<b>Texas Title I Priority Schools Grant</b>		
<b>Schedule #4—Program Summary and Application Requirements</b>		
<b>Part 1: Grant Program Information;</b>		
<b>Summary of Program: Purpose and Goals</b>		
<p>School Improvement Grants, authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (Title I or ESEA) as amended by ARRA, are grants, through the Texas Education Agency, to local educational agencies (LEAs) for use in Title I schools identified for improvement, corrective action, or restructuring and other eligible campuses that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of their students so as to enable the schools to make adequate yearly progress and exit improvement status. Under the final requirements, as amended through the interim final requirements published in the Federal Register in January 2010 school improvement funds are to be focused on each State's "Tier I" and "Tier II" schools.</p> <p>Tier I schools are a State's persistently lowest-achieving Title I schools in improvement, corrective action, or restructuring and certain Title I eligible elementary schools that are as low achieving as the State's other Tier I schools. Tier II schools are a State's persistently-lowest achieving secondary schools that are eligible for, but do not receive, Title I, Part A funds and certain additional Title I eligible secondary schools that are as low achieving as the State's other Tier II schools or that have had a graduation rate below 60 percent over a number of years. An LEA may also use school improvement funds in Title I schools in improvement, corrective action, or restructuring that are not identified as persistently lowest-achieving schools and certain additional Title I eligible schools ("Tier III schools").</p> <p>In the Tier I and Tier II schools an LEA chooses to serve, the LEA must implement one of four school intervention models: turnaround model, restart model, school closure, or transformation model.</p>		
<b>Allowable Activities</b>		
<p><b>Tier I and Tier II Grantees</b></p> <ul style="list-style-type: none"> <li>■ Grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations.</li> <li>■ Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.</li> <li>■ Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.</li> </ul> <p><b>Tier III Grantees</b></p> <ul style="list-style-type: none"> <li>■ Tier III grantees may select one of the four intervention models in the federal regulations or the state's Tier III Transformation Model.</li> <li>■ If selecting one of the four models in the federal regulations, grantees must expend grant funds for the required activities delineated for the selected intervention model as defined in the final federal regulations. Grantees may expend grant funds for the permissible activities delineated for the selected intervention model as defined in the final federal regulations.</li> <li>■ Grantees may expend grant funds for other school improvement activities deemed needed to address identified needs not addressed by the intervention model selected.</li> </ul> <p>In addition, a Tier I, Tier II, Tier III grantee campus that has implemented, in whole or in part, either the Turnaround, Restart, or Transformation models within the last two years may continue or complete the implementation of the intervention model with the TTIPS grant funds. For example, if a grantee campus has replaced its principal within the last two years, the LEA/campus will not be required to hire another new principal. An LEA/campus that receives TTIPS SIG funds in accordance with this flexibility must fully implement the selected model as required by the final federal requirements. In other words, if the school had been implementing the model only in part, it must use the funds it receives to expand its implementation so that it fully complies with the federal regulatory requirements.</p> <p>The detailed required and permissible activities for each intervention model, as defined in the final federal regulations are listed on Schedule #4—Program Requirements and are incorporated by reference herein.</p>

<p>Louise High School has been teetering on unacceptable for years, and in 2006-2007, the campus ended up unacceptable. The two years after that with the help of TPM, LHS has been a Recognized campus. However, we still have a long way to go.</p> <p>In April 2010, the Superintendent removed the principal and filled in as principal. The district has now hired an experienced curriculum-thinking principal. He begins officially June 15. In addition, the Superintendent has initiated training in CSCOE curriculum. All returning teachers have had at least 6 hours of professional development in late April. Additional training will be provided to all teachers in July and August.</p> <p>Our gaps have been generated by a huge turn over in teachers, especially in science, but now also in English and Special Education. Only three teachers remain on the campus that have been in the district for more than five years. Our AP program has disappeared. LHS does offer some dual credit courses, but few students are successful. Many parents do not speak English and are not involved with their child's education. These gaps and barriers are major weaknesses that this grant will address.</p>

<b>Section C: Process</b> Responses are limited to the space provided, front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<b>Describe, in detail, the process the LEA and campus followed/will follow to identify the needs of the campus.</b>		
<p>In preparation of a final formal needs assessment, the campus will examine the AEIS report and focus on key pieces.</p> <p>TAKS, TELPAS, and SAT scores, in addition to attendance rates, drop-out rates, and completion rates will be studied by the needs assessment team. In addition, a survey of student's daily grades, and course grades will be reviewed.</p> <p>Currently, the needs assessment team has begun to review loss of credit due to failing grades and/or attendance issues.</p> <p>We want to know where students are at.</p> <p>This information will be gather and reviewed by the new high school principal, counselor, and superintendent. A report will be shared with the Site base committee and the board of trustees as we reach out for additional assistance. This summer through other funding a credit recovery program will begin with one teacher and a few computers.</p> <p>Highly qualified reports have been reviewed and the campus has issues which require additional professional development for three core teachers. Furthermore, the district is prepared for the loss of a science or math teacher.</p> <p>The curriculum issue has been addressed because the board has adopted CSCOPE. New training will take place over the summer.</p> <p>A parent liaison has been contracted through June 2010 from another grant fund to assist our district with parents of students that do not speak English.</p>

<b>Part 2: Project Management</b>		
<b>Section A: LEA (District) Capacity</b> Responses are limited to <b>one page each</b> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<b>Capacity</b> -- Describe the LEA's capacity to use grant funds to provide adequate resources and related services/support to the campus to implement, fully and effectively, the required activities of the school intervention model.		
<p>The Louise ISD is a Tier III school and our intentions are to implement CSCOPE in all grades, at all campuses and district wide. We want to begin to implement this curriculum so that we can help students achieve from whatever grade they are in when this is implemented. CSCOPE will improve the rigor of the basic curriculum. With a new principal and new curriculum, LHS is ready to transform into a state of the art campus that focuses on post-graduate success (trade, tech, and college). The district has the support of the school board and community.</p> <p>An Academic Booster club is in place to assist the campus with the "little" things. The local Louise-Hillje Chamber of Commerce has signed on as a supporter for the campus. Wharton County Junior College and LHS have had a long, positive relationship with dual credit courses and student awareness days. The superintendent is starting year six. This fact alone has made a tremendous impact on stability for the campus.</p> <p>LHS is supported with a strong RTI team that has been trained over the past six months and is ready to assist with the rigor of CSCOPE. The special education team is supported by a three district co-op that provides technical assistance and some financial assistance. In addition, the co-op provides severe special education services when LISD cannot afford those services.</p>

<b>Partnership/Involvement of Others</b> – Describe how the LEA/campus consulted with relevant stakeholders (students, staff, parents, community) regarding this application and proposed implementation of a school intervention model.		
<p>This process began with the Louise ISD Board of Directors with asking the question, "how do we get to the next level?" The board directed the superintendent to initiate a needs assessment and report back to them in less than 30 days. After collaboration with the administration, teachers and regional service centers and doing research it appears that CSCOPE and the rigorous curriculum and it could make a major difference.</p> <p>The teachers on the high school campus were each interviewed by the superintendent and some tough decisions were made; first the removal of the principal for the past five years. The bell schedule was changed to include 50 minutes of instruction per class period. Additional time was found for the 2010-2011 school year.</p> <p>Parents and community members have been invited to give comments to the district with regards to school improvements through conversations with the superintendent and the use of Facebook. The high school has a fan page and the superintendent has posted questions to provoke the thoughts of the community, students and parents. <i>Yes, it has been successful; not only for this grant but for many other issues.</i></p> <p>The superintendent has met with the local chamber of commerce, retired teachers, and other community members to probe the issues of school intervention and what it will take to make major improvements.</p>

<b>Section A: LEA (District) Capacity</b> Responses are limited to <b>one page each</b> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<b>Management of Grant Activities</b> – Describe how the LEA and campus will modify its practices and/or policies, as necessary, to ensure its implementation of the intervention(s) fully and effectively.		
<p>The management of this grant will not be different than any other grant that has been managed by this administrative team. The ground work is laid with anticipation of what is needed, those amounts that are budgeted are discussed with those involved in the process of getting what is necessary and obtaining what is necessary. This particular project is going to be one that everyone will need to be knowledgeable with what is going on from every level of our district. Periodic meetings will occur much more in the beginning and will be ongoing forever. As the project begins it will be fresh and full of availability within its own capability. With professional development of our staff we will begin with a plan and roll that out. As time progresses we will begin to evaluate not only the program but the individual students and how each student progresses.</p> <p>The superintendent (as Project Director) will be reviewing students ongoing benchmarking assessments to insure the project is on course at all times. The director of curriculum will focus on providing the teachers not only the supplies, but any additional training, and resources necessary to fully implement the CSCOPE curriculum. The district is currently in negotiates with a larger district to share some specific grade/subject focused staff development time with the larger entity.</p> <p>The business office will work hand in hand with the high school principal, curriculum director and superintendent to make sure all purchases are accomplished in a reasonable amount of time, and follow all state and federal guidelines. One member of the business office will be assigned to this grant on a 50% basis.</p>

<b>Part 2: Project Management Cont.</b>		
<b>Section A: LEA (District) Capacity</b> Responses are limited to <b>one page each</b> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<b>Resource Management</b> – Describe how the LEA/campus will align other resources (federal, state, local, and community) with the school improvement intervention.		
<p>Louise ISD and the superintendent have a keen sense of tight budgets and know how to share appropriately. A few of the ideas are already started and funded with smaller grants, including local donations. These ideas will be expanded with the TTIPS grant. Other ideas have not had the financial backing to be put in place and a few new ideas have not been on the table before.</p> <p>It is hoped that with a combination of High School Allotment funds, regular Title I funds, ARRA funding, OEYP, and grants from two local foundations, that we can expand the opportunities of this grant to serve every high school student in Louise. The district has a history of successfully implementing after school programs with Rural Tech grants and Optional Extended Year Program. Many times grants are combined (to the fullest extent allowed under law) to share the purchase of software and computers for students in K – 12.</p> <p>An example of how LHS will align with other resources: currently, students are reimbursed 50% of their tuition for dual credit courses at Wharton County Junior College using high school allotment funds. Upon approval of this grant, we can expand the reimbursement of the full tuition to all students that are successful. We can also offer grants to the students in the form of a scholarship to economically disadvantaged students. Using these two funds many more students should benefit and the goals of the grant can be realized.</p>

<b>Grant Project Manager Qualifications</b> – Describe the qualifications of the person selected to be the project manager for this grant on the campus.		
<p>The Superintendent of Schools, Andrew Peters, has been active in federal grant management for the past twelve years. He currently holds a Masters degree in educational administration and is working on his Doctorate of Education in curriculum and instruction. Peters has managed over \$10 million in grants in three different districts as a business manager, principal, and now a superintendent. He will serve as the project director. **Section A: LEA (District) Capacity** Responses are limited to **one page each**, front side only, with a font size no smaller than 9 point (Arial or Verdana).

**LEA Support** – Describe how the LEA will structure and implement an individual or office with responsibility for supporting the campus' school improvement efforts.

A curriculum director is being hired to assist with the implementation of CSCOPE. Currently, this position is funded at 50% from local budget and the district is seeking ways to make this a full time position. The curriculum director will be working with all three campuses in the district; but will supervise a full time TTIPS teacher facilitator that will serve exclusively on the high school campus. This teacher – facilitator will be paid for 100% out of this grant if approved. It is hoped that after the program is shown to be successful, the district will opt to continue this position from local funds. To facilitate this, the district has budgeted this position to be split-funded in year two and three at 15% less each year.

The curriculum director will work directly with the high school principal to insure that all programs are in place and running smoothly. The teacher facilitator's role is to make sure that all teachers are teaching with the rigor that is required of by the TEKS.

<b>Section A: LEA (District) Capacity</b> Responses are limited to <i>one page each</i> , front side only, with a font size no smaller than 9 point (Arial or Verdana).		
<b>Program Continuation and Sustainability</b> – Describe how the LEA will sustain the campus reforms after the funding period ends.		
<p>This grant being a three-year grant will provide us with the opportunity to make a total transformation at the high school. The first objective is to reduce drop-outs, credit losses, and raise TAKS/STARR test scores. The better we can do that, the less funds we will need in the future.</p> <p>The second step for continuation will be to eliminate programs that are not successful and free up those funds for continuation of our program. These decisions will be made after a full evaluation of all programs at the high school.</p> <p>Finally, the board of trustees is committed to do what it has to in order to provide the best education of our students. LISD is known to do whatever it takes to get the job done. The district has held academic fund raisers, as well as community work days to complete a project.</p>

<p>LISD has already made trips to other campuses that have implemented CSCOPE and some of the interventions (credit recovery programs) that the district is considering. <b>Texas Title I Priority Schools Grant</b>		

- L. Financial Management and Accounting:** Grantee assures it will maintain a financial management system that complies with federal standards established in 34 CFR 80.20 and 74.21 and that provides for accurate, current, and complete disclosure of the financial results of each grant project. The financial management system records will identify adequately the source and application of funds and will contain information pertaining to grant awards, authorizations, obligations, unobligated balances, assets, outlays (i.e., expenditures), income, and interest. Fiscal control and accounting procedures will permit the tracing of funds to a level of expenditure adequate to establish that funds have been used in accordance with the approved grant application. The applicant agrees to maintain effective control over and accountability for all funds, property, and other assets. Public school districts, open enrollment charter schools, and regional education service centers in Texas must comply with the accounting requirements in the Financial Accounting and Reporting (FAR) module of the *Financial Accountability System Resource Guide*, Texas Education Agency (34 CFR 74.21; 34 CFR 80.20; TEA *Financial Accountability System Resource Guide*).

Revised expenditure reports, where the grantee is claiming additional expenditures beyond that originally requested, must be submitted within 60 days after the ending date of the grant, or as specified in the applicable Program Guidelines.
- N. Refunds Due to TEA:** If Agency determines that Agency is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to Agency within 30 days of Contractor's receipt of written notice that such money is due to Agency. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- O. Records Retention:** Contractor shall maintain its records and accounts in a manner which shall assure a full accounting for all funds received and expended by Contractor in connection with the contract project. These records and accounts shall be retained by Contractor and made available for programmatic or financial audit by Agency and by others authorized by law or regulation to make such an audit for a period of not less than five years from the date of completion of the contract project or the date of the receipt by Agency of Contractor's final claim for payment or final expenditure report in connection with this contract, whichever is later. If an audit has been announced, the records shall be retained until such audit has been completed.
- Contractor understands that acceptance of funds under this contract acts as acceptance of the authority of the State Auditor's office, or any successor agency, to conduct an audit or investigation in connection with those funds. Contractor further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. Contractor will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Contractor and the requirements to cooperate is included in any subcontract it awards.

For federally funded projects, time and effort records must be in accordance with the requirements in the applicable OMB cost principles.
- Q. Forms, Assurances, and Reports:** Contractor shall timely make and file with the proper authorities all forms, assurances and reports required by federal laws and regulations. Agency shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to Agency's attention, and may deny payment or recover payments made by Agency to Contractor in the event of Contractor's failure so to comply.
- R. Intellectual Property Ownership:** Contractor agrees that all Works are, upon creation, works made for hire and the sole property of TEA. If the Works are, under applicable law, not considered works made for hire, Contractor hereby assigns to TEA all worldwide ownership of all rights, including the Intellectual Property Rights, in the Works, without the necessity of any further consideration, and TEA can obtain and hold in its own name all such rights to the Works. Contractor agrees to maintain written agreements with all officers, directors, employees, agents, representatives and subcontractors engaged by Contractor for the Contract Project, granting Contractor rights sufficient to support the performance and grant of rights to TEA by Contractor. Copies of such agreements shall be provided to TEA promptly upon request.

These warranties will survive the termination of the Contract. If any preexisting rights are embodied in the Works, Contractor grants to TEA the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such preexisting rights and any derivative works thereof and (ii) authorize others to do any or all of the foregoing. Contractor agrees to notify TEA on delivery of the Works if they include any such preexisting rights. On request, Contractor will provide TEA with documentation indicating a third party's written approval for Contractor to use any preexisting rights that may be embodied or reflected in the Works.

**For School Districts and Nonprofit Organizations:** The foregoing Intellectual Property Ownership provisions apply to any school districts, nonprofit organizations, and their employees, agents, representatives, consultants and subcontractors. If a school district or nonprofit organization or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

**For Education Service Centers (ESCs):** The foregoing Intellectual Property Ownership provisions apply to an Education Service Center (ESC) and its employees, agents, representatives, consultants, and subcontractors. If an ESC or any of its subcontractor(s) wish to obtain a license agreement to use, advertise, offer for sale, sell, distribute, publicly display, publicly perform or reproduce the Works, or make derivative works from the Works, then express written permission must first be obtained from the TEA Copyright Office.

**For Colleges and Universities:** The foregoing Intellectual Property Ownership provisions apply to any colleges and universities and their employees, agents, representatives, consultants, and subcontractors; provided, that for all Works and derivative works created or conceived by colleges or universities under the Contract, they are granted a non-exclusive, non-transferable, royalty-free license to use the Works for their own academic and educational purposes only. The license for academic and educational purposes specifically excludes advertising, offering for sale, selling, distributing, publicly displaying, publicly performing, or reproducing the Works, or making derivative works from the Works that are created or conceived under this Contract and colleges and universities and their employees, agents, representatives, consultants, and subcontractors are prohibited from engaging in these uses and activities with regard to the Works unless the prior express written permission of the TEA Copyright Office is obtained.

- S. Unfair Business Practices: Unfair Business Practices:** By signing this Contract, Contractor, if other than a state agency, certifies that Contractor, within the preceding 12 months, has not been found guilty, in a judicial or state agency administrative proceeding, of unfair business practices. Contractor, if other than a state agency, also certifies that no officer of its company has, within the preceding 12 months, served as an officer in another company which has been found, in a judicial or state agency administrative proceeding, to be guilty of unfair business practices.

Contractor, whether a state agency or not a state agency, certifies that no funds provided under this Contract shall be used to purchase supplies, equipment, or services from any companies found to be guilty of unfair business practices within 12 months from the determination of guilt.

- T. Subcontracting:** Contractor shall not assign or subcontract any of its rights or responsibilities under this contract, except as may be otherwise provided for in this application, without prior formal written amendment to this contract properly executed by both Agency and Contractor.
- U. Use of Consultants:** Notwithstanding any other provision of this application, Applicant shall not use or pay any consultant in the conduct of this application if the services to be rendered by any such consultant can be provided by Applicant's employees.
- V. Capital Outlay:** If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the objective(s) of the project, title will remain with Contractor for the period of the contract. Agency reserves the right to transfer capital outlay items for contract noncompliance during the contract period or as needed after the ending date of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record.

This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by Agency to Contractor for use in the contract project. If Contractor fails to make timely payment, Agency may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by Agency.

- Z. Disclosure of Gifts and Campaign Contributions:** The grantee shall file disclosures of gifts and campaign contributions as required by State Board of Education Operating Rule 4.3, which is incorporated as if set out in full. The grantee has a continuing obligation to make disclosures through the term of the contract. Failure to comply with State Board of Education Operating Rule 4.3 is grounds for canceling the grant.
- AA. Submission of Audit Reports to TEA:** Grantees which are public school districts and open enrollment charter schools agree to submit the required annual audit report, including the reporting package required under OMB Circular A-133, if an audit is required to be conducted in accordance with OMB Circular A-133, to the TEA Division of School Financial Audits in the time and manner requested by the Agency.

For the purposes of this section, an elementary school or secondary school has a limited public forum whenever the school involved grants an offering to, or opportunity for, one or more outside youth or community groups to meet on school premises or in school facilities before or after the hours during which attendance at the school is compulsory.
