

Recommendations for Changes to *RF Tracker*

Facility Data

Add	Delete	Modify
<ul style="list-style-type: none"> • Similar wording for medical facilities or CPS-6 setting as wording for detention facility • Add type of facility 	<ul style="list-style-type: none"> • Total number of students (with and without disabilities) 	

Student Data

Add	Delete	Modify
<ul style="list-style-type: none"> • Explanation field for change in instructional arrangement • Add dropdown textbox to be able to explain why there is difference in student's day • Student educated at the facility • Dropdown/textbox for explanation for instructional arrangement 	<ul style="list-style-type: none"> • Remove disability field (redundant-info already in PEIMS) • Remove related services (redundant-info already in PEIMS) • Student educated at the facility • Both surrogate parent questions • Instructional arrangement prior to entering RF • Speech and related services information • Disability data no longer used for staging • Instructional arrangement prior to entering RF no used in staging 	<ul style="list-style-type: none"> • Give credit for movement from 01 to 02 to 85 • Give credit for movement of instructional time • Clarification instructional arrangement (ex. Medically fragile)

Other comments

- For questions deleted because not used for staging, these will be addressed through TAIS process if staged in RFM
- Increase/modify the method of reporting. This will possibly show movement both positive and negative.
- PEIMS:
 - Add RF indicator (similar to 504)
 - Services dates for RF similar to start/end on instructional arrangement
