## Trade and Industrial Education (6–12): Professional Responsibilities Educator Standards

**FINAL** 

Amended for grade levels, November 1, 2012

Copyright © 2001 Texas State Board for Educator Certification

## PEDAGOGY AND PROFESSIONAL RESPONSIBILITIES (6–12) STANDARDS FOR TRADE AND INDUSTRIAL EDUCATION

- **Standard I.** Instructional Design: The T&I teacher designs instruction appropriate for all students (Grades 6–12) that reflects an understanding of relevant content and is based on continuous and appropriate assessment.
- **Standard II.** Instructional Management and Safety: The T&I teacher creates a classroom environment of respect and rapport that fosters a positive climate for learning, equity, and excellence.
- **Standard III.** Instructional Delivery: The T&I teacher promotes student learning by providing responsive instruction that makes use of effective communication techniques, instructional strategies that engage students in the learning process, and timely, high-quality feedback.
- **Standard IV.** Professional Responsibilities: The T&I teacher exhibits professional roles and responsibilities and adheres to legal and ethical requirements of the profession.
- Standard V. Work-Based Learning: The T&I teacher understands work-based learning approaches and incorporates relevant experiences into the Trade and Industrial curriculum (Texas Essential Knowledge and Skills [TEKS]).
- Standard VI. Collaborative Relationships: The T&I teacher understands the significant role of external and internal partnerships and enters into collaborative relationships with industry, organized labor, parents/guardians, agencies, proprietary and postsecondary institutions, and the community in delivering the Trade and Industrial curriculum (Texas Essential Knowledge and Skills [TEKS]).
- Standard VII. Entrepreneurship: The T&I teacher understands the importance of essential entrepreneurial skills and incorporates these skills into the Trade and Industrial curriculum (Texas Essential Knowledge and Skills [TEKS]).
- Standard VIII. Integration of Employability Skills: The T&I teacher understands and integrates employability skills into the Trade and Industrial curriculum (Texas Essential Knowledge and Skills [TEKS]).
- Standard IX. Leadership: The T&I teacher understands and fosters the development of appropriate leadership skills through the delivery of the Trade and Industrial curriculum (Texas Essential Knowledge and Skills [TEKS]) and the implementation of the T&I student organization.
- Standard X. Technology: The T&I teacher understands and integrates relevant technology in delivering the Trade and Industrial curriculum (Texas Essential Knowledge and Skills [TEKS]).

Teachers of Students in Grades 6–12 (continued)

Standard I. Instructional Design: The T&I teacher designs instruction appropriate for all students (Grades 6–12) that reflects an understanding of relevant content and is based on continuous and appropriate assessment.
