information adopted by OMB contains the following data elements: submitting this application, the grantee agrees to submit the information to TEA in the time, form, and manner requested. The information may change pending final adoption by OMB.

For each grant that equals or exceeds \$25,000 in total grant award amount:

- a. The grantee organization's DUNS number (TEA will need to collect this information from grantees)
- b. The grant award number (i.e., NOGA ID number) assigned by TEA (TEA will have this information on file)
- c. The legal name of the grantee organization (as registered in the Central Contractor Registration (CCR), if registered) (TEA will have this information on file provided it is the same legal name on file with TEA)
- d. The physical location (street address) (as listed in the CCR, if registered) (TEA will have this information on file provided it is the same street address on file with TEA)
- e. The (federal) Congressional district number
- f. The grantee organization type (i.e., independent school district, nonprofit organization, etc) (TEA will have this information on file)
- q. The total amount of the grant award (TEA will have this information on file)
- h. The total amount paid to the grantee as of date of report (TEA will have this information on file)
- i. The physical location (street address) of the primary place of performance of the grant (TEA will have this information on file provided it is the same address on file with TEA.)
- j. An evaluation (i.e., status report) of the completion status of the project or activity (for example, Not Started; Less than 50% Completed; Completed 50% or More; Fully Completed) (It is not clear at this time whether this information will need to be collected from the grantees. TEA will notify the grantee in the event status information needs to be collected.)
- k. An estimate of the number of jobs created and the number of jobs retained by the project or activity and a brief description of the types of those jobs (i.e., job titles) (TEA will need to collect this information from grantees.)
- I. The names and total compensation of the five most highly compensated officers of the grantee organization if the organization in its preceding year received 80% or more of its annual gross revenues in Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards and the public does not have access to information about the compensation of senior executives. (It is not known at this time whether this data element will be required once the data elements are finalized by OMB. If it is required in the final data elements, TEA will need to collect this information from the grantees.)

For grants that equal less than \$25,000 in total grant award amount or for grantees that in the previous tax year had gross income under \$300,000, amounts will be reported in the aggregate according to the following:

- a. The total number of grants awarded less than \$25,000 (TEA will have this information file)
- b. The total award (aggregate) amount for all grants less than \$25,000 (TEA will have this information on file)
- c. The total (aggregate) amount paid to grantees for all grants less than \$25,000 as of date of report (TEA will have this information on file)

Texas Title I Priority Schools Grant

5. Posting the Information on Public Website: Not later than 30 days after the end of each calendar quarter, each federal agency, including the U.S. Department of Education, shall make the information in those reports publicly available by posting the information on the designated public website (Section 1512[d]). Grantees will not be required to post information on the public website unless they apply for and receive other ARRA grants directly from a federal government agency.

Once OMB adopts the final data reporting elements and TEA receives specific instructions for reporting, TEA will provide subsequent guidance to grantees related to required reporting information.

- **H. Electronic Drawdown of ARRA Funds from TEA and Use of FAR Fund Codes**: Recipients will draw down ARRA funds on an award-specific basis. **Pooling of ARRA award funds with other funds for drawdown or other purposes is not permitted.** Recipients must account for each ARRA award separately by referencing the assigned FAR (Financial Accounting and Resource) fund code for each award.
- **I.** Availability of Records: The applicant agrees to make all financial and programmatic records available in detail for inspection by TEA auditors, local independent auditors, and the offices described below.
- 1. **Examination of Records:** The Comptroller General of the United States and any of its employees, contractors, agents, representatives, or designees, may examine any records related to obligations and use by any state or local government of funds made available under ARRA. (Section 901[b]).
- 2. Access of Government Accountability Office (GAO): Each contract and each subcontract awarded using funds made available under ARRA shall provide that the Comptroller General of the United States and his representatives are authorized to examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions (Section 902).
- 3. Reviews by Inspector General: The inspector general of the U.S. Department of Education shall review, as appropriate, any concerns raised by the public about specific investments using funds made available in this Act. Any findings of such reviews shall be relayed immediately to the Secretary of Education. In addition, the findings of such reviews, along with any audits conducted by any inspector general of ARRA funds, shall be posted on the inspector general's website and linked to the recovery.gov website, except that portions of reports may be redacted to the extent the portions would disclose information that is protected from public disclosure under sections 552 and 552a of Title 5, United States Code (Section 1514).
- 4. Access of Offices of Inspector General to Certain Records and Employees: With respect to each contract or grant awarded using ARRA funds, any representative of an Inspector General of the U.S. Department of Education or other appropriate federal agency is authorized to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or subgrant, and to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions (Section 1515).
- 5. Recovery Accountability and Transparency Board: Section 1521 of the ARRA establishes the Recovery Accountability and Transparency Board to coordinate and conduct oversight of ARRA funds to prevent fraud, waste, and abuse. The Board shall submit "flash reports" on potential management and funding problems that require immediate attention; quarterly reports; and annual reports to the President and Congress, including the Committees on Appropriations of the Senate and House of Representatives, summarizing the findings on the use of ARRA funds. The Board may conduct its own independent audits and reviews of ARRA funds. All reports shall be made publicly available on the www.recovery.gov website established by the Board. See paragraphs J and K below with regard to reports of suspected fraud or abuse (Sections 1523 and 1524).

PROGRAM-SPECIFIC PROVISIONS & ASSURANCES

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

015-915

County-District No.

- 6. **Recovery Independent Advisory Panel**: Section 1541 of the ARRA establishes the Recovery Independent Advisory Panel to make recommendations to the Recovery Accountability and Transparency Board on action the Board could take to prevent fraud, waste, and abuse relating to ARRA funds.
- J. Disclosure of Fraud or Misconduct: Each grantee awarded funds made available under the ARRA shall promptly refer to the USDE Office of Inspector General any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.
- **K. Protection for Whistleblowers:** Section 1553 of the ARRA provides protection for State and local government and contractor whistleblowers. Any employee of any employer receiving ARRA funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Recovery Accountability and Transparency Board, an inspector general, the U. S. Comptroller General, a member of Congress, a State or federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a federal agency, or their representatives, information that the employee reasonably believes is evidence of (1) gross mismanagement of an agency contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract), or grant, awarded or issued relating to ARRA funds. A person who believes that he or she has been subjected to a reprisal may submit a complaint regarding the reprisal to the inspector general for the appropriate federal agency (in most cases, the U.S. Department of Education).
- **L. Use of Funds:** The grantee agrees to comply with the applicable federal cost principles in the obligation and expenditure of ARRA funds as identified in the General Provisions and Assurances as well as other limitations or restrictions and expenditures identified therein. The grantee also agrees to the following:
- Consolidation of ARRA Administrative Funds: Due to the significant reporting requirements under ARRA, it is
 not known at this time whether grantees may consolidate ARRA administrative funds with other NCLB
 consolidated administrative funds. TEA will issue further guidance with regard to this provision once guidance is
 provided by the U.S. Department of Education. If ARRA funds are permitted to be consolidated with other NCLB
 consolidated administrative funds, grantees must still be able to report the types and number of jobs that were
 created or saved with ARRA funds.
- 2. Combining ARRA funds on a Schoolwide Program. ARRA funds are permitted to be used on a Title I Part A schoolwide Campus/Program, funds may be combined with other funding sources, but grantees still must be able to identify precisely the items of obligation and expenditure for ARRA reporting. You must also be able to report the types and number of jobs that were created or saved with ARRA funds.
- 3. Special Contracting Provisions: To the maximum extent possible, contracts funded under the ARRA shall be awarded as fixed-price contracts through the use of competitive procedures. A summary of any new contract awarded with ARRA funds that is not fixed-price and not awarded using competitive procedures shall be posted in a special section of the www.recovery.gov website established by the Recovery Accountability and Transparency Board (Section 1554).

TEXAS EDUCATION AGENCY

Standard Application System

School Year 2010-2013

015-915

County-District No.

Texas Title I Priority Schools Grant

- 4. **Use of Funds for Certain Expenditures Prohibited:** ARRA funds shall not be used for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool (Section 1604).
- 5. **Use of Funds for Construction Prohibited:** Unless specifically authorized in the applicable program statute, regulations, guidelines, Request for Application (RFA), TEA Standard Application System (SAS), the approved grant application, or other written authorization, none of the ARRA additional formula funds shall be used for construction, remodeling, or renovation.
- 6. **Buy American Use of American Iron, Steel, and Manufactured Goods:** If construction is allowed and approved pursuant to the previous paragraph pertaining to "Use of Funds for Construction Prohibited", none of the funds may be used for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States unless waived by the Secretary of Education (Section 1605).
- 7. Wage Rate Requirements for Contracted Laborers and Mechanics—Compliance with the Davis-Bacon Act: Subject to further clarification issued by the Office of Management and Budget, and notwithstanding any other provision of law and in a manner consistent with other provisions of ARRA, all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to this award shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (64 Stat. 1267; 5 U.S.C. App.) and section 3145 of title 40, United States Code (Section 1606).
- M. Compliance with OMB Circular A-133 Audits and Schedule of Expenditures of Federal Awards:
 Grantees agree to separately identify the expenditures for each grant award funded under ARRA as required by Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and to comply with all other provisions of the Single Audit Act and OMB Circular A-133.

The signing of Schedule #1 - General Information by applicant indicates acceptance of and compliance with all requirements described on this schedule
