

Good afternoon, Performance Reporting bulletin members.

Welcome to this week's update.

Have a coworker who needs to sign up? Bulletin subscriptions can be managed on TEA's website at <https://public.govdelivery.com/accounts/TXTEA/subscriber/new>.

## What's New in Performance Reporting

### A–F Development

Next week the Accountability Policy Advisory Committee (APAC) will meet to review recommendations from the Accountability Technical Advisory Committee (ATAC) and make its final recommendations on the A–F accountability system.

While the A–F accountability system is still being developed, you may view current modeling methodology and the materials discussed among committee members and TEA staff on the [2018 Accountability Development webpage](#).

Do you have feedback related to the development of the A–F accountability system? We have an email account set up just for that. Send feedback related to development of the new accountability system to [feedbackAF@tea.texas.gov](mailto:feedbackAF@tea.texas.gov).

### Assessment Scoring and Reporting Update

December 2017 STAAR EOC final statewide reports are now available [here](#).

For questions or help with accessing and interpreting STAAR results, districts and parents can email [assessment.reporting@tea.texas.gov](mailto:assessment.reporting@tea.texas.gov) or call (512) 463-9704.

## This Week's FAQ

Will the Student Achievement domain use the most recent SAT/ACT score instead of the best score to determine CCMR status? If a graduate took the SAT once in their sophomore year, would that score be captured for accountability in 2018?

For SAT/ACT results, the agency is provided with the most recent examination and only one record is received per student. Therefore, the results used for accountability are based on the most recent SAT/ACT outcome, not the best. If a student took the SAT as a sophomore and did not test again, TEA would receive that result and use it for accountability calculations.

The agency is working with the College Board and ACT to obtain multiple years of results. When that data is available, the agency will have the ability to use the best SAT/ACT result for future accountability years.
