FOR COURSE COMPLETION INDICATORS: Beginning with the 2008-2009 school year, a student's CTE status is determined by data collected during the PEIMS Summer submission. In prior years, the status could only be determined by the Fall enrollment submission. This reporting change, which was incorporated into 2010 PBMAS data processing, contributed to a significant increase in the number of CTE students included in these indicators in 2010 compared to previous years.
