**3. Shared Services Arrangements**

Shared services arrangements (SSAs) are permitted for this grant.

The LEA or ESC submitting this application is the fiscal agent of a planned SSA. All participating agencies will enter in a written SSA agreement describing fiscal agent and SSA member responsibilities. All participants understand that the written SSA agreement is subject to negotiation and must be approved before a NOGA can be issued.

**4. Identify/Address Needs**

List up to three quantifiable needs, as identified in your needs assessment, that these program funds will address. Describe your plan for addressing each need.

Quantifiable Need	Plan for Addressing Need
Snook ISD Turnover Rate for Teachers has exceeded the state rate (16.5%) for the past five years (2019-18.4%; 2018-32.2%; 2017-20.2%; 2016-38.5%; 2015-28.0%).	Providing financial assistance to instructional aides in order for them to earn a teacher certification will reduce the Snook ISD Turnover Rate for Teaches by creating highly qualified teachers who are already committed to the community for the foreseeable future.
Snook ISD Average Years of Experience of Teachers with District has been below the state average (11.1) for the past five years (2019-10.0; 2018-10.0; 2017-5.7; 2016-5.3; 2015-6.96).	Providing financial assistance instructional aides in order to earn a teacher certification will improve the Average Years of Experience with Snook ISD by relying less on recent college graduates who are younger and not as familiar with the students or the area.
Snook ISD Count of Beginning Teachers has exceeded the state average (7.0%) for the past four out of five years (2019-11.8%; 2018-17.3%; 2017-15.6%; 2016-2.2%; 2015-10.5%).	Investing in Education & Teacher programs at the secondary level that encourages students to pursue careers in education will reduce the Snook ISD Count of Beginning Teachers because more college graduates will have degrees in education and classroom field experience.

**5. SMART Goal**

Describe the summative SMART goal you have identified for this program (a goal that is Specific, Measurable, Achievable, Relevant, and Timely), either related to student outcome or consistent with the purpose of the grant.

**GOAL:** By the 2023 release of the Texas Academic Performance Report (TAPR), Snook ISD will have reduced the district Turnover Rate for Teachers to below the state average of 16.5% (2019).

**DESCRIPTION:** Snook ISD singular goal reflects our singular determination to create a sustainable process that not only promotes and advocates the educator as a worthy occupation for students but also grows staff members and educators into effective instructional leaders. As a result from their success in the classroom, fewer teachers will consider options outside the district or education.

**7. Project Evaluation and Modification**

Describe how you will use project evaluation data to determine when and how to modify your program. If your benchmarks or summative SMART goals do not show progress, describe how you will use evaluation data to modify your program for sustainability.

Snook ISD's SMART Goal: By the 2023 release of the Texas Academic Performance Report (TAPR), Snook ISD will have reduced the district Turnover Rate for Teachers to below the state average of 16.5% (2019).

**PATHWAY 1: Education & Training (E&T) Teacher**

For Pathway 1, the primary measures for this grant are (1) course enrollment, (2) student diversity, (3) student intern classroom partners, and (4) TAFE participation. For sustainability and support, the GYO Coordinator and the E&T teacher will partner with TAFE Region 6 and TAFE State Program Director to implement a highly effective curriculum. In addition, the E&T teacher's membership to TAFE Region 6 offers access to a network of E&T teachers who have experience implementing E&T courses.

**PATHWAY 2: Instructional Aides, Paraprofessionals & Long-Term Substitutes**

Prior to teaching, the primary measures for this grant are the (1) completion of coursework, (2) degrees earned, and (3) teacher certification exams. The GYO Coordinator will review submitted transcripts and regularly touch base with participants to monitor coursework progression. The GYO Coordinator will determine the level of assistance needed. Participant assistance will range from regular progress checks (i.e. informal monitoring) to potential scheduling allowances (e.g. early release, substitute) to academic support (e.g. academic advising, tutoring, assignment assistance). If participants are not making sufficient progress despite assistance, participants will be paired with a mentor educator who will regularly check-in and provide needed support and guidance.

Participants completing their EPP will be assigned a mentor teacher to provide day-to-day support on classroom responsibilities and other duties. Campus administration will periodically monitor classroom management through regular walkthroughs and teacher referrals. Academics progress and student data will be monitored through PLCs.

**Program Requirements**

1. Describe the sustainability plan for the Grow Your Own Program beyond the timeline of grant funding. The plan should address how a high-quality program will be maintained, including clear action steps beginning in the first year of grant funding and a demonstrated ability to leverage and coordinate resources that increase your capacity to strengthen the local educator pipeline and make progress on sustainability. This may include the use of other local, state, and/or federal resources. Consider also how the Grow Your Own Program may be integrated into, be supported by, and provide support for existing LEA or EPP initiatives and/or priorities.

Snook ISD is determined to build an educator pipeline that is self-sustaining.

**STEP 1: Securing Course Sections.**

In order for E&T courses to be sustained a minimum of three periods of instruction are required. Principles of Education & Training and Communication & Technology in Education should at least be scheduled on an annual rotation. Instructional Practices & Practicum in Education & Training stacked with differentiated expectations. All four courses will be available in the 2021-2022 Course Guide which is adopted by the school board.

**STEP 2: Secure an E&T Teacher.**

In order for this to be viewed as a priority, a lead teacher must choose to take on this assignment, knowing that would be likely responsible for an additional academic assignment. Having a stipend will assist in recruitment of a highly qualified teacher.

**STEP 3: Secure Funding.**

In order for an E&T program to be successful, teachers will need access to curriculum and professional development. In addition, funding should be provided for the teacher leader and the students to be members of TAFE. E&T programs at a small rural district can operate sufficiently for \$1,500 annually which is a small expense to ensure future teachers. Even so, it will be necessary to fundraising for TAFE contests, travel, and meals.

**STEP 4: Secure an Effective Curriculum.**

In order for a teacher to be successful, an E&T teacher must have a foundation for providing instruction. This is especially helpful for someone who is new to this program of study and will be responsible for multiple course preparations. Snook ISD will purchase needed course curriculum and share district instructional materials for E&T courses. TAFE is currently developing curriculum for recently approved TEA innovative courses that will be free to districts.

**STEP 5: Secure & Develop Classroom Partners.**

All E&T classes should have opportunities to participate in field experiences and develop relationships with teachers, personnel, but most of all students. Ensuring E&T students have field classrooms with experienced teachers demonstrating best practices is essential for developing tomorrow's teachers. Snook Secondary shares the same facility as Snook Elementary which allows for greater flexibility. Snook Elementary has many experienced and effective faculty members.

**STEP 6: Secure Post-Secondary Partners.**

In order for students to transition to a post-secondary setting, students should be developing connections beyond high school. This means developing a relationship with school districts, local child care, after school programs, or tutoring services. This also means speaking with college admissions and college professors about career paths and visiting college campuses. All E&T courses will have embedded opportunities to collaborate with post-secondary education programs.

**STEP 7: Post-Grad Progress Checks.**

In order for students to persist and return as a teacher, student stakeholders must continue to take an active interest in a student's progress. Even students who have graduated and moved on, it is important to reiterate the people care and continue to expect our very best in whatever we do. During the second semester of their senior, students will be assigned a post-secondary mentor to continue to check and provide support for students.

**For TEA Use Only:**

Adjustments on this page have been confirmed with \_\_\_\_\_ by \_\_\_\_\_ of TEA by phone / fax / email on \_\_\_\_\_.

**Program Requirements (Cont.)**

2. Describe the plan to recruit participants/candidates who are interested and eligible in participating in the program and receiving stipends. The plan must incorporate research based best practices in equitable recruitment and the process for identifying individuals with potential indicators including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, a desire and commitment to teach long term in the LEA and/or region, strong evaluation ratings (if applicable), and strong relationships with students (if applicable). The plan must also include strategies to recruit diverse individuals representative of the LEA student population.

**PATHWAY 1: Education & Training Teacher**

Nominees will then be interviewed by a committee consisting of campus and district administrators. Nominees will be expected to address traditional teacher topics as well as advocacy of education as a career; development of a strong CTSO; collaboration with teachers and administrators; and establishing lasting post-secondary relationships with area colleges.

Nominee selection will be based upon initial administrator ratings, interview responses, and the ability to engage a diverse population of students.

**PATHWAY 2: Instructional Aides, Paraprofessionals & Long-Term Substitutes**

Snook ISD will notify all support staff who work in an instructional setting including long-term substitutes regarding the opportunity for tuition reimbursement towards the completion of a college degree and/or educational preparation program (EPP). Notifications will include (1) GYO-4 requirements, (2) the district MOU for the GYO Program, (3) a desire to employ teachers that meet the needs of our diverse student population, and (4) a form for candidates to nominate themselves or others. Prior to the close of the nomination window, a meeting will be held to address any questions candidates might have.

Once the nomination window has closed and nominees been confirmed, district and campus administrators will rate nominees using equitable research-based practices focused on: (1) college degree earned, (2) college hours earned, (3) undergraduate GPA, (4) professional evaluations, (5) certification area, and (6) recommendation letters. A small committee consisting of district and campus administrators will interview nominees as potential teachers.

Nominee selection will be based upon initial administrator ratings, interview responses, and the ability to engage a diverse population of students.
