Texas Title I Priority Schools Grant

Schedule #4—Program Summary and Application Requirements

Part 1: Grant Program Information;

Summary of Program: Purpose and Goals

School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.

Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").

In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.

Allowable Activities

Tier I and Tier II Grantees

- Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

Tier III Grantees

- Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model.
- If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the
- Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.

In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements.

The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4-Program Requirements and are incorporated by reference herein.

Texas Title I Priority Schools Grant Schedule #4B—Program Description

Part 1: Comprehensive Needs Assessment Cont.

of TEA.

Section C: Process Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Hearne ISD High School began the accelerated school "transformation" process in 2005. Although the school was low performing in 2006, in 2008 it was recognized. The year 2009 sent the campus back to Acceptable rating. Transformation has included replacing the principal and more than half of the teachers since he was hired July 2009. The new principal has made an effort to utilize best practices for improving school programs by involving the staff in creating the plan. In the summer of 2009, the school received a School Improvement Program Academy Grant (SIP Academy grant) to do a Summer Planning Academy (SPA) at the high school. The Principal and the Director of Instruction attended a SIP Academy Training in June to prepare for the Summer SPA with the staff. Slightly more than half the staff traveled to Hilltop Lakes for the SPA and were involved in these activities:

- Team Building
- Data Disaggregation
- Comprehensive Needs Assessment
- Creating a School Improvement Plan

In preparation for this proposal, teachers and community members were asked to complete an intake form and submit it to the grant committee. Community members were also invited to a meeting to discuss their school improvement ideas. Students were included in the process via a Suggestion Box and separate interviews were held with students by an outside consultant. All comments and suggestions are incorporated in the TTIPS focus areas that follow.

The transformation/improvement committee is made up of administrators, teachers, community members, a school board member, the business manager, the superintendent, and the federal programs director. The committee has reviewed many data sources including TAKS scores, teacher/community/student input, District Goals, the Comprehensive Needs Assessment, demographic information, PBMAS, AEIS, and PEIMS reports. In addition, data about the teacher turnover rate and teacher experiences was also reviewed.

Target Areas to address were identified (and confirmed from previous needs assessment):

1. Need to Improve Student Achievement

TAKS Met 2009 Standard (Sum all grades tested including TAKS Accommodated)

.,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,	()				
TEST	Reading/ELA .	Math	Science	Soc. Studies	All tests
PERCENT PASSING	78%	56%	78%	78%	70%

Within the general framework of student achievement, we have to consider increased ways to earn credit, higher level learning, and climate issues of attendance and fewer discipline referrals.

- 2. Better use of data
- 3. More positive school climate
- 4. Increased leader and teacher effectiveness
- 5. Increased and better use of learning time
- 6. Increased positive parent and community involvement

Texas Title I Priority Schools Grant Schedule #4B—Program Description Part 2: Project Management Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana). Capacity -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model. One hundred percent of grant funds will be used to supplement and expand on existing school activities. The district will also apply local funds, Title I-A, Title II-A and compensatory ed funds to the initiative. Hearne ISD has a lengthy and strong history of managing large grants (both the financial and managerial aspects), including Reading First and the federal Early Reading First . The Hearne principal will submit purchase orders and the authorization to pay bill. The business manager and federal programs director will monitor the use of funds in accordance with the detailed budget developed as part of the application. Monthly budget sheets, showing expenditures and balances will be presented to the principal and the grant manager. A budget assistant will be hired with grant funds to manage the grant budget, and order and inventory materials. The business manager for the district will file expenditure reports on time, and report on the status of the budget at monthly school board meetings. If technology and software are needed to evaluate teachers' professional growth, student growth, and to calculate the teacher incentive payout, they will be purchased with grant funds. The project will have a specific and itemized budget developed as part of the application. The budget is aligned to all grant activities (specifically the grant management plan) and services and will thus serve as a guide to management. With everything carefully spelled out in a detailed budget in advance, management and upkeep will be simplified. Through Region 6 ESC and the Robertson County Cooperative, Hearne has access to a full team of additional service providers.

Schedule #4B—Program Description

Part 2: Project Management Cont.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Partnership/Involvement of Others - Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.

Earlier recommendations and the results of previous "Needs Analyses" and planning meetings were available to the TTIPS planning team The broad planning team included: the superintendent, curriculum director, federal programs director, finance director, principal, the designated grant coordinator, principal, teachers, board members, parents, students and community representatives. To facilitate scheduling conflicts, input was sought through different venues and at different times.

For the TTIPS, separate meetings were scheduled for : administrators and consultants; family and community members; teachers; and students. Students have also had input into school improvement through a "Suggestion Box" and interviews. Meetings start with a review of "where we are" and look at realities regarding attendance, credits recovered and credits awarded; course grades, graduation rate, college readiness issues, TAKS scores; dropouts and behavior. Because of the fast turnaround, discussions specifically about the grant were also shared via e-mail and phone conversations.

Respondents and attendees were asked:

- How they would improve the overall school
- How attendance could be increased (both teachers and students)
- How discipline referrals could be reduced
- What schedule changes if any they would like to see
- How higher level instruction can be offered
- How student engagement can be increased
- How to reduce teacher turnover

For the implementation phase of the TTIPS grant, a planning team that includes student representatives assigned to the team in a rotation will meet or confer regularly. This will give students leadership experience over the course of the year and encourage ownership of school policies. The group will begin meeting in the fall.

This planning team will review data periodically as well as the grant timeline and management plan to help the school stay focused on planned outcomes and defined strategies. The work of the group will be accomplished through rotating small groups that address specific issues with findings and recommendations shared widely. How to sustain the gains and successful activities from the TTIPS initiative will be an important part of the planning from the beginning and will be a factor in deciding which activities are realistic.

Management of Grant Activities - Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.

Policies that represent a change or are added in order to implement TTIPS include:

1. Mainstream Special Education students

of TEA.

- Remove ineffective teachers
- 3. Allow zero tolerance for disrespect, work refusal, skipping class
- 4. Learning Walks for all (3-4 teachers walking into a classroom and looking for evidence of student learning and engagement).

100% of TTIPS grant funds will be used to pay program costs specific to this grant, i.e costs that supplement and expand other funded activities. This might include materials, technology, costs associated with an enhanced data management system, teacher incentives for meeting their value-added scores in teacher and student growth. Payout will be in the fall 2011, after all data is collected and evaluated.

Two kinds of incentives will be proposed for the committee to review: an attendance incentive of up to \$400/year for 0-1 absences; and a performance incentive that is contingent upon teachers' attendance at professional development, performance in the classroom, and value-added student growth that is calculated by a statistical analysis system.

If the district needs to subsidize these funds, they will use local funds, Title I-A, Title II-A, or state Compensatory funds.

The Hearne ISD administration is currently investigating other funding sources that can be accessed to keep the program (primarily the incentives, which are the greatest recurring cost) going.

Part 2: Project Management Cont. Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Grant Project Manager Qualifications - Describe the qualifications of the person selected to be the project manager

The overall Grant will be the responsibility of the federal programs director, who has 24 years of experience in public education and has been involved in state and federal grants in some capacity for the past 5 years, to include Title I-A, Title II-A, BTIM, and TEEG. She has also been involved in various other grants, including being the executive director of the Early Reading First grant and the Texas Service Learning Project. She holds a Master's Degree in Educational Administration and a Bachelor's degree in secondary education with a Math/Music emphasis.

She works closely with the Business Manager and Superintendent in evaluating, designing and implementing educational programs to include the fiscal responsibility to do so. She has also completed courses in Economics, Accounting and business Management.

We will add a full-time project coordinator (an experienced district administrator) to oversee day to -day operations, one who will:

- Demonstrate commitment to continuous student improvement with a focus on the district's instructional
- Provide leadership in planning, developing, implementing, and supervising quality, research-based instructional
- Assist principal with resource planning that allows school to implement grant activities effectively.
- Join principal and AP in building a strong relationship with the surrounding community.
- Ensure compliance with TEA requirements.

A part-time grant management assistant with experience in grant and budget management will maintain a detailed grant management plan and timeline, make weekly grant activity schedules, schedule grant PD and other activities, assist with orders, monitor the budget, ensure collection data and that it is forwarded to the evaluator on time for completion of reports.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Program Continuation and Sustainability - Describe how the LEA will sustain the campus reforms after the funding period ends.

Sustaining the project activities is already being discussed. We recognize that research-based practices adopted during a grant are vulnerable when the grant ends or when school or district leadership changes.

By involving a wide range of representatives in the next 6 months of planning, the project expects to continue to build strong support for the plan at the district office level, the school level and in the community.

Specific strategies for enabling sustainability include:

- Allocating staffing and budgetary needs in long-term (2-3 year) planning; reallocating resources as needed.
- Using video conferencing, and e-mail with consultants to support teachers, particularly those joining the project after the first year.
- Regularly monitoring grant activities and the movement toward planned outcomes to determine if they merit keeping for the long term, at which point they become funding priorities.
- Implementing a trainer of trainers model so that new teachers and even a new administrator can have a mentor when coming into a school that is mid-way through the grant.
- Making well-developed lessons and instructional strategies available to other teachers on the district website (for example, interactive lessons developed for the whiteboard).

Part 2: Project Management Cont.

Section A: LEA (District) Capacity Responses are limited to one page each, front side only, with a font size no smaller than 9 point (Arial or Verdana).

External Providers -- Describe how the LEA will recruit, screen, and select external providers to ensure their quality.

Hearne ISD plans to continue working with external providers, particularly in the areas of professional development for teachers, teacher-leaders and administrators and fidelity to the curriculum and instruction. As a small district, using outside providers brings specialized assistance without adding to staff. Texas A&M University and the Region VI ESC are frequent partners in providing staff development.

Steps involved in hiring consultants are:

- Describe the task
- Clearly define the expectation for the consultant/provider
- Describe any accountability (informal notes, follow-up reports, surveys of training, observations of training being implemented) that outside providers are expected to incorporate and provide.
- Identify potential providers and select the one(s) most suited to the task
- Define the terms and expectations of the relationship
- Ensure adequate funding for the duration of the partnership
- Evaluate and monitor the providers, with a provision for making changes as needed.
- Define criteria for termination.

Recruitment of outside partners:

As a small district, using outside providers brings specialized assistance without adding to staff. Texas A&M University and the Region VI ESC are nearby resources that can advise about staff development providers. Word of mouth from other schools is one of the best recommendations we have for outside providers.

As appropriate, HISD will request work samples, sample agendas, feedback from other training the potential provider has presented. Full cost information will also be requested along with a description of all the work and any products to be included.

Selection: We will employ a rigorous process to select partner/providers whose experience and qualifications match specified goals (e.g. written application, due diligence to confirm track record of success and financial stability, interview with provider's leadership team and if possible or appropriate, a site visit to schools receiving service from provider. Selection will be based on two factors: cost and alignment to what we requested. Negotiate contract outlining roles and responsibilities, timeline of provider and contractor (school).

Site Visits - If the intervention program includes site visits to other campuses successfully implementing the Intervention model, describe the process for selecting the locations and the expected outcomes of the site visit. Strategically planned visits to other schools will be scheduled during the Fall of 2010 as Hearne partners finalize phase 2 of the high school transformation. The purpose of site visits is primarily to gather information. Specifically, we will want

to look at schools with similar populations and collect data about : the structure of the school; the academic interventions employed, school culture and climate, behavior management system, Support Services, and parent involvement.

Criteria for Selecting Schools

Schools have not been selected for site visits but will need to meet the following criteria:

- Had previously been low-performing (at least 2 years) but has improved to meet State and Federal standards
- Showed rapid gains in few years in the turnaround/transformation process
- Demographics are similar and did not change significantly during the improvement period

Prior to this proposal a team visited the Manor New Technology High School and spent a day talking to teachers, students, and administrators, reviewing data, looking at student work and comparing school and community demographics. This school utilized, project-based learning, was available by application and lottery only, successfully employed self-discipline, involved students in decision-making, and had high achievement.

Section B: Model Selection Process - Describe in detail:

of TEA.

- 1. The process the LEA and campus followed/will follow to select a school intervention model that aligns to the identified needs of the campus.
- 2. The timeline delineating the steps the campus will take to implement the selected intervention.

Responses are limited to five pages, front side only, with a font size no smaller than 9 point (Arial or Verdana).

Process for Selecting Model:

Hearne ISD has focused its high school transformation on the implementation of the Accelerated schools model. In the last two years, the principal and more than 50% of the staff have been replaced. Because this transformation" model is well underway, but has not yet had a full chance to prove itself, the School Improvement Grant Committee did not feel consideration of any other model than the transformation was reasonable. However, suggestions were sought from all school stakeholders about aspects of the transformation and areas of greatest need. These have been incorporated in to the plan and timeline which follow.

Summary of the Selected Intervention: Transformation

Academic Achievement

Strategies will include utilization of the C-Scope curriculum to foster higher level work; small instructional groups; data driven instruction; teacher incentives for student achievement, project-based learning activities and increased focus on college readiness classes, materials and support activities.

The same curriculum can serve as the foundation but the instructional approach can shift. Through training and classroom support, we will move toward an environment in which students learn by doing rather than by being told; where their strengths can be recognized and utilized; where learning is guided by the teacher and focused on the student; where all students are engaged (partially through increased use of whiteboard technology, individual student response systems and computers on wheels); and where learning experiences have relevance to real life.

Math and reading (because it impacts all content areas) achievement are of particular concern and long term planning will determine the best ways to get rapid progress in these areas. All students can benefit from embedding literacy strategies into content instruction and many unfortunately need targeted supplemental interventions to accelerate their basic reading skills. Determining action steps to accomplish this literacy support will be part of our work in the fall.

Struggling math students often find themselves in a traditional model of remediation that keeps them on a track that fosters low achievement. The "Transformation" Planning team will look at structural changes including double blocked class schedules, catch-up courses and math pull-out programs. Within each structure, various instructional strategies will be used: computer-based programs using the whiteboard; hands-on practice; and group and individual projects.

The input from students, the community and staff regarding academic achievement will be examined by planners in fall. Students requested TAKS tutorials, use of phones and other technology in instruction and a peer-to-peer mentoring club. Teachers and staff felt academic achievement could be raised through more use of technology (Computers On Wheels, interactive whiteboards, graphing calculators for all); mainstreaming special ed students, teaching bell to bell; and providing all students with journals and planners. Main points made by the community were the need to decrease teacher turnover of the quality teachers the district has and the importance of teachers recognizing impending failure before it's too late and placing students in mandatory tutoring.

Guiding Strategies for Improving Math Instruction:

of TEA.

- 1. Use standards with assessment data to plan and improve the math curriculum
- 2. Develop early warning systems to identify students in need of extra math instruction when they enter high
- 3. Administer a diagnostic assessment at the beginning of the school year to identify specific math skill and content weakness and use this information as the foundation for students' instructional and curricular planning
- 4. Assign teachers based on student need. Consider teacher strengths and weaknesses and provide PD to support the specific challenges the teachers will face.
- 5. Develop guidelines and observation tools to monitor and ensure the efficient use of class time, student engagement, and the use of a range of instructional strategies.

Guiding Strategies for Reading/English Language Arts

- 1. Develop and support expertise in content area literacy strategies
- 2. Screen all high school students for reading achievement levels and provide appropriate reading interventions to help those several grades behind.
- 3. Provide on-going, job-embedded PD on content area literacy strategies for all content area staff.
- 4. Make instructional and structural change in the high school that support interventions for struggling readers and literacy strategies (tiered intervention, extended learning time).
- 5. Implement with fidelity, reading intervention programs for students who need additional reading support

Data-Driven Instruction

Data-based decision-making is more than looking at TAKS scores and seeing who has not passed. IES defines it as "...teachers, principals and administrators systematically collecting and analyzing various types of data, including demographic, administrative, process, perceptual, and achievement gap to guide a range of decisions to help improve the success of students and schools. Teachers have access to data but will benefit from more training and classroom support in using it. By the end of year 1, using campus-wide, classroom and individualized student data will be routine on the Hearne High School campus.

Use of data will begin with a district-wide plan to collect, analyze and interpret all kinds of data including achievement progress monitoring and outcome data; demographics; attendance; end-of-course grades; and participation in extra support instruction. On-going, classroom embedded professional development will be provided to teachers starting with an outside provider from Region XIII. As we turn information to practice, the principal and AP will provide assistance to coaches and coaches to teachers. This process enables us to identify which students are at risk for difficulties with certain subjects (notably math or reading) and offer intense support.

Section B: Model Selection Process Cont. Responses are limited to five pages, front side only, with a font size no smaller than 9 point (Arial or Verdana);

Leadership Effectiveness

To help the leadership team be effective, several practices will be required: Members will attend all staff development that is required of teachers, especially that dealing with data usage and disaggregation; The principal, AP and counselor will attend top level training specifically designed for school leadership of challenging campuses; all team members will visit other sites to see "best practices" in action; the principal, AP and counselor will have to opportunity to "shadow" one or more colleagues in other schools to learn new ways of looking at their own situations.

Leadership will be expanded to include representatives from all stakeholder groups in some of the decisions (including students) and to give teachers opportunities to take a leadership role in specific initiatives.

Increased Learning Time

We will weigh options for extended instruction, including district-wide extended day and after school tutorials; projectbased summer school and/or Saturday TAKS remediation/tutoring. Students themselves recognize the need for additional support, making this an ideal topic for them to discuss.

Parent/Community Involvement

Utilizing the district website, parents will have access to school activities, assignments and deadlines. With the Data Management System, all progress monitoring information can be sent to parents via e-mail. Community meetings will take place 3 times a year and Technology Training nights will be added for parents and their children to do together.

School Climate

Attendance incentives are being considered for teachers and students. To solve a problem and build leadership and responsibility at the same time, a committee of students is being given the task of making recommendations regarding improved student attendance (what incentives could be offered?) and decreased discipline referrals. Students are also asked to make suggestions about any other issues that concern them (food, extra curricular activities). These are potential areas for student participation in decision-making. Students reporting through interviews and the suggestion box have strong, negative opinions about the food and the dress code. This would make a great research project for a aroup of 3-5.

Teacher recruitment and more particularly, teacher retention are problematic in Hearne. Half an hour from Bryan-College Station, Hearne has neither the convenience nor the amenities of its neighbors. In addition to the performancebased incentive and possible flexible scheduling the transformation/improvement committee will consider other strategies for keeping teachers for at least 3 years:

- 1. Provide contract bonuses for new teachers agreeing to stay three years, particularly in high needs subject areas
- 2. Develop partnerships with Texas A and M University to recruit teachers for these positions
- 3. Recruit early, before teachers have other contracts
- 4. Offer leadership opportunities
- 5. Provide valued staff development including visits to other schools, tuition reimbursement and side-by-side coaching or team teaching.

Professional development is an important way we can impact teacher quality. Teachers and staff will have input into the PD plan and it will be based on what each one needs rather than being a general response to "school improvement." A coach will be available to work in classrooms with teachers on a variety of classroom challenges including behavior/classroom management; integrating literacy strategies; interpreting data for instructional planning purposes; and maximizing small group instruction.

SCHOOL IMPROVEMENT TIMELINE

Summer 2010: Notify staff and families of intent to apply for TTIPS; needs assessment with input from all stakeholders; determine planning timeline for fall.

Fall 2010: Collect data including Snapshot (for each critical success factor) and make decisions for each critical area.

Spring 2011

- Develop management plan for project (include dates and person responsible)
- Develop Year 1 professional development plan for teachers and administrators
- Begin training in positive behavior system (continue Kagan or other TBD)
- Establish student committees for attendance incentives and discipline
- Identify and begin teacher team to develop appraisal system
- Establish a school leadership team that meets regularly with agenda and minutes
- Recruit volunteers for an improved parent involvement plan
- Implement flexible scheduling options

Begin training in data usage with real student data

- Meet with stakeholders to review progress, plans. Write detailed management plan for fall semester of the grant (include dates and person responsible)
- Begin whiteboard training (with use of student response systems) and purchase hardware
- Offer summer school/extended year

Fall 2011:

- Implement revised and updated professional development plan
- Implement revised and updated behavior management, attendance plans
- Review beginning-of-year assessment data and make instructional decisions; assist teachers still struggling
- Analyze progress toward grant goals
- Develop specific plans for behavior interventions
- Implement teacher appraisal system designed in year 1.

Spring 2012:

- Write detailed management plan for spring semester of the grant (include dates and person responsible)
- Analyze mid-year assessment using actual data and making actual decisions
- Continue classroom observations and record
- Classroom-based professional development demonstrating whole and small group instruction
- Offer summer school/extended year again

School Years 2010-2013

Amendment No.

Texas Title I Priority Schools Grant

Schedule #5—Program Budget Summary

Budget Request by Grant Year: Enter the amount of grant funds requested for each year of the three year grant period.

Year 1: SY 2010-2011 \$1,000,000

Year 2: SY 2011-2012 \$705,968 *

Year 3: SY 2012-2013 \$549,984 *

* Any Budget Request entered for funds in Year 2 and/or Year 3 constitutes the LEA/campus requesting approval of the waiver for extending the period of availability of these grant funds, whether indicated on Schedule #4B—Program Description: Waiver Requests or not.

Provide any necessary explanation or clarification of budgeted costs

The budget summary includes costs for the total amount of the three-year grant.

In 2010-2011, the funds will be expended in planning the transformation model and most will be used for payroll costs for personnel needed to manage the grant activities, technical assistance to fulfill the project activities, technology costs for items needed to implement the transformation model at the school, and for extra-duty pay for personnel in developing the needs assessment and creating the plan. In addition some funds will be used for substitutes while teachers visit model schools and attend training, and some funds will be used for travel for these two activities.

In subsequent years, the funds will be expended for recruiting teachers in hard to fill positions, maintaining the salaries of grant management personnel; stipend pay for teacher leaders/mentors; compensation pay for teachers fulfilling the requirements established in year one to improve teacher quality and student achievement. Funds will also be used to maintain the technology purchased in year one and purchase the remaining technology described in the grant application. Funds will also be used for travel and registration for teachers and paraprofessionals to continue professional development.

GENERAL PROVISIONS & **ASSURANCES**

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

198905	
County-District No.	

Texas Title I Priority Schools Grant

Statement of provisions and assurances for the program(s) in this application:

- A. Terms defined: As used in these Provisions and Assurances,
 - Contract means the entire document, and all of TEA's attachments, appendices, schedules (including but not limited to the General Provisions and the Special Provisions), amendments and extensions of or to the Standard Contract;

Agency or TEA means the Texas Education Agency;

Contractor means the party or parties to this contract other than Agency; including its or their officers, directors, employees, agents, representatives, consultants and subcontractors, and subcontractors' officers, directors, employees, agents, representatives and consultants;

Project Administrator means the person representing Agency or Contractor, as indicated by the contract, for the purposes of administering the contract project;

Contract Project means the purpose intended to be achieved through the contract of which these Provisions and Assurances are a part;

Applicant means the same as Contractor;

SAS means the Standard Application System of which the application document is a part;

- "Application" means the entire package submitted by the Applicant including the schedules contained in the application and so indicated on the General Information page of the application package;
- Amendment means an application that is revised in budget categories and/or in program activities. It includes both the original application and any subsequent amendments; or extensions thereto;
- Works means all tangible or intangible material, products, ideas, documents or works of authorship prepared or created by Contractor for or on behalf of TEA at any time after the beginning date of the Contract (Works includes but is not limited to computer software, data, information, images, illustrations, designs, graphics, drawings, educational materials, assessment forms, testing materials, logos, trademarks, patentable materials, etc.); and,
- Intellectual Property Rights means the worldwide intangible legal rights or interests evidenced by or embodied in: (a) any idea, design, concept, method, process, technique, apparatus, invention, discovery, or improvement, including any patents, trade secrets, and know-how; (b) any work of authorship, including any copyrights, moral rights or neighboring rights; (c) any trademark, service mark, trade dress, trade name, or other indicia of source or origin; (d) domain name registrations; and (e) any other similar rights. The Intellectual Property Rights of a party include all worldwide intangible legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
- Grant means the same as Contract;
- Grantee means the same as Contractor;
- Grantor means the same as Agency; and
- DCC means the Document Control Center of Agency.
- B. Contingency: This contract is executed by Agency subject to the availability of funds appropriated by legislative act for the purposes stated. All amendments and/or extensions or subsequent contracts entered into for the same or continued purposes are executed contingent upon the availability of appropriated funds. Notwithstanding any other provision in this contract or any other document, this contract is void upon appropriated funds becoming unavailable. In addition, this contract may be terminated by Agency at any time for any reason upon notice to Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency. This contract may be extended or otherwise amended only by formal written amendment properly executed by both Agency and Contractor. No other agreement, written or oral, purporting to alter or amend this contract shall be valid.
- C. Contractor's Application: Furnished to Agency in response to a request for application, is incorporated in this contract by reference for all necessary purposes. It is specifically provided, however, that the provisions of this contract shall prevail in all cases of conflict arising from the terms of Contractor's application whether such application is a written part of this contract or is attached as a separate document.
- D. Requirements, Terms, Conditions, and Assurances: Which are stated in the Request for Application, in response to which Applicant is submitting this application, are incorporated herein by reference for all purposes although the current General Provisions shall prevail in the event of conflict. The instructions to the Standard Application System, as well as the General and Fiscal Guidelines and Program Guidelines, are incorporated herein by reference.

- E. Signature Authority; Final Expression; Superseding Document: Applicant certifies that the person signing this application has been properly delegated this authority. The Contract represents the final and complete expression of the terms of agreement between the parties. The Contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the Contract shall have no force or effect. The Contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- State of Texas Laws: In the conduct of the contract project, Contractor shall be subject to Texas State Board of Education and Commissioner rules pertaining to this contract and the contract project and to the laws of the State of Texas governing this contract and the contract project. This contract constitutes the entire agreement between Agency and Contractor for the accomplishment of the contract project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.
- G. Monitoring: Desk reviews or on-site monitoring reviews may be conducted by Agency to determine compliance with the approved application and the applicable statute(s), law(s), regulations, and guidelines.
- H. Sanctions for Failure to Perform or for Noncompliance: If Contractor, in Agency's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this contract, Agency may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Any cancellation, termination, or suspension of this contract, if imposed, shall become effective at the close of business on the day of Contractor's receipt of written notice thereof from Agency.
- Contract Cancellation, etc.: If this contract is canceled, terminated, or suspended by Agency prior to its expiration date, the reasonable monetary value of services properly performed by Contractor pursuant to this contract prior to such cancellation, termination or suspension shall be determined by Agency and paid to Contractor as soon as reasonably possible.

- For local educational agencies (LEAs), regional education service centers (ESCs), and institutions of higher Indemnification: education (IHEs) and state agencies: Contractor, to the extent permitted by law, shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
- For all other grantees, subgrantees, contractors, and subcontractors, including nonprofit organizations and forprofit businesses: Contractor shall hold Agency harmless from and shall indemnify Agency against any and all claims, demands, and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising from, or in connection with, any acts of Contractor, its agents, employees, and subcontractors, done in the conduct of the contract project.
- K. Encumbrances/Obligations: All encumbrances/obligations shall occur on or between the beginning and ending dates of the contract. All goods must be received and all services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures, and an encumbrance cannot be considered an expenditure or accounts payable until the goods have been received and the services have been rendered. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. This applies to all grant programs, including state and federal, discretionary and formula.

- L. Financial Management and Accounting: Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the Financial Accountability System Resource Guide, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA Financial Accountability System Resource Guide).
- M. Expenditure Reports: Contractor shall submit expenditure reports in the time and manner requested by Agency as specified in the instructions to the Standard Application System (SAS) which are incorporated by reference. Unless otherwise specified, interim reports are due to TEA within 15 days after the end of each reporting period. Unless otherwise specified, the final expenditure report is due within 30 days after the ending date of the grant. Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA: If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention: Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
 - Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.
- P. Time and Effort Recordkeeping: For those personnel whose salaries are prorated between or among different funding sources, time and effort records will be maintained by Applicant that will confirm the services provided within each funding source. Applicant must adjust payroll records and expenditures based on this documentation. This requirement applies to all projects, regardless of funding source, unless otherwise specified. For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- Q. Forms, Assurances, and Reports: Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- R. Intellectual Property Ownership: Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

Contractor warrants that (i) it has the authority to grant the rights herein granted, (ii) it has not assigned or transferred any right, title, or interest to the Works or Intellectual Property Rights that would conflict with its obligations under the Contract, and Contractor will not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

For School Districts and Nonprofit Organizations: The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Education Service Centers (ESCs): The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

For Colleges and Universities: The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, nontransferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

- Unfair Business Practices: Unfair Business Practices: By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.
 - Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be guilty of unfair business practices within 12 months from the determination of guilt.
- T. Subcontracting: Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- U. Use of Consultants: Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay: If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

Texas Title I Priority Schools Grant

- W. Agency Property (terms): In the event of loss, damage or destruction of any property owned by or loaned by Agency while in the custody or control of Contractor, its employees, agents, consultants or subcontractors, Contractor shall indemnify Agency and pay to Agency the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of Agency's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.
- X. Travel Costs: Amounts authorized for maximum recovery for travel and per diem costs against any state or federal funding source are restricted to those amounts which are approved in the State of Texas Appropriations Bill in effect for the particular funding period. Any amount over this limit must come from local funding sources. Applicant must recover funds at a lesser rate if local policy amounts are less than the maximum allowed by the state. Out-of-state travel may not exceed the federal government rate for the locale. Travel allowances are not allowable costs.
- Funds for Religious Worship, Instruction: No funds will be used to pay for religious worship, instruction, or proselytization, or for any equipment or supplies for such, or for any construction, remodeling, repair, operation, or maintenance of any facility or part of a facility to be used for religious worship, instruction, or proselytization (34 CFR 76.532 and P. L. 107-110, section 9505).
- Z. Disclosure of Gifts and Campaign Contributions: The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for canceling the grant.
- AA. Submission of Audit Reports to TEA: Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

Grantees which are nonprofit organizations (other than charter schools) and universities/colleges that expend \$500,000 or more total in federal awards in any fiscal year and are thus required to conduct a Single Audit or programspecific audit in accordance with the requirements in OMB Circular A-133, agree to submit a copy of such audit to TEA when the schedule of findings and questioned costs disclosed audit findings relating to any federal awards provided by TEA. A copy of such audit shall also be submitted to TEA if the summary schedule of prior audit findings reported the status of any audit findings relating to any federal awards provided by TEA.

A nonprofit organization or university/college grantee shall provide written notification to TEA that an audit was conducted in accordance with OMB Circular A-133 when the schedule of findings and questioned costs disclosed no audit findings related to any federal awards provided by TEA or when the summary schedule of prior audit findings did not report on the status of any prior audit findings related to any federal awards provided by TEA. Nonprofit organizations (other than charter schools) and universities/colleges shall submit the audit report to the TEA Division of Discretionary Grants. Audit reports must be submitted to TEA within 30 days of receipt of the report from the auditor. Failure to submit a copy of the audit to TEA could result in a reduction of funds paid to the grantee, a refund to TEA, termination of the grant, and/or ineligibility to receive additional grant awards from TEA.

- BB. Federal Rules, Laws, and Regulations That Apply to all Federal Programs: Contractor shall be subject to and shall abide by all federal laws, rules and regulations pertaining to the contract project, including but not limited to:
 - Americans With Disabilities Act, P. L. 101-336, 42 U.S.C. sec. 12101, and the regulations effectuating its provisions contained in 28 CFR Parts 35 and 36, 29 CFR Part 1630, and 47 CFR Parts 0 and 64;
 - Title VI of the Civil Rights Act of 1964, as amended (prohibition of discrimination by race, color, or national origin), and the regulations effectuating its provisions contained in 34 CFR Part 100;

- Payment for Services: Payment for service(s) described in this Contract is contingent upon satisfactory completion of the service(s). Satisfaction will be determined by TEA's Project Administrator, in his sole discretion but in accordance with reasonable standards and upon advice of his superiors in TEA, if necessary.
- Family Code Applicability: By signing this Contract, Contractor, If other than a state agency, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive payment under this Contract and acknowledges FF. that this Contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the Contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the Contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- Interpretation: In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, the TEA Contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this contract.
- Registered Lobbyists: No state or federal funds transferred to a contractor/grantee may be used to hire a registered lobbyist.
- Test Administration and Security: This contract is executed by Agency subject to assurance by Contractor that it has at all times been and shall remain in full compliance with Title 19, Texas Administrative Code Chapter 101, and all II. requirements and procedures for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Notwithstanding any other provision in this contract or any other document, this contract is void upon notice by Agency, in its sole discretion, that Contractor or any school, campus, or program operated by Contractor has at any time committed a material violation of Title 19, Texas Administrative Code Chapter 101, or any requirement or procedure for maintaining test security specified in any test administration materials in the possession or control of Contractor, or any school, campus, or program operated by Contractor. Expenditures and/or activities for which Contractor may claim reimbursement shall not be accrued or claimed subsequent to receipt of such notice from Agency.
- Social Security Numbers: Social Security numbers will not be provided by TEA as a part of this agreement. TEA is not requiring or requesting school districts or other grantees to provide Social Security numbers as a part of this agreement. JJ.
- Student-identifying Information: Contractor agrees that in executing tasks on behalf of TEA, Contractor will not use any student-identifying information in any way that violates the provisions of FERPA and will destroy or return all student-KK. identifying information to TEA within thirty (30) days of project completion.

LL. High-Risk Status, Special Conditions, and Enforcement Actions: Pursuant to the provisions in 34 CFR 80.12 and 74.14, a grantee may be identified by TEA as high-risk if the grantee has a history of unsatisfactory performance; is not financially stable; has a financial management system that does not meet federal financial management standards or the requirements in TEA's Financial Accounting and Reporting (FAR) module; has not conformed to terms and conditions of previous awards; or is otherwise not responsible. TEA may impose one or more special conditions or restrictions on a high-risk grantee, including payment on a reimbursement basis; withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period; requiring additional, more detailed financial reports; additional project monitoring; requiring the grantee to obtain technical or management assistance; establishing additional prior approvals; or other conditions that may be legally available. A grantee Identified as high-risk will be notified in writing by TEA of the special conditions imposed and the process for removing the high-risk status and special conditions.

Pursuant to the provisions in 34 CFR 80.43 and 74.62, if a grantee materially fails to comply with any term of an award, whether stated in a federal statute or regulation, an assurance, in a grant application, or elsewhere, TEA may take one or more of the following enforcement actions as appropriate in the circumstances: temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action; disallow all or part of the cost of an activity or action not in compliance; wholly or partly suspend or terminate the current award; withhold further awards for the program; or take other remedies that may be legally available. If an enforcement action is imposed, the grantee will be notified in writing by TEA of the actions imposed and the process for remedying the noncompliance or removing the enforcement actions.

TEA reserves the right to not award a discretionary grant to a high-risk grantee or to a grantee that is materially non-compliant with the terms and conditions of another award.

SCHEDULE #6 B

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

TEXAS EDUCATION AGENCY

Standard Application System

School Years 2010-2013

198905

County-District No.

Texas Title I Priority Schools Grant

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.11.

Terms defined: As used in these Provisions and Assurances

- "Covered Transaction"— A transaction under Federal non-procurement programs, which can be either a primary covered transaction or a lower tier covered transaction.
- "Lower Tier Covered Transaction"— (1) Any transaction between a participant and a person other than a procurement contract for goods or services, regardless of type, under a primary covered transaction; (2) Any procurement contract for goods or services between a participant and a person, regardless of type, expected to equal or exceed the Federal procurement small purchase threshold of \$25,000; (3) Any procurement contract for goods or services between a participant and a person under a covered transaction, regardless of amount.
- "Participant" Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction, including an agent or representative of another participant.
- "Principal"— An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or a consultant or other person, whether or not employed by the participant or paid with Federal funds, who (1) is in a position to handle Federal funds; (2) is in a position to influence or control the use of those funds; or (3) occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
- "Excluded Parties List System (EPLS)"— The list maintained and disseminated by the General Services Administration (GSA) containing names and other information about persons who are ineligible.
- "Debarment"— Action taken by a debarring official (Federal agency) to exclude a person (recipient) from participating in covered transactions.
- "Suspension"— An action taken that immediately prohibits a person from participating in covered transactions for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue.
- "Ineligible" generally refers to a person who is either excluded or disqualified.
- "Person"— Any individual, corporation, partnership, association, unit of government or legal entity, however organized, except: foreign governments or foreign governmental entities, public international organizations, foreign government owned (in whole or in part) or controlled entities, and entities consisting wholly or partially of foreign governments or foreign governmental entities.
- "Proposal"—A solicited or unsolicited bid, application, request, invitation to consider or similar communication by or on behalf of a person seeking to participate or to receive a benefit, directly or indirectly, in or under a covered transaction.
- "Voluntarily Excluded"—A status of nonparticipation or limited participation in covered transactions assumed by a person pursuant to the terms of a settlement.
- 1. By signing SAS Schedule #1 and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
- The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
- The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

- 6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled **Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions**, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Non-procurement List.
- 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

- (1) The prospective lower tier participant certifies, by signature on SAS Schedule #1 and by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

SCHEDULE #6E	
NCLB ACT PROVISIONS & ASSURANCES	198905
	County-District No.
Toyas Title I Prio	ority Schools Grant

The following special provisions apply to all programs funded under the Elementary and Secondary Education Act, as amended by P. L. 107-110, No Child Left Behind (NCLB) Act of 2001. By signing Schedule #1 of this SAS, the applicant is assuring it is in compliance with the following provisions:

- A. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
- B. The control of funds provided under each such program and title to property acquired with program funds will be in a public agency or in a nonprofit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to such entities.
- C. The public agency, nonprofit private agency, institution, or organization, or Indian tribe will administer such funds and property to the extent required by the authorizing statutes.
- D. The applicant will adopt and use proper methods of administering each such program, including the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program and the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
- E. The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the Texas Education Agency, the Secretary of Education or other federal officials.
- F. The applicant will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, federal funds paid to such applicant under each such program.
- G. The applicant will submit such reports to the Texas Education Agency (which shall make the reports available to the Governor) and the Secretary of Education, as the Texas Education Agency and the Secretary of Education may require to enable the Texas Education Agency and the Secretary of Education to perform their duties under each such program.
- H. The applicant will maintain such records, provide such information, and afford access to the records as the Agency (after consultation with the Governor) or the Secretary may find necessary to carry out the Agency's or the Secretary's duties.
- I. Before the application was submitted, the applicant afforded a reasonable opportunity for public comment on the application and has considered such comment.
- J. **Gun-Free Schools Act:** The local education agency assures that it is in compliance with Section 37.007(e) of the Texas Education Code, which requires expulsion of a student who brings to school or possesses at school a firearm as defined by 18 U.S.C. Section 2891 [pursuant to the requirements in P. L. 107-110, Section 4141(d)(1)]. In addition, the local educational agency certifies that it has a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to school [P. L. 107-110, Section 4141(h)(1)].
- K. Student Records Transfer: The local educational agency shall ensure that a student's records and, if applicable, a student's individualized education program as defined in section 602(11) of the Individuals with Disabilities Education Act, are transferred to a charter school upon the transfer of the student to the charter school, and to another public school upon the transfer of the student from a charter school to another public school, in accordance with applicable state law (P. L. 107-110, section 5208).
- L. Consolidation of Administrative Funds: A local educational agency, with the approval of TEA, may consolidate and use for the administration of one or more programs under the No Child Left Behind Act not more than the percentage, established in each program, of the total available for the local educational agency under those programs. A local educational agency that consolidates administrative funds shall not use any other funds under the programs included in the consolidation for administration for that fiscal year. Consolidated administrative funds shall be used for the administration of the programs covered and may be used for coordination of these programs with other federal and non-federal programs and for dissemination of information regarding model programs and practices.
- M. Privacy of Assessment Results: Any results from an individual assessment referred to in the No Child Left Behind Act of a student that become part of the education records of the student shall have the protections provided in section 444 of the General Education Provisions Act [P. L. 107-110, section 9523 and the Family Educational Rights and Privacy Act (FERPA) of 1975, as amended].

- N. School Prayer: The local educational agency certifies that it is in compliance with Section 25.901 of the Texas Education Code. In addition, as a condition of receiving funds under the No Child Left Behind Act, the local educational agency certifies that no policy of the local educational agency prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the guidance provided by the U. S. Secretary of Education pertaining to such. The state educational agency shall report to the Secretary of Education each year a list of those local educational agencies that have not filed this assurance or against which complaints have been made to the State educational agency that the local educational agencies are not in compliance with this requirement (P. L. 107-110, section 9524(b).
- O. Equal Access to Public Schools Facilities Boy Scouts of America Equal Access Act: No public elementary school, public secondary school or local educational agency that has a designated open forum or a limited public forum and that receives funds made available from the U. S. Department of Education shall deny equal access or a fair opportunity to meet, or to discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society), that wishes to conduct a meeting within that designated open forum or limited public forum, including denying such access or opportunity or discriminating for reasons based on the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts of America or of the youth group listed in Title 36 of the United States Code (as a patriotic society). For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory. Nothing in this section shall be construed to require any school, agency, or a school served by an agency to sponsor any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code (as a patriotic society). Compliance with this provision will be enforced through rules and orders issued by the Office for Civil Rights. If the public school or agency does not comply with the rules or orders, no funds made available through the Department of Education shall be provided by a school that fails to comply with such rules or orders or to any agency or school served by an agency that fails to comply with such rules or orders (P. L. 107-110, section 9525).
- P. General Prohibitions: None of the funds authorized under the No Child Left Behind Act shall be used to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; to provide sex education or HIV-prevention education in schools that instruction is age appropriate and includes the health benefits of abstinence; or to operate a program of contraceptive distribution in schools (P. L. 107-110, section 9526).
- Q. Armed Forces Recruiter Access to Students and Student Recruiting Information: In accordance with guidance issued by the U. S. Department of Education, each local educational agency receiving assistance under the No Child Left Behind Act shall provide, on a request made by military recruiters or an institution of higher education, access to secondary school students names, address, and telephone listings, upon prior written consent of a student or the parent of a student. A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational or private nonprofit school shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving assistance under the No Child Left Behind Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students (P. L. 107-110, section 9528).
- R. Unsafe School Choice Option: The local educational agency certifies that it shall establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the Texas Education Agency, or who becomes a victim of a violent criminal offense, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school (P. L. 107-110, section 9532).
- S. Civil Rights: Nothing in the No Child Left Behind Act shall be construed to permit discrimination on the basis of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, or disability in any program funded under the No Child Left Behind Act (P. L. 107-110, section 9534).

- Student Privacy, Parental Access to Information, and Administration of Certain Physical Examinations to Minors: The local educational agency assures that it is in compliance with Chapter 26 of the Texas Education Code concerning parental rights and responsibilities. In addition, the local educational agency receiving funds under the No Child Left Behind Act certifies that it shall develop and adopt policies, in consultation with parents, regarding certain rights of a parent to access and inspect information; student privacy; the administration of physical examinations or screenings (except for examinations or screenings required by state law); and the collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. The local educational agency also assures that it is in compliance with the requirements for annually notifying parents of such policies and specific events (P. L. 107-110, Title X, Part F, section 1061).
- U. Assurances related to the education of homeless children and youths:
 - (1) The LEA assures that each child of a homeless individual and each homeless youth shall have equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth.
 - (2) The LEA assures that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
 - (3) The LEA assures that it will review and undertake steps to revise any laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth.
 - (4) The LEA assures that it will not separate students from the mainstream school environment on the basis of homelessness alone.
 - (5) The LEA assures that homeless children and youth have access to the education and other services that they need to in order to meet the same challenging State student academic achievement standards to which all students are held.
- Definitions: The following terms shall be defined as follows for programs authorized and carried out under the No Child Left Behind Act of 2001:
 - Charter School: An open enrollment charter school receiving federal funds of any type must meet the federal definition of a charter school as provided in P. L. 107-110, Section 5210(1). The term "charter school" means a school that:
 - (A) is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and control;
 - (B) operates in pursuit of a specific set of educational objectives determined by the school's developer and agreed to by the authorized public chartering agency [i.e., the State Board of Education (SBOE)];
 - (C) provides a program of elementary or secondary education, or both;
 - (D) is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious instruction;
 - (E) does not charge tuition;
 - (F) complies with the Age Discrimination Act of 1975, Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Part B of the Individuals with Disabilities Education Act;
 - (G) is a school to which parents choose to send their children, and that admits students on the basis of a lottery, if more students apply for admission than can be accommodated;
 - (H) agrees to comply with the same Federal and State audit requirements as do other elementary schools and secondary schools in the State, unless such requirements are specifically waived for the purpose of this program;
 - (I) meets all applicable Federal, State, and local health and safety requirements;
 - (J) operates in accordance with State law; and
 - (K) has a written performance contract with the authorized public chartering agency in the State (i.e., SBOE) that includes a description of how student performance will be measured pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the SBOE.
 - Community-Based Organization: A public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segment of a community and that provides educational or related services to individuals in the community.
 - 3. Core Academic Subjects: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, art, history, and geography.

Federal Statutory Requirements

- 1) The LEA must demonstrate that the LEA has analyzed the needs of each school and selected an intervention for each
- The LEA must demonstrate that it has the capacity to use these grant funds to provide adequate resources and related support to each Tier campus identified in the LEA's application in order to implement, fully and effectively, the required 2) activities of the school intervention model it has selected.
- If the LEA is not applying to serve each Tier I school (through a separate application for each campus), the LEA must explain why it lacks capacity to serve each Tier I school.
- The LEA must describe actions it has taken, or will take, to design and implement interventions consistent with the final federal requirements, including the services the campus will receive or the activities the campus will implement.
- The LEA must describe actions it has taken, or will take, to recruit, screen, and select external providers, if applicable, to ensure their quality.
- The LEA must describe actions it has taken, or will take, to align other resources with the interventions.
- The LEA must describe actions it has taken, or will take, to modify its practices or policies, if necessary, to enable its schools to implement the interventions fully and effectively.
- The LEA must describe actions it has taken, or will take, to sustain the reforms after the funding period ends.
- The LEA must include a timeline delineating the steps it will take to implement the selected intervention in each
- The LEA must describe the annual goals for student achievement on the State's assessments in both reading/language arts and mathematics that it has established in order to monitor its Tier I and Tier II schools that receive school 10)
- As appropriate, the LEA must consult with relevant stakeholders regarding the LEA's application and implementation of 11) school improvement models on its campus.
- Applicant provides assurance that financial assistance provided under the grant program will supplement, and not 12) supplant, the amount of state and local funds allocated to the campus.
- Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal 13)
- Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final 14) federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive grant funds.
- Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization (CMO), or 15) education management organization (EMO) accountable for complying with the final federal requirements.
- Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final 16)
- If the LEA/campus selects to implement the <u>turnaround model</u>, the campus must implement the following federal 17) requirements.
 - Replace the principal and grant the principal sufficient operational flexibility (including in staffing, calendars/time, and budgeting) to implement fully a comprehensive approach in order to substantially improve a. student achievement outcomes and increase high school graduation rates;
 - Using locally adopted competencies to measure the effectiveness of staff who can work within the turnaround b. environment to meet the needs of students;
 - Screen all existing staff and rehire no more than 50 percent; and
 - Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to c. meet the needs of the students in the turnaround school;
 - Provide staff ongoing, high-quality, job-embedded professional development that is aligned with the school's comprehensive instructional program and designed with school staff to ensure that they are equipped to d. facilitate effective teaching and learning and have the capacity to successfully implement school reform

new "turnaround office" in the LEA or SEA, hire a "turnaround leader" who reports directly to the Superintendent or Chief Academic Officer, or enter into a multi-year contract with the LEA or SEA to obtain added flexibility in exchange for greater accountability;

Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;

Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students;

Establish schedules and implement strategies that provide increased learning time (as defined in this notice); and

Provide appropriate social-emotional and community-oriented services and supports for students.

- If the LEA/campus selects to implement the <u>turnaround model</u>, the campus may implement the following federal 18) requirements.
 - 1. Any of the required and permissible activities under the transformation model; or

2. A new school model (e.g., themed, dual language academy).

- If the LEA/campus selects to implement the school closure model, the campus must implement the following 19) requirement.
 - Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new a. schools for which achievement data are not yet available.

A grant for school closure is a one-year grant without the possibility of continued funding.

- If the LEA/campus selects to implement the <u>restart model</u>, the campus must implement the following federal 20) requirements.
 - Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) that has been selected through a rigorous review process. A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA.

Enroll, within the grades it serves, any former student who wishes to attend the school.

- If the LEA/campus selects to implement the transformation model, the campus must implement the following federal 21) requirements.
 - Develop and increase teacher and school leader effectiveness.
 - Replace the principal who led the school prior to commencement of the transformation model;
 - Use rigorous, transparent, and equitable evaluation systems for teachers and principals that--Take into account data on student growth as a significant factor as well as other (B)
 - factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and

Are designed and developed with teacher and principal involvement;

- Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove (C) those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
- Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
- Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain (E) staff with the skills necessary to meet the needs of the students in a transformation school.

2. Comprehensive instructional reform strategies.

- Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards;
- Promote the continuous use of student data (such as from formative, Interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of (B)

- Increasing learning time and creating community-oriented schools.
 - Establish schedules and strategies that provide increased learning time; and
 - Provide ongoing mechanisms for family and community engagement. (B)
- 4. Providing operational flexibility and sustained support.
 - Give the school sufficient operational flexibility (such as staffing, calendars/time, and budgeting) to implement fully a comprehensive approach to substantially improve student (A) achievement outcomes and increase high school graduation rates; and
 - Ensure that the school receives ongoing, intensive technical assistance and related support (B) from the LEA, the SEA, or a designated external lead partner organization (such as a school turnaround organization or an EMO).
- An LEA may also implement other strategies to develop teachers' and school leaders' effectiveness, such as-
 - Provide additional compensation to attract and retain staff with the skills necessary to meet the needs of the students in a transformation school;
 - Institute a system for measuring changes in instructional practices resulting from professional (B) development: or
 - Ensure that the school is not required to accept a teacher without the mutual consent of the (C) teacher and principal, regardless of the teacher's seniority.
- An LEA may also implement comprehensive instructional reform strategies, such as-23)
 - Conduct periodic reviews to ensure that the curriculum is being implemented with fidelity, is having the intended impact on student achievement, and is modified if ineffective; (A)
 - Implement a schoolwide "response-to-intervention" model; (B)
 - Provide additional supports and professional development to teachers and principals in order to implement effective strategies to support students with disabilities in the least restrictive (C) environment and to ensure that limited English proficient students acquire language skills to master academic content;
 - Use and integrate technology-based supports and interventions as part of the instructional (D) program; and
 - In secondary schools--(E)

- Partner with parents and parent organizations, faith- and community-based organizations, health clinics, other State or local agencies, and others to create safe school environments that (A) meet students' social, emotional, and health needs;
- Extend or restructure the school day so as to add time for such strategies as advisory periods (B) that build relationships between students, faculty, and other school staff;
- Implement approaches to improve school climate and discipline, such as implementing a system of positive behavioral supports or taking steps to eliminate bullying and student (C) harassment; or
- Expand the school program to offer full-day kindergarten or pre-kindergarten.
- The LEA may also implement other strategies for providing operational flexibility and intensive support, such as-25)
 - Allow the school to be run under a new governance arrangement, such as a turnaround division within the LEA or SEA; or
 - Implement a per-pupil school-based budget formula that is weighted based on student needs. (B)

Statutory Program Assurances

- 1) Applicant provides assurance that financial assistance provided under the grant program will supplement, and not supplant, the amount of state and local funds allocated to the campus.
- Applicant provides assurance that it will use its School Improvement Grant to implement fully and effectively an intervention in each Tier I and Tier II school that the LEA commits to serve consistent with the final federal
- Applicant provides assurance that it will establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in section III of the final federal requirements in order to monitor each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the TEA) to hold accountable its Tier III schools that receive school improvement
- Applicant provides assurance that it will, if it implements a restart model in a Tier I or Tier II school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final federal requirements.
- Applicant provides assurance that it will report to the TEA the school-level data required under section III of the final
- Applicant provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.

TEA Program Assurances

- Before full implementation funds are made available, the grantee must demonstrate that all early implementation activities have been completed. Successful completion of the early implementation will be measured in the Quarterly Implementation Reports, the Model Selection and Description Report, and through participation in TEA technical assistance. Copies of the above named reports can be found on the TTIPS website at the following link: http://www.tea.state.tx.us/index4.aspx?id=7354&menu_id=798
 - a. The Model Selection and Description Report must be submitted to TEA no later than February 1, 2011. This report may be submitted at any time prior to the deadline. Grantees must demonstrate successful completion of the following activities:
 - i. Comprehensive Needs Assessment process.
 - ii. Establish the grant budget by the required categories.
 - iii. Identification and Selection of the intervention model.
 - iv. Development of activities to implement selected intervention model.
 - v. Development of Timeline of Grant Activities.
- 2) The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved
- The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Texas School Improvement Conference, and sharing of best practices.

- 4) For LEAs selecting the TEA Designed Model, the applicant must participate in and make use of technical assistance and coaching support provided by TEA, SIRC, and/or its subcontractors.
- The applicant will establish or provide evidence of a system of formative assessment aligned to the Texas Essential Knowledge and Skills which provides robust, targeted data to evaluate the effectiveness of the LEA's curriculum and its alignment with instruction occurring on the campus; assesses progress on student groups' academic achievement at the campus level; and guide instructional decisions by teachers for individual students.
- The applicant will participate in a formative assessment of the LEA's capacity and commitment to carry out the grant
- The applicant will provide access for onsite visits to the LEA and campus by TEA, SIRC and its contractors.
- The applicant, if selecting the Restart Model, agrees to contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.
- The applicant, if selecting the Turnaround Model or Transformation Model (Tiers I and Tiers II only) agrees to the participation of the campus principal or principal candidates in a formative assessment of their turnaround leadership
- If the LEA/Tier III campus selects to implement the transformation model, the campus assures that it will it 10) implement the following federal requirements.
 - Develop and increase teacher and school leader effectiveness.
 - Evaluate the effectiveness of the current principal and use the results of the evaluation to determine whether the principal should be replaced, be retained on the campus, or be provided leadership coaching or training.
 - B.Identify and reward school leaders, teachers, and other staff who, in implementing this model, have increased student achievement and high school graduation rates and identify and remove those who, after ample opportunities have been provided for them to improve their professional practice, have not done so;
 - C.Provide staff ongoing, high-quality, job-embedded professional development (e.g., regarding subject-specific pedagogy, instruction that reflects a deeper understanding of the community served by the school, or differentiated instruction) that is aligned with the school's comprehensive instructional program and designed with school staff to ensure they are equipped to facilitate effective teaching and learning and have the capacity to successfully implement school reform strategies; and
 - D.Implement such strategies as financial incentives, increased opportunities for promotion and career growth, and more flexible work conditions that are designed to recruit, place, and retain staff with the skills necessary to meet the needs of the students in a transformation school based on rigorous, transparent, and equitable evaluation systems for teachers and principals:
 - 1. Takes into account data on student growth as a a factor as well as other factors such as multiple observation-based assessments of student performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and
 - 2. Are designed and developed and with teacher and principal involvement
 - 2. Comprehensive instructional reform strategies.
 - A. Use data to identify and implement an instructional program that is research-based and vertically aligned from one grade to the next as well as aligned with State academic standards; and
 - B. Promote the continuous use of student data (such as from formative, interim, and summative assessments) to inform and differentiate instruction in order to meet the academic needs of individual students.
 - 3. Increasing learning time and creating community-oriented schools.
 - A. Establish schedules and strategies that provide increased learning time; and
 - B. Provide ongoing mechanisms for family and community engagement.
 - 4. Providing operational flexibility and sustained support.

Texas Title I Priority Schools Grant

By submitting the application for American Recovery and Reinvestment Act (ARRA) funds (P.L. 111-5), the applicant agrees to comply with the following provisions and assurances for all programs authorized in Division A of the ARRA, Title I School Improvement Grant (SIG). The applicant understands that failure to comply with one or more of these provisions and assurances may result in the Texas Education Agency (TEA) taking one or more enforcement actions authorized in Title 34 of the Code of Federal Regulations (CFR) §§ 74.62 and 80.43.

In addition to the standard terms of award, all funding provided under the Recovery Act will be subject to the provisions, assurances and conditions for American Recovery and Reinvestment Act of 2009 (ARRA or Recovery Act).

RECIPIENT - The term "recipient" means a State and includes the Texas Education Agency (TEA). It also includes any entity that applies for and receives a grant directly from the federal government.

RECOVERY FUNDS —The term "recovery funds" means any funds that are made available from appropriations made under the Recovery Act.

RECOVERY ACT - the American Recovery and Reinvestment Act (ARRA) of 2009 (P.L. 111-5)

STIMULUS FUNDS - The term "stimulus funds" means any funds that are made available from appropriations under the Recovery Act; the term may be used interchangeably with "recovery funds."

GRANTEE - the subrecipient of TEA and applicant of funds.

A. One-Time Funding: Unless otherwise specified, ARRA funding is considered one-time funding that is expected to be temporary. Grantees should expend funds in ways that do not result in unsustainable continuing commitments after the funding expires. Grantees must move rapidly, while using prudent grant management practices, to develop plans for using funds, consistent with the ARRA's reporting and accountability requirements, and promptly begin spending funds to help drive the nation's economic recovery. All ARRA funds must be separately accounted for and tracked in their obligation, expenditure, and reporting.

B. Period of Availability and Encumbrances/Obligations: Unless otherwise specified in the Notice of Grant Award (NOGA), all funds are effective from the beginning date specified on the Notice of Grant Award (NOGA) through June 30, 2013. Carryover of funds will not be available beyond that date. Unobligated/unexpended funds will be returned to the Department of Treasury. The paragraph in the General Provisions pertaining to Encumbrances and Obligations applies as follows:

All encumbrances shall occur on or between the beginning and ending dates of the contract. All goods must be received and services rendered and subsequently liquidated (recorded as an expenditure or accounts payable) within the contract dates. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures. Obligations that are liquidated and recognized as expenditures must meet the allowable cost principles in OMB Circular A-87, A-21, or A-122 (as applicable) and program rules, regulations, and guidelines contained elsewhere. When an obligation is made is defined in 34 CFR 76.707.

- C. Compliance with Other Provisions and Assurances: All provisions and assurances stated in the General Provisions, Certification Regarding Debarment and Suspension, Lobbying Certification and Disclosure of Lobbying, No Child Left Behind Act (NCLB) Special Provisions and Assurances, and all other program-specific provisions and assurances apply unless they conflict or are superseded by the following terms and conditions implementing the American Recovery and Reinvestment Act of 2009 (ARRA) requirements below. This includes compliance with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; and all other nondiscrimination provisions. It also includes Title VII of the Civil Rights Act of 1964 (prohibiting race, color, national origin, religion, and sex discrimination in employment; the Americans with Disabilities Act (prohibiting disability discrimination in employment and in services provided by entities receiving federal funds); as well as any other applicable civil rights laws. By submitting this application, the applicant agrees to comply with all such provisions and assurances.
- **D. Compliance with Other Program Statutes:** The applicant agrees to comply with the authorizing program statutes, regulations, non-regulatory guidelines, and other guidance in the implementation of the programs receiving funding under ARRA. This includes compliance with comparability; supplement, not supplant; maintenance of effort (MOE); equitable participation for private nonprofit school students and teachers; and all other program-specific provisions and requirements. All such are hereby incorporated by reference.
- **E. DUNS Number:** All entities receiving any federal funds, including ARRA funds, are required to have a DUNS (Dunn & Bradstreet) number. The DUNS number serves as the grantee organization's unique identifier for reporting federal funds received and expended. TEA must use this same DUNS number to report grant awards and expenditures for subrecipients under ARRA to the website specifically provided for in ARRA http://www.FederalReporting.gov/. The assignment of a DUNS number is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds. (Section 1512[c][4] of ARRA and the federal Office of Management and Budget (OMB) to comply with the Federal Funding Accountability and Transparency Act [FFATA], P.L. 109-282. OMB adopted the DUNS number as the "unique identifier" required for reporting under FFATA).
- **F. Central Contractor Registration (CCR):** All grantees receiving ARRA funds, as well as any other federal funds, are required to register and maintain current registration with the Central Contractor Registration (CCR) database at http://www.ccr.gov. Registration in CCR is a condition of award of ARRA funds and must be validated by TEA prior to issuing a NOGA for ARRA funds.
- **G. ARRA Reporting Requirements:** The federal Office of Management and Budget (OMB) has issued guidance related to reporting the use of ARRA funds to the various websites. The definition of terms and data elements, as well as any specific instructions for reporting, including required formats, are provided in separate guidance issued by the TEA.

The Texas Education Agency as a direct recipient of funds is required to report certain information at certain intervals throughout the grant period as required in Section 1512 of ARRA. In order to meet the reporting requirements, grantees will be required to provide certain information to TEA. By submitting this application, the grantee agrees to provide information in the form, time, and manner requested so that TEA can meet its reporting requirements and deadlines.

1. **Separate Tracking and Monitoring of ARRA Funds**: ARRA funds must be separately tracked and monitored independently of any non-Recovery Act funding. Grantees must submit certain information to TEA in order for TEA to comply with quarterly reporting requirements established in Section 1512 of the Recovery Act. Recovery Act-related reporting requirements are incorporated as a special condition of this award.

- 3. Quarterly Reporting for ARRA: Not later than 10 calendar days after the end of each calendar quarter, TEA and any other direct recipient of ARRA funds must report to the U.S. Department of Education with regard to recovery funds received in accordance with number 4 below (Section 1512[c]). (A "direct recipient" is a state agency or any entity that applies for and receives funds directly from a federal government agency.) TEA must obtain certain information from grantees in order to comply with this reporting requirement. By submitting this application, the grantee agrees to submit information to TEA in the time, form, and manner requested.
- 4. Data Elements for Quarterly Reporting for ARRA: In accordance with Section 1512(c) of ARRA and the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), TEA is required to provide quarterly reports to the U.S. Department of Education or through a central government-wide portal (http://www.FederalReporting.gov). The information adopted by OMB contains the following data elements: submitting this application, the grantee agrees to submit the information to TEA in the time, form, and manner requested. The information may change pending final adoption by OMB.

For each grant that equals or exceeds \$25,000 in total grant award amount:

- a. The grantee organization's DUNS number (TEA will need to collect this information from grantees)
- b. The grant award number (i.e., NOGA ID number) assigned by TEA (TEA will have this information on file)
- c. The legal name of the grantee organization (as registered in the Central Contractor Registration (CCR), if registered) (TEA will have this information on file provided it is the same legal name on file with TEA)
- d. The physical location (street address) (as listed in the CCR, if registered) (TEA will have this information on file provided it is the same street address on file with TEA)
- e. The (federal) Congressional district number
- f. The grantee organization type (i.e., independent school district, nonprofit organization, etc) (TEA will have this information on file)
- g. The total amount of the grant award (TEA will have this information on file)
- h. The total amount paid to the grantee as of date of report (TEA will have this information on file)
- i. The physical location (street address) of the primary place of performance of the grant (TEA will have this information on file provided it is the same address on file with TEA.)
- j. An evaluation (i.e., status report) of the completion status of the project or activity (for example, Not Started; Less than 50% Completed; Completed 50% or More; Fully Completed) (It is not clear at this time whether this information will need to be collected from the grantees. TEA will notify the grantee in the event status information needs to be collected.)
- k. An estimate of the number of jobs created and the number of jobs retained by the project or activity and a brief description of the types of those jobs (i.e., job titles) (TEA will need to collect this information from grantees.)
- I. The names and total compensation of the five most highly compensated officers of the grantee organization if the organization in its preceding year received 80% or more of its annual gross revenues in Federal awards and \$25,000,000 or more in annual gross revenues from Federal awards and the public does not have access to information about the compensation of senior executives. (It is not known at this time whether this data element will be required once the data elements are finalized by OMB. If it is required in the final data elements, TEA will need to collect this information from the grantees.)

For grants that equal less than \$25,000 in total grant award amount or for grantees that in the previous tax year had gross income under \$300,000, amounts will be reported in the aggregate according to the following:

- a. The total number of grants awarded less than \$25,000 (TEA will have this information file)
- b. The total award (aggregate) amount for all grants less than \$25,000 (TEA will have this information on file)
- c. The total (aggregate) amount paid to grantees for all grants less than \$25,000 as of date of report (TEA will have this information on file)

5. Posting the Information on Public Website: Not later than 30 days after the end of each calendar quarter, each federal agency, including the U.S. Department of Education, shall make the information in those reports publicly available by posting the information on the designated public website (Section 1512[d]). Grantees will not be required to post information on the public website unless they apply for and receive other ARRA grants directly from a federal government agency.

Once OMB adopts the final data reporting elements and TEA receives specific instructions for reporting, TEA will provide

subsequent guidance to grantees related to required reporting information.

- H. Electronic Drawdown of ARRA Funds from TEA and Use of FAR Fund Codes: Recipients will draw down ARRA funds on an award-specific basis. Pooling of ARRA award funds with other funds for drawdown or other purposes is not permitted. Recipients must account for each ARRA award separately by referencing the assigned FAR (Financial Accounting and Resource) fund code for each award.
- I. Availability of Records: The applicant agrees to make all financial and programmatic records available in detail for inspection by TEA auditors, local independent auditors, and the offices described below.
- 1. **Examination of Records:** The Comptroller General of the United States and any of its employees, contractors, agents, representatives, or designees, may examine any records related to obligations and use by any state or local government of funds made available under ARRA. (Section 901[b]).
- 2. Access of Government Accountability Office (GAO): Each contract and each subcontract awarded using funds made available under ARRA shall provide that the Comptroller General of the United States and his representatives are authorized to examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract and to interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions (Section 902).
- 3. **Reviews by Inspector General:** The inspector general of the U.S. Department of Education shall review, as appropriate, any concerns raised by the public about specific investments using funds made available in this Act. Any findings of such reviews shall be relayed immediately to the Secretary of Education. In addition, the findings of such reviews, along with any audits conducted by any inspector general of ARRA funds, shall be posted on the inspector general's website and linked to the recovery.gov website, except that portions of reports may be redacted to the extent the portions would disclose information that is protected from public disclosure under sections 552 and 552a of Title 5, United States Code (Section 1514).
- 4. Access of Offices of Inspector General to Certain Records and Employees: With respect to each contract or grant awarded using ARRA funds, any representative of an Inspector General of the U.S. Department of Education or other appropriate federal agency is authorized to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract, that pertain to, and involve transactions relating to, the contract, subcontract, grant, or subgrant, and to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions (Section 1515).
- 5. Recovery Accountability and Transparency Board: Section 1521 of the ARRA establishes the Recovery Accountability and Transparency Board to coordinate and conduct oversight of ARRA funds to prevent fraud, waste, and abuse. The Board shall submit "flash reports" on potential management and funding problems that require immediate attention; quarterly reports; and annual reports to the President and Congress, including the Committees on Appropriations of the Senate and House of Representatives, summarizing the findings on the use of ARRA funds. The Board may conduct its own independent audits and reviews of ARRA funds. All reports shall be made publicly available on the www.recovery.gov website established by the Board. See paragraphs J and K below with regard to reports of suspected fraud or abuse (Sections 1523 and 1524).

- Recovery Independent Advisory Panel: Section 1541 of the ARRA establishes the Recovery Independent Advisory Panel to make recommendations to the Recovery Accountability and Transparency Board on action the Board could take to prevent fraud, waste, and abuse relating to ARRA funds.
- J. Disclosure of Fraud or Misconduct: Each grantee awarded funds made available under the ARRA shall promptly refer to the USDE Office of Inspector General any credible evidence that a principal, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.
- K. Protection for Whistleblowers: Section 1553 of the ARRA provides protection for State and local government and contractor whistleblowers. Any employee of any employer receiving ARRA funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Recovery Accountability and Transparency Board, an inspector general, the U. S. Comptroller General, a member of Congress, a State or federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a federal agency, or their representatives, information that the employee reasonably believes is evidence of (1) gross mismanagement of an agency contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to the implementation or use of ARRA funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract), or grant, awarded or issued relating to ARRA funds. A person who believes that he or she has been subjected to a reprisal may submit a complaint regarding the reprisal to the inspector general for the appropriate federal agency (in most cases, the U.S. Department of Education).
- L. Use of Funds: The grantee agrees to comply with the applicable federal cost principles in the obligation and expenditure of ARRA funds as identified in the General Provisions and Assurances as well as other limitations or restrictions and expenditures identified therein. The grantee also agrees to the following:
- 1. Consolidation of ARRA Administrative Funds: Due to the significant reporting requirements under ARRA, it is not known at this time whether grantees may consolidate ARRA administrative funds with other NCLB consolidated administrative funds. TEA will issue further guidance with regard to this provision once guidance is provided by the U.S. Department of Education. If ARRA funds are permitted to be consolidated with other NCLB consolidated administrative funds, grantees must still be able to report the types and number of jobs that were created or saved with ARRA funds.
- 2. Combining ARRA funds on a Schoolwide Program. ARRA funds are permitted to be used on a Title I Part A schoolwide Campus/Program, funds may be combined with other funding sources, but grantees still must be able to identify precisely the items of obligation and expenditure for ARRA reporting. You must also be able to report the types and number of jobs that were created or saved with ARRA funds.
- Special Contracting Provisions: To the maximum extent possible, contracts funded under the ARRA shall be awarded as fixed-price contracts through the use of competitive procedures. A summary of any new contract 3. awarded with ARRA funds that is not fixed-price and not awarded using competitive procedures shall be posted in a special section of the www.recovery.gov website established by the Recovery Accountability and Transparency Board (Section 1554).
